Introduction to Sentencing Standards

The Arkansas Sentencing Standards, as defined in Acts 532 and 550 of 1993, serve the purpose of equity in sentencing. They provide similar sentences for similar offenders with similar criminal histories. This allows for proportionality and consistency in sentencing by creating a balanced correctional system with a continuum of sanctions that reserves the most serious sanctions for the most serious offenders. See Arkansas Code Annotated (A.C.A.) § 16-90-801.

HOW THE STANDARDS WORK

The sentencing standards structure adopted in Arkansas is a voluntary procedure for use by those directly involved in sentencing, such as judges, prosecutors, and defense attorneys. The **Arkansas Sentencing Standards Grid** (the Grid) has been adopted by the Arkansas Sentencing Commission (the Commission) pursuant to legislative authority and the Administrative Procedures Act. The Grid is found in Section II of this manual. Act 423 of 2017 made changes to the enabling legislation for the Commission, including the portion relating to the Sentencing Standards. *This amendment required the Commission to determine a sentencing range for each grid cell containing sentences to the Arkansas Division of Correction for all offenses occurring on or after January 1, 2018, replacing the single month duration found in the original Sentencing Grid.* A **presumptive sentence** for a **typical case** is determined on a grid with two dimensions: (1) **offense seriousness level** and (2) **offender criminal history**.

Offense seriousness level is determined by reference to a table adopted by the Commission which lists all felony offenses in one of ten levels of seriousness (See Section IV). **Offender criminal history** is determined by reference to the statute, A.C.A. § 16-90-803, which allocates points for different levels of felonies, misdemeanors, certain juvenile adjudications, and custody status at the time that an offense was committed.

A.C.A. § 16-90-803(b)(1)(C) states that “the most frequently occurring offenses within each seriousness level are listed on the vertical axis of the sentencing standards grid.” For further explanation of the seriousness levels, individual grid pages representing each seriousness level of the Grid have been included in Section III of this manual. Each of these pages contains a list of the most frequently occurring offenses within that particular seriousness level. Please note that this list does not always represent a complete list of offenses for that seriousness level, only the most frequently occurring offenses. A complete list of offenses, with their applicable effective dates, may be found in the **Seriousness Rankings** section of this manual. Each individual grid page also contains a chart with the presumptive sentencing range for offenses committed on or after January 1, 2018, the presumptive sentence for offenses committed January 1, 1994 to December 31, 2017, and the presumptive range (5% above or below the presumptive sentence) for offenses committed prior to July 1, 2005. The statutory range for classifications of offenses occurring with each seriousness level is also included on the individual grid pages.

Determining the **presumptive sentence** for a particular offense is a starting point for the sentencing process. If the case is atypical, the procedure is defined for departing from the presumption. *The full statutory range of punishment is available for all cases.*

When there is a departure from the presumptive sentence, written reasons must be listed on the Sentencing Order. Act 423 of 2017 set out additional requirements for when the court departs from the voluntary presumptive sentencing range. Courts are required to provide justification for departing, including a thorough recitation of the facts underlying the departure. Please see A.C.A. § 16-90-804 for further explanation.

Act 1179 of 2001, codified at A.C.A. § 16-90-803(a)(1)(B), clarifies that sentencing guidelines do not apply to probation revocation proceedings. Thus, written departure reasons are not required in revocation proceedings.

POLICY STATEMENTS

Community Correction Centers

Only defendants who have been found guilty of a "target" offense are eligible to be sentenced to a Community Correction Center. Sentences to a Community Correction Center should only be utilized for those who the Court would otherwise sentence to the Division of Correction. The Sentencing Commission strongly encourages local courts to utilize the services of the Community Correction Centers in lieu of penitentiary time in appropriate cases. Offenses designated as "target offenses" are defined in A.C.A. § 16-93-1202(10)(A).

Statutory Override

The Sentencing Commission recognizes that the presumptive sentences recommended in some cells of the grid may fall above or below the statutory range for a given offense. The statutory minimum or maximum ranges for a particular crime shall govern over a presumptive sentence if the presumptive sentence should fall below or above such ranges. A.C.A. § 16-90-803 (b)(3)(C). While this is not considered a departure, please use Aggravating Departure Reason 13 to note that this exception applies.

Offenses/Offenders that are Statutorily Ineligible for CCC

If an ineligible offender is sentenced to the ADC from a grid cell that has CCC as a presumptive sentence, and the length of the ADC sentence is within the statutory parameters for sentences to CCC, the sentence will NOT be considered a departure for purposes of the Sentencing Guidelines. For example, a sentence of six (6) years in the ADC for Battery in the Second Degree, SL 4, CHS 0 is not a departure. While this is not considered a departure, please use Aggravating Departure Reason 16 to note that this exception applies.

