Report on Compliance with Sentencing Guidelines 2012 Court Data

Introduction

The Arkansas Sentencing Standards, as defined in Act 532 and 550 of 1993, serve the purpose of equity in sentencing. They were established for crimes committed January 1, 1994 and thereafter. Although voluntary, these standards seek to ensure that sanctions imposed following conviction are proportional to the seriousness of the offense of conviction and the extent of the offender's criminal history. This allows for proportionality in sentencing by creating a balanced correctional system with a continuum of sanctions that reserves the most serious sanctions for the most serious offenders.

The sentencing standards structure is manifested in the Arkansas Sentencing Standards Grid (the Grid), which has been adopted by the Arkansas Sentencing Commission (ASC) pursuant to legislative authority and the Administrative Procedures Act. Determining the sentence that is recommended by the Grid, or the “presumptive sentence,” is a starting point for the sentencing process. A presumptive sentence for a typical case is determined on the Grid by comparing offense seriousness and criminal history. The presumptive sentence is not intended to be the sentence in a particular case unless, in the judgment of the prosecutor, the defense attorney, and/or the judge, the offense represents a typical case based upon their experience and knowledge. If the case is atypical, the procedure is defined for departing from the presumption. When there is a departure from the presumptive sentence, written reasons must be provided by the parties to the court. Departure criteria and procedures are determined by statute.

The Report and the Public Safety Improvement Act

Act 570 of 2011, entitled the Public Safety Improvement Act, made several broad changes in Arkansas’ criminal justice system. One of those changes was to mandate that the ASC produce annual reports regarding compliance with the sentencing guidelines including the application of the voluntary presumptive standards and departures from the standards. This Report is a result of that mandate. In three parts, this Report provides both a county-by-county and statewide accounting of the results of sentences to the Department of Correction and Department of Community Correction. Part I of the Report describes the methodology used to collect and analyze the data from cases disposed in the State’s circuit courts during CY 2012. Part II provides information on these cases from a statewide level. Part III reports this information on a county-by-county level. The Report also provides information on the average sentence length for sentences by offense type and severity level according to the sentencing guidelines, the percentage of sentences that are an upward departure from the sentencing guidelines, and the average number of months above the sentences recommended by the sentencing guidelines.

Act 570 also mandates that the ASC collaborate with the Administrative Office of the Courts (AOC) to develop and implement an integrated sentencing commitment and departure form. In the fall of 2011, the ASC and AOC assembled a working group representing various criminal justice agencies for the purpose of developing this sentencing form. This new Sentencing Order was completed and in use by January 1, 2012.

Act 570 also mandates that the ASC shall conduct annual continuing legal education seminars regarding the sentencing guidelines for judges, prosecuting attorneys and their deputies, and public defenders and their deputies. These seminars are certified by the Arkansas Continuing Legal Education Board and cover such topics as the sentencing guidelines, Department of Correction time computation and parole eligibility status, Parole Board policies, Department of Community Correction programs and

policies, the Sealing of Records, and Sentencing Order preparation. Individualized training on the sentencing guidelines and the Sentencing Order is also available for prosecutors and their staff at the Sentencing Commission offices. Since the implementation of Act 570, the ASC has trained over 300 criminal justice practitioners, including judges, prosecuting attorneys, defense attorneys, and their staffs.

Data for this report was collected from the new Sentencing Order in an electronic data entry tool and database developed by JFA Associated, Denver, CO. The Prosecutor Coordinator's Office (PCO) provided installation of this database and created a "bridge" program that would allow the PCO Case Management System and the database to work together. We would like to take this opportunity to express our appreciation to PCO, Prosecuting Attorneys, Circuit Clerks, Judges, AOC, and their staffs for their assistance in this data collection effort.

