FARM

The ADC agriculture division sold cattle through Superior Livestock for the first time this month. Superior is an auction company that accepts bids in person, by phone and internet. They have over 7,000 registered bidders. Our cattle sold on January 15th and we did receive good prices. This auction is comparable to the Oklahoma City stockyards. When comparing the prices we received 30 cents per pound more than the auctions in Arkansas for those days.

The row crop farms used the month to repair equipment for the field as soon as the ground dries. The row crop supervisors attended several meetings during the month to see the latest farming chemicals and techniques.

The gardens harvested greens during the month. We did extensive planning for the upcoming year for vegetable production. We have plans in place for the Units with gardens to be successful this year.

The Horse Sale Committee met and made the final plans for the upcoming horse auction March 11-12.

We held our farm managers meeting at Cummins on January 21st. All farm managers were present and discussed the upcoming crops. We discussed security needs, equipment needs and marketing crops. The next manager meeting will be in April at Wrightsville.

One applicant rescheduled and passed, the other has not rescheduled.

Employment – Facebook results for the month showed a total of 2,891 "likes" of our page. Through Discover Corrections, there were 3,949 people from across the U.S. who viewed ADC's page. This site does not allow you to review comments made unless the viewer applies for a position through their site and is hired. During the month of January there were no applications submitted for ADC through the Discover Corrections website.

The reporting features that INS (Information Network Systems) has developed for the ARStateJobs website (all agencies) have been implemented. We have requested agency specific features, but have not received notification that those changes have been made. Because of duplicating information, we are now only tracking COI applications through the ARStateJobs website. This site does not have the capabilities to give us a breakdown.

There were a total of 2,550 applications received from AR-StateJobs during January. There were 66 non-correctional applications and 86 COI applications processed. One hundred twenty-three correctional officers were hired and 27 correctional officers were rehired.

Administrative Services Division Monthly Reports (attached) include:

Information Technology:

In January, the IT department continued to work with SE-CURUS on the deployment of Securus Video Visitation (SVV) KIOSK in facilities. SVV deployment for the Cummins Unit is tentatively scheduled for mid-February. As sites are deployed, a short announcement of the new service will be played during phone calls to friends and families for a 30-day time frame.

Technicians have been busy at the Ester Unit with installation of computers, printers, phones and the moving of Re-Entry staff to the unit.

Additional purchase of Laserfiche licensing has been procured to expand scanning of staffing documents in Unit Human Resources. When completed, Central HR and Unit HR will all have access to a central HR repository utilizing electronic records. This process will improve performance since all documents will be available in one location. The elimination of many filing cabinets for paper documents has also been achieved.

The network team has finished the fiber pairs at McPherson Unit and worked with Grimes on a partial site survey for fiber infrastructure planning and material requirements.

Progress for Wrightsville fiber infrastructure is pending infor-

mation concerning prior conduit installation.

We continue to address video court hearings as scheduled; testing, repairing and replacing equipment as needed. This includes staff training and laptop installations for increased volume and backup systems.

eOMIS discussion and conference calls included the following:

SIS sentence data entry work flow was changed to resolve an issue with how SIS sentences are connected to an incarceration sentence and the flags selected. The change prevents data entry from adding the sentence to the TE/PE calculations and to display the correct date for the supervision calculations upon release from ADC.

Integrated Justice Project with Contexte automated courts system. Marquis requested the required IP address for accessing Contexte database to continue mapping sentence data components. Contexte worked with Marquis to provide system firewall access.

A project with ACIC Criminal History system migration from mainframe to a browser based system. ACIC's system is integrated with eOMIS which will require system changes.

A meeting was held with DIS to discuss the state Microsoft Enterprise Licensing announcement and other agency items. DIS is working to eliminate the state's 14 Microsoft Enterprise Licenses to consolidate into one state agreement.

An annual reduction in costs of \$145,320 and an increase in bandwidth were made available with no construction cost via DIS by AT&T. The sites included were Grimes, McPherson, Wrightsville, Compliance, Industry Warehouse, Mississippi County, and Delta Regional Unit. Bandwidth was increased from 6 meg to either a 10 or 20 meg circuit, depending on size.

Training Academy Update – Updates for the Training Academy include:

Basic Training Division

The BCOT 2015-Q class graduated on January 15th with 56 cadets. The Willis H. Sargent Award winner was Ronald Clifton of the Mississippi County Work Release. Warden James "Hoot" Gibson, of the Wrightsville complex served as the special speaker.

In-Service Division

The first class of the year was *Security for Non-Security 16*. This is the entry level class for contract staff, such as Correct Care Solution employees. They learn the basics of the correctional system, starting with an overview of the history of the department. From there, they gain information concerning policies and procedures to assist them. Topics such as sexual harassment, sexual misconduct, PREA, and con games helped round out the syllabus.

Two instructor certification courses were also conducted this month: *Red Cross First Aid/CPR/AED* and *Oleoresin Capsicum* or *O.C. Instructor Certification*. This gives the Department the ability to have certified instructors train the large amount of end users.

One thing we are testing is regional training. This means we are making trips to units to help with their training. A need arose this month and we traveled to the Wrightsville Unit to teach the *Sexual Harassment* class to about 20 field staff and supervisors.

eCADEMY

During the month of January, 225 ADC employees completed a total of 2635.00 hours of eCADEMY training, and 0.05% of ADC employees completed at least one course during that time frame for an average of 0.56 hours per staff member.