Addendum to Seriousness Reference Table

A.C.A. § 16-90-803(b)(2) OFFENDER HISTORY - provides that the criminal history score based upon prior felony criminal records is to be determined by reference to the seriousness level rankings of the prior offenses. Levels – 1-5 are equal to one-half (.5) point and Levels – 6-10 are equal to one (1) point.

CRIMINAL HISTORY: OUT-OF-STATE CONVICTIONS

For the purpose of determining criminal history scores, prior felony convictions from other state jurisdictions shall be ranked at the level of the most comparable offense in this State. The determination of which Arkansas offense is comparable to the out-of-state offense when there is a question of fact or law shall reside in the sound discretion of the court.

CRIMINAL HISTORY: REDEFINED OFFENSES

If an offense has been redefined by the Arkansas General Assembly, a prior felony conviction shall be ranked in the same manner as an out-of-state conviction with consideration of any new or removed elements. For example, the prior definition of burglary in Arkansas did not specify the element of the type of occupiable structure, i.e. residential or commercial; sentencing courts should determine when possible whether a prior conviction for burglary involved a residence in which case one criminal history point should be assigned as the prior offense is comparable to residential burglary (Level 7) or involved a commercial structure in which case one-half point should be assigned as the prior offense is comparable to commercial burglary (Level 5).

OMITTED OFFENSES POLICY

If a felony offense has been inadvertently omitted from the seriousness reference table, the trial court shall exercise its discretion by designating a seriousness level which it believes to be appropriate. Please contact us at ASC.Sentencing.Comm@arkansas.gov if you believe we have omitted an offense.

ENHANCED CLASSIFICATION POLICY

If the felony classification of an offense is increased due to a statutory enhancement, the seriousness level shall also be increased by one seriousness level for each felony class increase. For example, if a person is charged with A.C.A. § 5-64-419, Possession of a controlled substance, Felony Class D, and the person is an inmate in a state, county, city or juvenile criminal detention facility, the felony class of the offense would increase one level to a Felony Class C pursuant to A.C.A. § 5-64-419 (c) . Therefore, the seriousness level would also increase one level.

INCHOATE OFFENSES

Attempt, solicitation, or conspiracy to commit a substantive crime is ranked one seriousness level below the ranking of the substantive offense. See A.C.A. § 16-90-803(b)(1)(E). Therefore, the inchoate offense will have a different (lower) presumptive sentence than the substantive crime. For substantive crimes with a seriousness ranking just above the Transfer Eligibility Line, an offender who commits an inchoate offense will be eligible for release earlier because his or her crime will fall below the Transfer Eligibility Line.

For statutory classification purposes, an inchoate crime is classified one level below the substantive offense, i.e. a Class B felony would become a Class C felony. See A.C.A. §§ 5-3-201, 301, and 404. This reduction in felony class may be significant for eligibility for admission to a Community Correction Center (CCC).

1. SENTENCING ORDER

What is the Sentencing Order and what does it do?

Pursuant to Arkansas Supreme Court Administrative Order Number 8 (Forms for Reporting Case Information in all Arkansas Trial Courts), where the final disposition results in a commitment to ADC, probation, suspended imposition of sentence, commitment to the ACC or to the county jail, a fine, restitution, and/or court costs, the office of the prosecuting attorney shall be responsible for completion of the Sentencing Order (Order), which shall be submitted to the circuit judge for signature, and filed in the Office of the Circuit Clerk. Where the case is dismissed or nolle prossed because of the speedy trial rule, the case is transferred, or the defendant is acquitted, the office of the prosecuting attorney shall be responsible for completion of the Reporting Form for Defense-Related Dispositions which shall be submitted to the circuit judge for signature and filed in the Office of the Circuit Clerk.

A copy of the Order may be downloaded from the Administrative Office of the Courts (AOC) web site at <https://www.arcourts.gov/forms-and-publications/court-forms>. A certified copy of the Order is to be delivered by the sheriff with the Defendant to the proper correctional division.

SENTENCING ORDER PROGRAM (SOP): Please contact Commission Staff if you are interested in learning how to use the SOP to complete Sentencing Orders. This is an access-based data system that is partially automated and can be used in lieu of the PDF Order made available by the AOC.

How do I differentiate between incarceration in ADC and other sanctions on the Order?

For each offense, there is a section to indicate the Defendant's sentence. Each sentence option is listed within that section. See below for a discussion of when to use a particular sanction.