PART I. METHODOLOGY

The report that follows was prepared from a database created with the Arkansas Sentencing Commission. Following the passage of Act 570, the Arkansas Sentencing Commission (ASC) embarked on a statewide project to create an electronic data entry tool, called the ASC Database, to collect information provided on the newly created Sentencing Order Form. The ASC Database program was created by JFA Associates, an outside contractor, and statewide installation began in January of 2012. The ASC Database allows prosecutors to create and print a Sentencing Order via an easy-to-use Windows based interface. It was built with mandatory fields and safeguards to ensure appropriate sentencing and departure information is provided for collection and reporting purposes. Users are also able to recall and amend previously entered orders with updated sentencing information. Information is stored in a Microsoft Access database and submitted to the ASC for use within this report.

Installation of the ASC Database was provided by the Prosecutor Coordinator's Office (PCO) and was offered to each county. PCO provided further assistance and resources by creating a "bridge" program, called the PCO Bridge, which would allow prosecutors working on the PCO Case Management System to auto-fill information into the ASC Database. This provides ease-of-use and removes redundancy of data entry. Once installation was offered, counties fell into three categories: 1. Counties using the PCO Bridge to generate the information entered into the ASC Database; 2. Counties solely using the ASC Database, and; 3. Counties not using the ASC Database and sending paper forms to the ASC. In 2012, all counties used paper forms to some degree. This is due to the following four reasons. First, most counties did not receive the ASC Database program until late in the year. Second, some counties send forms from more than one office (i.e. city attorneys and prosecutors). Third, not all offices in any given county have the ASC Database. Fourth, some counties began using the ASC Database program, and then stopped using the program. Table A shows each county and their data submission category.

As seen in Table A, almost 40 counties are using the PCO Bridge, 3 counties are using the ASC Database, and all counties are using paper forms. Every paper form not created using the PCO Bridge or the ASC Database was hand entered by the staff at the ASC. It should be noted this was a large, time-consuming task for the ASC that can hopefully be avoided in future years.

Once all of the data was collected, a data cleaning and merging process was conducted. First and foremost, data has been limited to Sentencing Orders with a CY 2012 court date received by the ASC that were submitted to the circuit judge for signature and filed in the Office of the Circuit Clerk. District court cases, including those originally charged as a felony and disposed of as a misdemeanor, are NOT included in this report. Therefore, this report should not be used in determining overall caseload for any specific county. Table B summarizes the additional cleaning process of the data analyzed in this report.

Table B

| | |
|---|--------|
| Total Number of Offenses | 46,046 |
| Average Number of Offenses Per Case | 4.6 |
| Total Number of Cases | 24,336 |
| Total Nolle Prossed/Dismissed/Acquitted | 2,110 |
| Total Misdemeanors | 2,081 |
| Total County Jail | 171 |
| Total Cases Eliminated | 4,362 |
| Total Number of Most Serious Offenses Per Case | 19,974 |
| Missing Criminal History Score | 924 |
| No Case Number and/or Name | 156 |
| No Offender Sentence | 91 |
| Total Number of Case-Offenders Included in Analysis | 18,803 |

The data that comprises this report was extracted from all Sentencing Order forms submitted. The total number of offenses submitted was 46,046 with an average number of offenses per case per offender of 4.6. From this universe of cases and offenses per offender, 2,110 nolle prossed/dismissed/acquitted cases were eliminated first. From the remainder, 2,081 misdemeanor cases and 171 county jail sentences were eliminated.

From there an offense hierarchy was applied to determine the most serious offense per case per offender (case-offender). Thereby, each felony sentencing event, per case and per offender, is recorded in the data presented. For example, if an offender had multiple cases in the year, the offender was recorded multiple times in the data presented – once for each case. Similarly, if one case has multiple offenders, each offender’s felony sentencing event was recorded in the data present.

Hierarchy of Most Serious Offense Determination (Ranked highest to lowest)

- I. Capital Murder, A.C.A. 5-10-101, which is not an attempt, solicitation, or conspiracy. This offense is excluded from the guidelines and will not have a seriousness level. Sort by the following sentence order:
 - A. Death
 - B. Life without parole
- II. Seriousness level as determined by the guidelines (10 – 1)
- III. Felony Class – Y, A, B, C, D, and U
- IV. The most serious sentence type in the following order:
 - A. ADC – use the offense with the longest imposed sentence,
 - B. Judicial Transfer – use the offense with the longest imposed sentence,
 - C. Probation – use the offense with the longest sentence, and
 - D. Suspended Imposition of Sentence (SIS) – use the offense with the longest sentence.
- V. If there are still duplicates, choose the first occurring offense that meets the above criteria.

