Heating, Ventilation, and Air Conditioning	14	0	2	0	0
Residential Carpentry	12	0	0	0	0
Residential Electricity	15	0	1	0	0
Welding	17	1	1	1	0
TOTAL	85	1	5	1	0

UNIT PROGRAM UPDATES:**NORTH CENTRAL UNIT –**

The Riverside Vo-Tech Horticulture class at the North Central Unit was recently granted permission to begin maintaining the plants and area surrounding the greenhouse. This strategy allows students to take what they've learned in the classroom and apply the skills in a real-world setting. Students carry out tasks such as mowing, trimming, and weed control, which provides them with a great opportunity to simulate the practices necessary to maintain a nice, weed-free lawn.

The unit's garden continues to grow in response to the diligent care provided by the Vo-Tech students. This year's garden is on target to provide a very good yield of tomatoes, beans, strawberries, corn, celery, bell peppers, banana peppers, lettuce, kale, basil, watermelon, cantaloupe, and cucumbers.

**RANDALL L. WILLIAMS UNIT –**

Students from Riverside Vo-Tech's Landscape and Design class at the Randall L. Williams Unit were busy during the month maintaining the hedges and trees at ADC's Central Office.

RANDALL L. WILLIAMS UNIT (continued):

The students also repaired the sprinkler system at Secretary Kelley's that was damaged as a result of storms that came through the area on April 12 of this year.

**VARNER UNIT –**

Riverside Vo-Tech's Varner Unit Carpentry class enjoyed the hands-on learning experience of building lockers that will be used by the Star City School District's girls softball team.