- **Imposed:** This option is to be used when an offender is sentenced to a term of incarceration. Check boxes indicate whether the imposed sentence is a term of incarceration in an ADC facility, a sentence to the ADC with a judicial transfer to an ACC facility (Jud. Tran.), or a term of incarceration in a County Jail. Under the check boxes, indicate the number of months imposed. Please note: The imposed sentence includes only time for which the offender is incarcerated. **It does not include suspended imposition of sentence.** A.C.A. § 5-4-104(e)(1)(B)(ii) prohibits the suspension of the execution of a sentence.
- **Probation:** This option is to be used when an offender is placed on probation. Indicate the number of months on probation. If a sentence of probation includes a term of incarceration (Probation/SIS Plus), the Order has a section for entering the amount of incarceration time in either days or months.
- **SIS:** This option is to be used when the offender is placed on Suspended Imposition of Sentence. If a sentence of SIS includes a term of incarceration (Probation/SIS Plus), the Order has a section for entering the amount of incarceration time in either days or months.
- **Other:** This option is to be used when an offender receives a sentence of Life, Life Without Parole (LWOP), or Death. If the offender receives a death sentence, enter the execution date pronounced in court in the Sentence Options section.

Sentencing Order Elements

The following are some helpful tips for completing the Sentencing Order. Instructions for completing the Sentencing Order may be found at: <https://www.arcourts.gov/forms-and-publications/court-forms>.

- A.C.A. # of Offense/Name of Offense: Enter the code section in effect *at the time the offense was committed*. Use subsections if the offense code section for inchoate, revocations, etc. has subsections in the seriousness reference table. Do not enter the inchoate or revocation statute in this section.

- Probation/SIS Revocation: This section indicates if a particular conviction is the result of a probation or SIS revocation. Check yes or no for every offense. An affirmative answer to this question applies to the *current offense only* and not to any new crime committed while on probation or parole. Also, if the commitment is the result of a probation revocation, the seriousness level must *still* be entered. Although the sentencing guidelines are not applicable to revocations, transfer eligibility is still determined by the seriousness level of the offense. (Please note: Do NOT enter the code section for probation/SIS revocation in the A.C.A. Number of Offense/Name of Offense section. Enter the code section for the *substantive* offense and then check the appropriate box for probation/SIS revocation.)
- Offense Date: Enter a date for all offenses listed on the Order, even if the offense is Nolle Prossed or Dismissed. Release eligibility is determined by the date of the offense. Without it, an offender's release date cannot be determined.
- Criminal History Score & Seriousness Level: *Criminal history scores and seriousness levels should be calculated on all felony offenses.* The seriousness level for misdemeanors may be left blank. Calculate criminal history scores prior to plea negotiations. A copy of the Criminal History Worksheet and instructions for completing the worksheet may be found on page 101 of this manual. A copy is also available online at <https://doc.arkansas.gov/sentencing-commission/forms-tips/>. See A.C.A. § 16-90-803(b)(2). For probation or SIS revocations, use the criminal history score from the original commission of the offense.
- Inchoate Offenses: Citing the inchoate statute instead of the statute for the substantive offense does not give sufficient information as to why the person is being convicted. In this situation, indicate the *substantive* statute in the A.C.A. Number of Offense/Name of Offense section of the Order and check the appropriate box identifying the inchoate provision.
- Defendant Sentence: An Imposed Sentence is when a person is sentenced to incarceration in an ADC facility, the ACC via judicial transfer, or county jail.
 - Probation/SIS Plus: Do not use the space for the Imposed Sentence to indicate incarceration time for a sentence of probation plus a period of confinement. Use the blanks to the right of "Defendant Sentence" to indicate if probation or SIS is accompanied by a period of confinement. Then state time in days or months. Indicate where the defendant should be confined in the conditions of probation and/or the "Additional Information" section of the Order.
 - County Jail & Misdemeanor Offenses: An imposed sentence to days in county jail should only be indicated in the "Defendant Sentence" section when sentencing the Defendant for a misdemeanor offense. ADC time should not be an imposed sentence for a misdemeanor. If ADC time is indicated, the form will be returned for corrections. See A.C.A. § 5-4-402 for a further explanation on place of incarceration.
 - SIS: Do not include time for SIS in the "Imposed" blank. For example, a 10-year sentence with 5 years suspended and 5 years to serve would be listed as Imposed ADC = 60 months, SIS = 60 months, and total time to serve = 60 months.
- Victim Information: This section collects demographic information on age, gender, race and ethnicity for the Defendant and victim(s). If there is no victim or if the victim is a business, check not applicable (N/A). Indicate if the offense involved multiple victims. If there is only one victim per offense, enter the victim information with the offense. If there are multiple victims on one offense, enter the information on the Additional Victim Information page of the Order.
- Departure Information: If the sentence is a departure, all information must be completed. Please enter information for ALL offenses appearing on the Order. No departure information is required when: (1) the sentence given is within the presumptive range; (2) the sentence is recommended by a jury; (3) the

sentence is a result of a probation/SIS revocation; or (4) the offense is not a felony. A durational departure occurs when the imposed months are higher or lower than the presumptive ADC time. If the departure is durational, indicate the number of months above or below the presumptive sentence. A dispositional departure occurs when the type of sanction given (AS/CCC/ADC) is not listed as an option for the presumptive sentence.