Following the application of the most serious offense hierarchy, a total of 19,974 felony sentencing events was established as the N of cases for CY 2012. Of these, 924 cases were missing a criminal history score, 156 had no case number or name, and 91 did not have a valid sentence. Totaling 1,171, these cases were eliminated from further analysis. It should also be noted that 224 offenses were missing a seriousness level. Researchers of this report were able to calculate a corresponding seriousness level and conduct analysis on these cases.

At the conclusion of the data analysis and editing process, a total of 18,803 cases were available for analysis for this report.

PART II: STATEWIDE ANALYSIS

STATEWIDE DEPARTURES

Table 1 provides the number of cases for all counties, including information regarding departures. Specifically, this table provides the number of cases with a “Yes” departure, the number of cases with a “No” departure, and the number of cases to which the guidelines are not applicable such as jury trials and probation revocations, indicated by “N/A.” This information was gathered from all Sentencing Orders with a court date in CY 2012 which were entered into the ASC Database by a prosecutor’s office or by Sentencing Commission staff. Departure status is determined by the criminal history score and seriousness level of the offense reported on the Sentencing Order. Statewide totals at the bottom of the table serve as the baseline by which county statistics are compared. The overall departure rate is calculated by dividing the “Yes” departures (5,326) by the total number of cases minus the number of “Not Applicable” cases (18,803 – 4,194). To assist persons who are reading this report for the first time in glean information from the data provided, an example of how to read each table will be provided.

Example for Table 1:

In Table 1, 135 cases from Arkansas County were examined. These cases represent the most serious offense for each offender per case. These 135 cases represent 1 percent of all cases examined statewide. 31 (or 23 percent) of these 135 cases had a “Yes” departure, 82 (or 61 percent) of these 135 cases had “No” departure, and 22 (or 16 percent) of these 135 cases were not applicable to departure analysis.

Significant Statistics:

- Excluding non-applicable cases, the statewide departure rate was 36 percent.
- 22 percent of cases had offenses not applicable to departure parameters.

*Sentencing Orders received from Washington County only include dispositions where the offender received a term of confinement.

DEPARTURE TYPE

Table 2 provides the number of cases for all counties by departure type. This information was gathered from all Sentencing Orders with a court date in CY 2012 which were entered into the ASC Database by a prosecutor's office or by Sentencing Commission staff. Departure status is determined by the criminal history score and seriousness level of the offense reported on the Sentencing Order.

A durational departure occurs when the sentence an offender receives for a case's most serious offense is higher or lower than the presumptive sentence established in the Arkansas sentencing guidelines. Specifically, this is when an offender is sentenced to a greater or lesser amount of months to the Arkansas Department of Correction (ADC).

A dispositional departure occurs when the location of an offender's sentence differs from the presumptive sentence established in the Arkansas sentencing guidelines. "Location" refers to one of the following options for placement of the offender after sentencing: prison, judicial transfer to a community corrections center (CCC), probation, suspended imposition of sentence (SIS) or other alternative sanctions (AS).

If both a durational and dispositional departure occurs, the offender's departure is classified as "both."

"No" indicates that no departure occurred.

To read Table 2: Statewide totals at the bottom of the table are a baseline by which county statistics can be compared. Table 2 presents departures as either "Upward" or "Downward." Upward departures include all durational departures with months above the presumptive sentence, dispositional departures with a presumptive sentence of CCC/AS and an imposed sentence of ADC, a dispositional departure with a presumptive sentence of AS and an imposed sentence of ADC or a Judicial transfer to CCC, and all both departures with a sentence above the presumptive sentence. Downward departures include all durational departures with months below the presumptive sentence, dispositional departures with a presumptive sentence of ADC only and any other imposed sentence, and all both departures with imposed sentence below the presumptive sentence. "No" still indicates that there was no departure from the Arkansas sentencing guidelines.

