Program Building-Open House

The Ester Unit's Think Legacy Participants along with Veteran Program Participants hosted an open house for Ester Unit's entire population. The Open House events included:

- Insight of all the programs available at the Ester Unit
- A skit called "Past, Present, and Future Life -You Choose"
- Poetry reading (snacks were provided for all attendees)

A THANK YOU LETTER

The purpose of this letter is to show appreciation, respect, sincerity, and most of all gratitude. Through the love I see in your heart, and the care I see in your eyes, you have made one word, to most of us never seen it possible, to now something achievable; that word is **Success**. A word that has been hidden in our darkest, deepest abyss parts of our lives.

When I first started this class, my vision was yet not clear; the only thought I had at the time was becoming a better man, a man of God. With the help of your program, and the kind words of support that you have always provided in such times of need, I have made a relationship with God. Doing away with the old; the new is arising. This change I'm making within won't happen immediately, but I know the end prize is great. Not just success, but eternal happiness, as well. Think Legacy has opened my eyes up to parts of my life that I very much needed to see.

Now, that I have waived my parole, I can use this time to continue to discover and find myself. Retaining all this information and building a Legacy, I may can change another one's life that I find in my path. Thank you Mrs. Fuller and Mrs. McBride.