- Concurrent/Consecutive: This section appears with each offense. It is for identifying whether the sentence will run consecutive or concurrent with other offenses on the same Order or with sentences from another case. If the sentence is complicated and the boxes cannot accurately reflect the Defendant's sentence, use the "Additional Information" section of the Order to indicate how the sentences will run.
- Special Conditions - DNA Sample/Qualifying Offense: If a defendant has been adjudicated guilty of a qualifying or repeat offense, as defined in A.C.A. § 12-12-1103(9), a DNA sample must be collected. If you are unsure if the Defendant has had a sample drawn previously, check the "Other" box and write "unless previously provided" in the blank, or explain further in the "Additional Information" section. A.C.A. § 12-12-1118 requires the sentencing court to assess a mandatory fine at the time of sentencing of not less than \$250, unless finding that undue hardship would result. Barring an undue hardship determination, the Order should reflect the \$250 fee.
- Total Time to Be Served: Only enter a number in this space for a sentence to the ADC or an ACC facility via judicial transfer. This section is necessary in determining how long the offender is to be held. It is especially important to avoid problems multiple counts or cases are run consecutively or there is an additional term of incarceration due to an enhancement. Do not include SIS time in the total time to be served.
- Defendant Assignment: Indicate where the Defendant is *initially* assigned. Only choose one. For example, if an offender is sentenced to probation plus confinement in county jail, the Defendant's assignment is probation, not county jail. Indicate where the defendant should be confined in the conditions of probation and/or the "Additional Information" section of the Order. For ADC Sentences, check the "ADC" box or "ADC, Admin Transfer not authorized" for an ADC sentence for which Administrative Transfer is not authorized by the sentencing court. For Judicial Transfers, check the "CCC" box.
- Parole Revocations: Parole revocations are processed through the Arkansas Parole Board. Therefore, these should not appear on the Order.

How are inchoate offenses handled on the Order?

Attempt, solicitation, or conspiracy to commit a substantive crime is ranked one seriousness level below the ranking of the substantive offense. See A.C.A. § 16-90-803(b)(1)(E). Therefore, the inchoate offense will have a different (lower) presumptive sentence than the substantive crime. For substantive crimes with a seriousness ranking just above the Transfer Eligibility Line, an offender who commits an inchoate offense will be eligible for release earlier because his or her crime will fall below the Transfer Eligibility Line.

For statutory classification purposes, an inchoate crime is classified one level below the substantive offense, i.e. a Class B felony would become a Class C felony. See A.C.A. §§ 5-3-201, 301, and 404. This reduction in felony class may be significant for eligibility for admission to a Community Correction Center (CCC).

Please note: With the exception of capital murder, inchoate offenses are not listed on the Seriousness Reference Table. Since capital murder is statutorily exempt from the sentencing guidelines, the related inchoate offenses *are* specifically ranked.

Habitual Offender

Habitual offender status subjects the Defendant to an extended statutory range of punishment. Therefore, this must specifically be noted on the Order to inform ADC of the applicability of the statute. See A.C.A. § 5-4-501.

2. DEPARTURE FROM THE SENTENCING STANDARDS GRID

When do I need a departure reason?

The Order must include information on *any* departure from the sentencing guidelines on placement and sentence length, the number of months above or below the presumptive sentencing range, and justification for the departure. See A.C.A. § 16-90-802(d)(11).

Act 423 of 2017 set out additional requirements for when the court departs from the voluntary presumptive sentence range under A.C.A. § 16-90-803.

- The court must provide a justification on the record of (A) a listing of the charges and sentencing enhancements against the offender as set out in the first charging instrument as well as any additional charges or sentence enhancements subsequently added in the case, if any, and (B) a thorough recitation of the facts underlying the departure from the voluntary presumptive sentence range under A.C.A. § 16-90-803.
- The justification regarding an aggravating factor shall be entered into the sentencing order and the order is required to reflect whether the sentence is the result of an original charge or whether an original charge was Nolle Prosequi.
- If there is an agreed upon departure from the voluntary presumptive sentence, the parties shall supply written reasons to the court to attach to the sentencing order and to report to the Arkansas Sentencing Commission.

The thorough recitation of the facts contemplated by Act 423 of 2017 can be satisfied by selecting a departure reason and including that reason on the Sentencing Order. If the “other” departure reason is selected, a detailed explanation must accompany this designation. Please see A.C.A. § 16-90-804 for further explanation.