Example from Table 2:

In Ashley County 31 cases (or 54 percent) of the total Ashley County applicable cases had "No" departure, 19 cases (or 33 percent of the total Ashley County applicable cases) had an upward departure, 7 cases (or 12 percent of the total Ashley County applicable cases) had a downward departure.

Significant Statistics:

- Excluding non-applicable cases, 28 percent of all cases statewide in 2012 received an upward departure.
- Excluding non-applicable cases, 8 percent of all cases in 2012 received a downward departure.

*Sentencing Orders received from Washington County only include dispositions where the offender received a term of confinement.

DURATIONAL DEPARTURES

Table 3 provides the number of cases for all counties by type of durational departure and the average number of months the imposed sentence was above or below the presumptive sentence. This information was gathered from all Sentencing Orders with a court date in CY 2012 which were entered into the ASC Database by a prosecutor's office or by Sentencing Commission staff. Departure status is determined by the criminal history score and seriousness level of the offense reported on the Sentencing Order.

To read Table 3: Statewide totals at the bottom of the table serve as a baseline by which county statistics are compared. County names are listed in the first column. The second column lists the number of cases with a durational departure below the presumptive sentence. The third column lists the percentage of the county's total cases with a durational departure below the presumptive sentence. These percentages are calculated based on the total number of applicable cases. The fourth column lists the average number of months below the presumptive sentence. The following three columns list the same information for durational departures above the presumptive sentence.

Example from Table 3:

In Baxter County 8 cases (or 3 percent) of the total Baxter County applicable cases had a downward durational departure. Of these 8 cases, the average months below the presumptive sentence was 25 months. In Baxter County 37 cases (or 16 percent) of the total Baxter County applicable cases had an upward durational departure. Of these 37 cases, the average months above the presumptive sentence was 33 months.

Significant Statistics:

- 6 percent of statewide applicable cases had a durational departure below the presumptive sentence.
- Of the cases with a sentence below the presumptive, the average number of months below the presumptive was 50 months.
- 20 percent of statewide applicable cases had a durational departure above the presumptive sentence.
- Of the cases with a sentence above the presumptive, the average number of months above the presumptive was 62 months.

DEPARTURE BY ASSIGNED LOCATION

Table 4 provides a comparison of statewide departure types by initial assigned location after sentencing for offenders. Assigned location is the initial assignment after sentencing of the offender within the Arkansas criminal justice system. Initial assignment after sentencing can be: prison or ADC, a Community Corrections Center (CCC) via judicial transfer, probation or SIS (PROB/SIS), or special conditions. “Special conditions” refers to all other sentencing options including but not limited to: fines, court costs, and community service.

Departure types have been separated into groups to present greater detail. Cases not applicable to the guidelines have been excluded from this table. “No” still indicates that there was no departure from the Arkansas sentencing guidelines. “Yes” indicates that there was a departure from the Arkansas sentencing guidelines.

“Durational Up” refers to a durational departure where the imposed sentence was higher than the presumptive sentence. “Durational Down” refers to a durational departure where the imposed sentence was lower than the presumptive sentence.

“Dispositional Up” refers to a dispositional departure where the initial assigned location for an offender to serve his or her sentence is considered of higher security than the location prescribed by the presumptive sentence. “Dispositional Down” refers to a dispositional departure where the initial assigned location for an offender to serve his or her sentence is considered of lower security than the location prescribed by the presumptive sentence. The order of location from highest security to lowest is as follows:

1. ADC
2. CCC via judicial transfer
3. PROB/SIS
4. SPECIAL CONDITIONS

“Both Dispositional & Durational” refers to a departure that is both durational and dispositional. This occurs when ADC time is the only recommended sentence, but the offender is sentenced to more or less ADC time than what is recommended in addition to a period of suspended imposition of sentence. For example, if the presumptive sentence is 120 months ADC, a dispositional and durational departure occurs if the offender is sentenced to 60 months ADC time followed by 60 months of suspended imposition of sentence.

Example from Table 4:

Of the total 14,609 applicable cases examined statewide, 5,820 cases had an initial assigned location after sentencing to the ADC. Of these 5,820 cases, 14 percent had a “No” departure while 86 percent had a “Yes” departure. Of these 5,820 cases, 50 percent had a durational up departure, 14 percent had a durational down departure, 18 percent had a dispositional up departure, 0 percent had a dispositional down departure and 5 percent had both a dispositional and durational departure.

Significant Statistics:

- 50 percent of cases with an initial assignment of prison (ADC) were durational up departures.
- 14 percent of cases with an initial assignment of prison (ADC) were durational down departures.
- 14 percent of cases with an initial assignment of prison (ADC) had no departures.
- 98 percent of cases with an initial assignment of probation/SIS had no departures.
- 2 percent of cases with an initial assignment of a Community Corrections Center (CCC) were dispositional down departures.

DEPARTURES BY SERIOUSNESS LEVEL

Table 5 provides statewide departure types (excluding non-applicable cases) for each possible outcome of the Arkansas Sentencing Standards Grid (the Grid) adopted by the Arkansas Sentencing Commission (ASC). The Grid is used to determine the presumptive sentence for an offender.

“Criminal History Score” refers to an offender’s criminal history score which is determined for each offender by filling out the Criminal History Worksheet. The worksheet itself and instructions for completing it are available at <http://www.arkansas.gov/asc/forms.html>.

“Offense Seriousness Level” refers to the seriousness ranking for an offense as determined by the ASC. Seriousness level is determined by the ASC after careful consideration of the statutory definition and felony class of the offense. Detailed listings of offense seriousness levels can be found at www.arkansas.gov/asc.

To read Table 5: The numbers listed on the left hand side of the table indicate the offense seriousness level. Within each seriousness level, each departure type (including “No” departure) is provided. Each cell indicates the percentage of cases by departure type, seriousness level, and criminal history score. Also, for each seriousness level and criminal history score, the average durational departure is indicated in terms of the number of months above and below the presumptive sentence.

Example from Table 5:

For all applicable cases statewide with an offense seriousness level of 8 and a criminal history score of 0, 28 percent had “No Departure”; 26 percent had a durational up departure; 2 percent had a durational down departure; 0 percent had a dispositional up departure; 24 percent had a dispositional down departure; and 20 percent had both a dispositional and durational departure. For all cases statewide with an offense seriousness level of 8 and a criminal history score of 0, the average durational departure below the presumptive sentence was 48 months and the average durational departure above the presumptive sentence was 140.5 months.

Significant Statistics:

- Cases with a criminal history score of 0 had the highest rate of non-departures across the grid.
- Most cases with an offense at seriousness level 9 and 10 and a criminal history score above 0 received a departure.
- Durational “down” departures increase with each increasing seriousness level and criminal history score.

AVERAGE SENTENCE LENGTH BY SEVERITY LEVEL

Table 6 provides the average sentence length statewide by offense seriousness level. These averages only include sentences to ADC or a CCC via judicial transfer. Also, these averages include all criminal history scores.

Example from Table 6:

For all applicable cases statewide with an offense seriousness level of 1, the average imposed sentence to ADC was 16.7 months.

AVERAGE SENTENCE LENGTH BY OFFENSE TYPE

Table 7 provides the average sentence length statewide by offense type. The sentences examined in this table only include sentences to ADC or a CCC via judicial transfer on the most serious offense for which an offender was convicted in each case. Most serious offense is determined by the Arkansas Sentencing Commission hierarchy discussed earlier in this report. The most serious offense is considered the controlling offense in an offender's felony sentencing event. These averages also include all criminal history scores.