Where do I put the departure reason(s) and what information is required?

There is a section located near the end of *each* offense to indicate whether a sentence is a departure. Indicate *either* an Aggravating Departure Reason *or* a Mitigating Departure Reason, but *never both* for the same offense. If the sentence is higher than the presumptive sentencing range, indicate the Aggravating Departure Reason number. If the sentence is lower than the presumptive sentencing range, indicate the Mitigating Departure Reason number. Also, indicate if the sentence departure is durational or dispositional. If the departure is durational, indicate the number of months above or below the presumptive sentencing range. See A.C.A. § 16-90-804 for a list of departure reasons.

What is the difference between a durational and dispositional departure?

A durational departure occurs when the imposed months are higher or lower than the presumptive ADC time. A dispositional departure occurs when the type of sanction given (AS, CCC, or ADC) is not listed as an option for the presumptive sentence.

When is a departure reason unnecessary?

The following are common examples of when a departure reason is unnecessary:

- When the imposed sentence does not depart from the presumptive sentence;

- When the imposed sentence is the result of a probation/SIS revocation proceeding (See A.C.A. § 16-90-803(a)(1)(B));
- When a jury has recommended a sentence to the trial judge (See A.C.A. § 16-90-803(b)(4));
- Capital murder (See A.C.A. § 16-90-803(b)(5)); and
- When the offense is nolle prossed or dismissed.

What happens when there is a statutory override?

The statutory minimum or maximum ranges for a particular crime shall govern over a presumptive sentence if the presumptive sentence should fall below or above such ranges. See A.C.A. § 16-90-803(b)(3)(C). A departure reason should be given for a statutory override that differs from the presumptive sentence. Please note: Aggravating departure reason number thirteen is “Statutory minimum sentence overrides the presumptive sentence.”

What happens when an offender is statutorily ineligible for CCC?

If an ineligible offender is sentenced to the ADC from a grid cell that has CCC as a presumptive sentence, and the length of the ADC sentence is within the statutory parameters for sentences to CCC, the sentence will NOT be considered a departure for purposes of the Sentencing Guidelines. For example, a sentence of six (6) years in the ADC for Battery in the Second Degree, SL 4, CHS 0 is not a departure. Aggravating departure reason number sixteen is the corresponding departure reason for this type of sentence.

3. COMMUNITY PUNISHMENT ACT: ACT 531 OF 1993, A.C.A. §§ 16-93-1201 – 16-93-1210

Applicability

Act 531 created the Arkansas Department of Community Correction (ACC), now known as the Arkansas Division of Community Correction, which oversees three major areas: probation, parole, and the Community Correction Centers. This Act also provides that an offender who has been convicted of a target group offense may have his or her record sealed. For every offender sentenced under Act 531, the sentencing court shall issue a written order. See A.C.A. § 16-93-1207 for further information on contents of the Order.

How many times may a person be sentenced to ACC for a target offense?

In the application of this Act to probation or admission to a CCC, there are no statutory restrictions on the number of times an offender may access one of these provisions.

How many times may a person seal records under Act 531?

For record sealing purposes, A.C.A. § 16-93-1207(b)(1) places the following restrictions on the use of Act 531: the current offense must be a target offense; the offender must successfully complete probation, a commitment to the ADC with judicial transfer to the ACC, or a commitment to a county jail for one of the designated target offenses; and the offender must have no more than one (1) previous felony conviction and the previous felony conviction must not be for one of the specified offenses (i.e., a capital offense, murder in the first or second degree, first degree rape, kidnapping, aggravated robbery, or delivering controlled substances to a minor as prohibited in the former A.C.A. § 5-64-410).

Target group offenses

Offenses designated as “target offenses” are defined in A.C.A. § 16-93-1202(10)(A). Generally, these offenses are non-violent and non-sexual felony offenses. Misdemeanor offenses may also fall within the target group with two exceptions: a misdemeanor offense requiring registration as a sex offender or misdemeanor DWI. For more information on target offenses, including a list of eligible offenses, please visit:

<https://doc.arkansas.gov/community-correction/ccc-eligibility-target-offenses/>

ACC & Community Correction Centers

ACC is responsible for overseeing probation, parole, and the Community Correction Centers (CCC). ACC operates these centers, which were formerly known as Regional Correctional Facilities (RCF). These centers offer structure, supervision, surveillance, drug/alcohol treatment, education and vocational programs, employment counseling, socialization and life skills programs, community work transition and/or forms of treatment and programs. For general information, contact (501) 682-9510 or <https://doc.arkansas.gov/community-correction/>

Administrative Transfer

Unless the sentencing court expressly disallows the administrative transfer of an inmate, the DOC has the authority to administratively transfer an inmate from the ADC to a CCC provided there is bed space and the offender meets all CCC eligibility requirements. See A.C.A. §§ 5-4-312 (a)(3) & 12-27-127.