The offense types below are compressed into groups of similar offenses. However, four of them have more amorphous titles that warrant further description: Other Violent, Other Property, Other Drug and Other Non-Violent. These four groups are collections of similar offenses that are not independently large enough to produce reliable statistics and/or are not of special interest for analysis.

Offenses included in "Other Violent" are: kidnapping, escape, domestic violence, fleeing the police, aggravated cruelty to animals, battery, stalking, terroristic threats, violation of protective orders, rioting and mayhem.

Offenses included in "Other Property" are: arson, criminal mischief, damaging property, criminal trespassing, criminal non-support, and unauthorized use of property.

Offenses included in "Other Drug" are: possession of controlled substances, possession of drug paraphernalia and drug fraud.

Offenses included in "Other Non-Violent" are numerous. The following represent the most common "Other Non-Violent" offense groups: felony failure to appear, filing a false report, furnishing prohibited articles, tampering with physical evidence, unlawful use of a communication device, disorderly conduct, and perjury.

Example from Table 7:

For all applicable cases statewide with a most serious offense of Burglary, the average imposed sentence was 41.4 months.

DEPARTURE REASONS

Table 8 provides a brief summary of aggravating and mitigating departure reasons provided on the Sentencing Order form. These departure reasons serve as standardized reasons for departing from the presumptive sentence established both by statute and the Arkansas Sentencing Commission. Note: Multiple departure reasons may be used per offense and per case.

Example from Table 8:

The number of applicable cases statewide with an aggravating reason required was 4,110. Of those 4,110 cases, 5,446 aggravating reasons were given. Therefore, the average number of aggravating reasons given was 1.3.

Significant Statistics:

- 28 percent of cases required an aggravating departure reason while 8 percent of cases required a mitigating departure reason.

AGGRAVATING DEPARTURE REASONS

Tables 9 and 10 provide a summary of aggravating reasons given for the statewide cohort used for analyzing 2012 sentencing practices in Arkansas. Reasons 1 through 15 are standardized. Reason 16 requires additional explanation.

The aggravating departure reasons are as follows:

1. Offender's conduct manifested extreme cruelty during commission of current offense.
2. Offender knew victim vulnerable due to extreme youth, advanced age, disability or ill health.
3. Offense was major economic offense established by one of the following criteria: (a) multiple victims/incidents, (b) monetary loss substantially greater than typical, (c) degree of sophistication or time, (d) misuse of fiduciary duty, or (e) other similar conduct.
4. Offense was major controlled substance offense if two or more of the following are present: (a) Three or more separate transactions involve sale, transfer or possession with intent; (b) Amounts substantially larger than the statutory minimums which define the offense; (c) Offense involved a high degree of planning or lengthy period or broad geographic area; (d) Offender occupied a high position in the drug distribution hierarchy; (e) Offender misused position of trust or status or fiduciary duty to facilitate commission; (f) Offender has received substantial income or resources from drug trafficking.
5. Offender employed firearm in furtherance or flight unless such use is element of offense.
6. Offense was sexual offense and part of pattern with the same or different victims under eighteen.
7. Policy on multiple offenses in a single course of conduct in offender's prior criminal history results in a sentence that is clearly too lenient.
8. Offense was committed in manner that exposed risk of injury to others.
9. Offense was a violent or sexual offense committed in victim's zone of privacy.
10. Offender attempted to cover offense by intimidation of witnesses, tampering of evidence, or misleading authorities.
11. Offense committed to avoid arrest or effect escape.
12. Offender lacks minimum insurance in a vehicular homicide.
13. Statutory minimum sentence overrides the presumptive sentence.
14. Multiple concurrent sentences being entered at this time require a higher sentence.
15. Sentence is higher as a result of other charges being dropped or merged.
16. Other

Example from Table 9:

The number of aggravating reasons given for all applicable cases examined in 2012 was 5,446. Of these 5,446 aggravating reasons, 127 (or 2 percent of all aggravating reasons given) were aggravating reason number 2: Offender knew victim vulnerable due to extreme youth, advanced age, disability or ill health.

Table 10 provides a summary of the top explanations for aggravating departure reason “Other” which requires additional information. This data was gleaned from the Sentencing Order forms for the statewide cohort used for analyzing 2012 sentencing practices in Arkansas.

While only the top five reasons are explicitly provided in Table 10, other reasons may appear in the county by county section of this report.

Example from Table 10:

Statewide, the number of cases where an aggravating factor of “Other” was required numbered 1,101. Of these 1,101 cases, 494 (or 45 percent) had an explanation of “Negotiated Plea” provided to explain the use of “Other.” This was the most common explanation for the aggravating reason of “Other.”

MITIGATING DEPARTURE REASONS

Tables 11 and 12 provide a summary of mitigating reasons given for the statewide cohort used for analyzing 2012 sentencing practices in Arkansas. Reasons 1 through 9 are standardized. Reason 10 requires additional explanation.

The mitigating departure reasons are as follows:

1. Victim played an aggressive role or provoked the incident or was a willing participant.
2. Offender lacked capacity of judgment due to mental or physical impairment.
3. Offender played a minor or passive role in crime.
4. Offender compensated/made effort to compensate for damage or injury before detection.
5. Offender was lesser participant showing caution/concern for safety or well-being of victim.
6. Offender acted in response to continuing physical/sexual abuse by victim.
7. Policy on multiple offenses in single course of conduct in offender's prior criminal history results in sentence which is excessive for this offense.
8. Offender voluntarily admitted sexual offense and sought treatment before detection.
9. Offender made effort to provide assistance in investigation or prosecution of another as indicated by motion of state (can weigh timeliness of assistance, nature and extent of assistance, and truthfulness, completeness, and demonstrable reliability of info or testimony).
10. Other

Example from Table 11:

The number of mitigating reasons given for all cases examined in 2012 was 1,272. Of these 1,272 mitigating reasons, 30 (or 2 percent of all mitigating reasons) were mitigating reason number 3: Offender played a minor or passive role in crime.

Table 12 provides a summary of the top explanations for mitigating departure reason “Other” which requires additional information. This data was gleaned from the Sentencing Order forms for the statewide cohort used for analyzing 2012 sentencing practices in Arkansas.

While only the top five reasons are explicitly provided in Table 12, other reasons may appear in the county by county section of this report.

Example from Table 12:

The number of cases statewide where a mitigating reason of “Other” was required numbered 463. Of these 463 cases, 227 (or 49 percent) had an explanation of “Negotiated Plea” provided to explain the use of “Other.” This was the most common explanation for the mitigating reason of “Other.”

This is a list of the most common explanations given when the departure reason indicated is “Other” and additional information is required. This data was gleaned from the Sentencing Order forms for the statewide cohort used for analyzing 2012 sentencing in Arkansas. This list includes both aggravating and mitigating reasons. These have been compressed into groups of similar explanations to ease analysis.

1. “Drug related” - The explanation indicated that a departure was necessary due to the offense involving a high level of drug activity.
2. “On supervision” - The explanation indicated that a departure was necessary because the defendant was on some sort of supervision (parole, probation, SIS) when the current offense was committed.
3. “Restitution/victim related” - The explanation indicated that the victim requested clemency and/or the defendant had performed some form of restitution.
4. “Admission of guilt” - The explanation indicated the defendant had admitted guilt for the offense.
5. “Age of offender” - The explanation indicated that the offender’s age influenced the reason to depart from the presumptive sentence.
6. “Habitual offender” - The explanation indicated the departure was based on the fact that the defendant has been classified as a habitual offender.
7. “Sex offender” - The explanation indicated the departure was based on the offender’s history as a sex offender.
8. “Negotiated plea” - The explanation indicated the departure was arrived at due to a Negotiated plea with the defendant.
9. “70%er” - The explanation indicated the departure was arrived at based on the offense being classified as one sentenced under Acts 1326, 1135 or 1268.
10. “Prior criminal history” - The explanation indicated that the defendant’s prior criminal history was severe enough to warrant a departure.
11. “Court imposed” - The explanation indicated the sentence was imposed by the court.
12. “Nature of offense” - The explanation indicated the nature of the current offense was heinous enough to warrant a departure.
13. “Concurrent/Consecutive” - The explanation indicated that concurrent and/or consecutive sentencing for multiple offenses warrants a departure from the most serious offense sentencing.
14. “Defendant cooperative” - The explanation indicated that due to the defendant’s cooperation with law enforcement and/or the prosecution a departure was warranted.
15. “Failed drug court” - The explanation indicated that the defendant had failed drug court supervision and thus a departure was warranted.
16. “FTA” - The explanation indicated that the defendant had a failure to appear in court.
17. “Docket congestion” - The explanation indicated that due to docket congestion a departure was warranted.
18. “Prior criminal history – good” - The explanation indicated that the defendant’s prior criminal history was favorable and thus a departure was warranted.