4. PROBATION/SIS

Probation/SIS Plus

Probation/SIS Plus is when an offender is sentenced to probation or SIS with a period of confinement as a condition of the probation. If an offender is confined in an ACC facility, the maximum period of confinement is 12 months. If an offender is confined in a county jail, city jail, or other authorized local detention, correctional, or rehabilitative facility, the maximum period of confinement is 120 days. See A.C.A. § 5-4-304.

ADC & Probation

An offender may not be sentenced to a term of imprisonment to be followed by a period of probation. However, a court has the authority to sentence an offender to a term of imprisonment to be followed by a period of SIS. See commentary to A.C.A. § 5-4-104.

Crimes for which Probation or SIS is prohibited

A.C.A. § 5-4-104(e)(1)(A) states that the court shall not suspend imposition of sentence as to a term of imprisonment nor place the defendant on probation for the following offenses: (i) Capital murder, § 5-10-101; (ii) Treason, § 5-51-201; (iii) a Class Y felony, except to the extent suspension of an additional term of imprisonment is permitted; (iv) Driving or boating while intoxicated, § 5-65-103; (v) Murder in the second degree, § 5-10-103, except to the extent suspension of an additional term of imprisonment is permitted, or (vi) Engaging in a continuing criminal enterprise, § 5-64-405.

Can SIS or probation run consecutively?

A.C.A. § 5-4-307 states that whether imposed at the same or a different time, multiple periods of suspension or probation run concurrently. The period of a suspension or probation also runs concurrently with any federal or state term of imprisonment or parole to which a defendant is or becomes subject to during the period of the suspension or probation. In addition, terms of supervision begin on the day they are ordered in court.

Can Class Y drug offenders receive probation?

Much confusion has arisen in the interpretation of A.C.A. § 5-4-104(e)(1), Authorized sentences generally, and A.C.A. § 5-4-301(a)(1), Crimes for which suspension or probation is prohibited, as they relate to whether Class Y drug offenders may receive suspension or probation. Act 192 of 1993 amended both provisions to permit suspension and probation as alternative sentences for Class Y drug offenses. See *Vanesch v. State*, 343 Ark.381 (2001), *Buckley v. State*, 341 Ark. 864 (2000), *Elders v. State*, 321 Ark. 60 (1995), *State v. Williams*, 315 Ark. 464 (1994), *State v. Galyean*, 315 Ark. 699 (1994), *State v. Whale*, 314 Ark. 576 (1993). Please note: A habitual Class Y drug offender shall not be placed on probation. See discussion of A.C.A. § 5-4-301(a)(2) and *State v. Joslin*, 364 Ark. 545 (2006) below.

Can a habitual offender receive probation?

A.C.A. § 5-4-301(a)(2) specifically prohibits a habitual offender, as determined by A.C.A. §§ 5-4-501 et seq., from being placed on probation or suspended imposition of sentence. See *State v. Joslin*, 364 Ark. 545 (2006).

5. JUDICIAL TRANSFER V. PROBATION/SIS PLUS: WHAT IS THE DIFFERENCE?

Judicial Transfer

- An offender is sentenced to ADC but transferred via court order (the Sentencing Order) to serve his/her sentence at an ACC center.
- Jurisdiction cedes to ADC upon sentencing.
- If an offender receives a 72-month sentence and receives day for day meritorious good time, he/she will serve 36 months, which is the maximum an offender can serve in an ACC center. See A.C.A. § 5-4-312 (b)(2)(A)(i)
- If an offender becomes ineligible to remain in an ACC facility, he/she is transferred to an ADC facility via an administrative hearing through the Arkansas Parole Board. If the reason for transfer is due to disciplinary reasons, transfer eligibility remains the same as if in ACC (1/2 of the sentence). If the reason for transfer is due to administrative reasons, transfer eligibility is the same as if originally sentenced to ADC (1/3 or 1/2 less good time).
- The release authority is the Arkansas Parole Board. Pursuant to A.C.A. § 12-12-127(c), offenders sentenced via judicial transfer are eligible for parole after serving a minimum of 180 days incarceration and successful completion of the therapeutic program.

Probation/SIS Plus

- Probation/SIS Plus is when an offender is sentenced via the Sentencing Order to probation or SIS with a period of confinement as a condition of the probation.
- Jurisdiction remains with the Sentencing Court.
- Maximum time of confinement in an ACC facility is 365 days with no good time credits awarded. See A.C.A. § 5-4-304.
- If an offender becomes ineligible for confinement in an ACC facility, he/she is returned to the Sentencing Court for re-sentencing, which could include possible probation revocation.
- The release authority is the Sentencing Court. ACC regularly reports to the courts on the offender's progress and the court has the option to amend the length of the incarceration time.