PART III: COUNTY BY COUNTY ANALYSIS

Part III of this report provides a county-by-county analysis of the results of sentences to the Department of Correction and the Department of Community Correction. The data that comprises this report was extracted from all Sentencing Order forms with a CY 2012 court date received by the ASC that were submitted to the circuit judge for signature and filed in the Office of the Circuit Clerk. District court cases, including those originally charged as a felony and disposed of as a misdemeanor, are NOT included in this report. Therefore, this report should not be used in determining overall caseload for any specific county.

The total number of offenses submitted statewide was 46,046 with an average number of offenses per case per offender of 4.6. From this universe of cases and offenses per offender, the following cases were eliminated: 2,110 nolle prossed/dismissed/acquitted cases; 2,081 misdemeanor cases; 171 county jail sentences; 924 cases with no criminal history score; 156 cases with no case number and/or name; 91 cases with no offender sentence; and 4,194 cases that were not applicable to the guidelines, such as jury trials and probation revocations. The total number of cases applicable to the guidelines for each county appears under the name of the county on the following pages.

Table A provides a comparison of departure types by initial assigned location after sentencing for offenders. Assigned location is the initial assignment after sentencing of the offender within the Arkansas criminal justice system. A durational departure occurs when an offender is sentenced to the Arkansas Department of Correction (ADC) for a greater or lesser amount of months than the presumptive sentence. A dispositional departure occurs when the assigned location of an offender's sentence differs from the presumptive sentence established in the Arkansas sentencing guidelines.

Table B provides departure types for each possible outcome of the Arkansas Sentencing Standards Grid ("The Grid") adopted by the Arkansas Sentencing Commission. The Grid compares criminal history score and offense seriousness level to determine the presumptive sentence for an offender.

Table C provides the average sentence length by offense seriousness level. These averages only include sentences to ADC or a CCC via judicial transfer. Also, these averages include all criminal history scores.

Table D provides the average sentence length by offense type. The sentences examined in this table only include sentences to ADC or a CCC via judicial transfer on the most serious offense for which an offender was convicted in each case. Most serious offense is determined by the Arkansas Sentencing Commission hierarchy discussed earlier in this report. The most serious offense is considered the controlling offense in an offender's felony sentencing event. These averages also include all criminal history scores.

Table E provides a brief summary of aggravating and mitigating departure reasons provided on the Sentencing Order form. These departure reasons serve as standardized reasons for departing from the presumptive sentence established both by statute and the Arkansas Sentencing Commission.

Table F provides a summary of aggravating reasons given on a county-by-county basis. Reasons 1 through 15 are standardized. Reason 16, “Other,” requires additional explanation. See Part II of this Report for a description of the standardized aggravating departure reasons.

Table G provides a summary of the top explanations for aggravating departure reason “Other” which requires additional information.

Table H provides a summary of mitigating reasons given on a county-by-county basis. Reasons 1 through 9 are standardized. Reason 10, “Other,” requires additional explanation. See Part II of this Report for a description of the standardized mitigating departure reasons.

Table I provides a summary of the top explanations for mitigating departure reason “Other” which requires additional information.