6. ARKANSAS PAROLE BOARD

The Arkansas Parole Board (the Board) is the release authority for persons convicted of discretionary felony offenses and sentenced to a term of incarceration in the ADC. The Board sets conditions for inmates convicted of non-discretionary offenses sentenced to ACC and ADC. Parole eligibility procedures and standards of review are codified at A.C.A. §§ 16-93-615 through 16-93-619.

Victim input is an important part of the parole process. Act 608 of 2015 amended A.C.A. § 16-90-1113, Consideration and release of a victim impact statement during an inmate's parole determination. For information on victim input, call the Board's Victim Input Coordinator at (501) 682-3850 or visit the Frequently Asked Questions Section on the Board's website at: <https://doc.arkansas.gov/parole-board/victim-input/>

Pursuant to A.C.A. § 16-93-204, the Parole Board also has the authority to assist the Governor in exercising his authority in granting reprieves, commutations, and pardons, and shall perform such other services as may be required by the Governor in exercising his powers of executive clemency.

7. PARDONS, CLEMENCY, AND FIREARMS

Pardons and Clemency

The granting of a pardon or clemency is a power given to the Governor of the State. Instructions for filing a request for a pardon or clemency may be found on the Parole Board's web site at:

<https://doc.arkansas.gov/parole-board/executive-clemency/>.

Any person who files for clemency and is denied by the Governor shall not be eligible to reapply for a period of four (4) years from the date of application. If the applicant is serving a life sentence without parole for a crime other than Capital Murder, they will not be eligible to reapply for six (6) years from the date of denial. If an applicant is serving a sentence of life without parole for a conviction of Capital Murder, they will not be eligible to reapply for eight (8) years from the date of denial. However, a person who is denied by the Governor, can petition the Board for a waiver of the waiting period. See A.C.A. § 16-93-207(d)(1).

Firearms

No person shall possess a firearm who has been convicted of a felony. (A.C.A. § 5-73-103(a)(1)). A sealed record of a conviction may serve as the basis for a conviction under this statute if the offense was committed after March 12, 1995. *See Act 595 of 1995; see also Attorney General's Op. 2002-173.* Act 1491 of 2009 amended A.C.A. § 5-73-103(b)(2) provided that if a person has their record sealed under the First Offender Act or Drug Court Act, the same does not qualify as a conviction for purposes of the felon in possession of a firearm statute.

The Governor may restore the right of a convicted felon or adjudicated delinquent to own and possess a firearm with a pardon expressly restoring the right or without a pardon under certain circumstances. (A.C.A. § 5-73-103(d)). For more information on firearm restoration, please see the last page of the pardon application.

8. RELEASE

Levels of Release Eligibility

One of the duties of the Commission is to establish transfer eligibility for offenses. The Commission has set the transfer eligibility line between seriousness levels six and seven. Offenders sentenced to a term of incarceration for offenses *above* the line must serve one-half of their sentence before they are eligible for transfer. Offenders sentenced for offenses *below* the line must serve one-third of their sentence before they are eligible for transfer. Also, there are multiple statutory overrides which affect transfer eligibility. The levels of transfer eligibility are listed below.

- One-Half: A person sentenced to ADC for a felony ranked in seriousness levels seven through ten on the Seriousness Reference Table will become eligible for transfer to community supervision after serving one-half (1/2) of his or her sentence with credit for meritorious good time. For example, a person receiving a seventy-two (72) month sentence with optimal meritorious good time credits will be eligible for transfer to community supervision in eighteen (18) months.
- One-Third: A person sentenced to ADC for a felony ranked in seriousness levels one through six on the Seriousness Reference Table will become eligible for transfer to community supervision after serving one-third (1/3) of his or her sentence with credit for meritorious good time. For example, a person receiving a seventy-two (72) month sentence with optimal meritorious good time credits will be eligible for transfer to community supervision in twelve (12) months.
- 100% Time Served – Statutory Override: Any person who commits a violent felony offense or any felony sex offense subsequent to August 13, 2001, and who has previously been found guilty of or pleaded guilty or nolo contendere to any violent felony offense or any felony sex offense shall not be eligible for release on parole by the Parole Board. For purposes of this section, a violent felony offense or any felony sex offense means those offenses listed in A.C.A. § 5-4-501(d)(2). For example, an inmate sentenced to a five-year sentence must serve five years or a forty-year sentence must serve forty years. See A.C.A. § 16-93-609 (Act 1805 of 2001). When an offender has been committed to the ADC for a violent or sexual felony offense, ADC personnel run a criminal background check. After verifying that he or she has a previous conviction which falls under A.C.A. § 5-4-501(d)(2), ADC will automatically set their time to serve at 100%. Since this is an eligibility issue and not a sentence enhancement, it does not have to be alleged on the Criminal Information or noted on the Order.
Act 895 of 2015, The Criminal Justice Reform Act of 2015, added § 5-39-201, Residential burglary and its inchoate versions, to the offenses listed in A.C.A. § 5-4-501(d)(2) which are applicable to 100% transfer eligibility. For questions relating to this offense and its effect on an offender's transfer eligibility, please contact ADC Centralized Records at (870) 267-6679.
Act 946 of 2021 requires that offenders convicted of Possession of Firearms by Certain Persons, Class B felony, A.C.A. § 5-73-103, serve 100% of their sentence if the offense was committed on or after April 28, 2021.
- 80% Parole Eligibility- Delayed Release: Pursuant to A.C.A. § 5-4-405, a person who commits a serious felony involving violence is subject to delayed release and must serve 80% of his or her sentence if the state proves beyond a reasonable doubt that he or she committed the serious felony involving violence under an aggravating circumstance. This must be charged and designated on the sentence order.
- 70% Parole Eligibility – Statutory Override: For certain offenses, offenders are required to serve 70% of their sentence before reaching transfer eligibility. These offenses are: Murder in the first degree, § 5-10-102; Kidnapping, Felony Class Y, § 5-11-102; Aggravated robbery, § 5-12-103; Rape, § 5-14-103; Trafficking of Persons, Felony Class Y, § 5-18-103; Causing a catastrophe, § 5-38-202; Manufacturing methamphetamine, § 5-64-423(a) or the former § 5-64-401; Trafficking methamphetamine, § 5-64-440(b)(1); or Possession of drug paraphernalia with the purpose to manufacture methamphetamine, the

former § 5-64-403(c)(5). Attempt, conspiracy, or solicitation to commit one of these offenses is *not* subject to 70% parole eligibility.

Please note: Act 570 of 2011 removed Possession of drug paraphernalia with the purpose to manufacture methamphetamine, now codified at A.C.A. § 5-64-443(b), from 70% parole eligibility. Offenders sentenced under the former § 5-64-403(c)(5) are *still* subject to 70% parole eligibility. Only the methamphetamine offenses are subject to meritorious good time credits. However, in no event shall the time served by any person who is found guilty of or pleads guilty or nolo contendere to one of these methamphetamine offenses be reduced to less than 50% of the person's sentence. ADC time computation cards will still reflect 70% transfer eligibility status, but the transfer eligibility date will be calculated on the *projected* earned good time. Offenders sentenced to CCC via judicial transfer for drug related crimes that are target offenses are still subject to 70% parole eligibility with good time that will not reduce time served to less than 50% of their original sentence. See A.C.A. § 16-93-618 and the former A.C.A. § 16-93-611.

How is release eligibility affected by enhanced sentences or habitual offender status?

- Enhancements: Release eligibility for sentence enhancements is generally determined by the specific code provision defining the enhancement. Unless otherwise noted in the specific enhancement statute, the percentage of time served shall be calculated the same as the underlying offense. Enhancements on underlying offenses above the transfer eligibility line would serve one-half (1/2) less good time. Enhancements on underlying offenses below the transfer eligibility line would serve one-third (1/3) less good time. For convictions subject to a statutory override, transfer eligibility of the enhancement portion of the sentence will be the same as the underlying offense.
- Habitual Offender Status: The “two and three strikes” sections of the habitual offender statute, codified at A.C.A. §§ 5-4-501 (c) and (d) respectively, must also be specifically noted on the Sentencing Order for the ADC to be aware of their applicability. A.C.A. § 16-93-615(h) states that an inmate who is sentenced under these provisions for a serious violent felony or a felony involving violence may be considered eligible for parole or for community correction transfer upon reaching regular parole or transfer eligibility, *but only* after reaching a minimum age of fifty-five (55) years.

When an Offender is a Detriment to the Community

The Parole Board may deny parole to any otherwise eligible person, regardless of the sentence that he or she is serving, if five (5) members of the Board determine that the person upon release would be a “detriment to the community” into which the person would be released. Detriment to the community is defined in A.C.A. § 16-93-101(12).

Early Release

Offenders are generally kept until their transfer eligibility date. There are some exceptions that may allow for early release, including:

- Emergency Powers Act (EPA): The EPA is codified at A.C.A. §§ 12-28-601 et seq. The Board of Corrections may declare a prison overcrowding state of emergency in two situations. First, they may declare an emergency whenever the population of the prison system exceeds 98% of the rated capacity for thirty (30) consecutive days. In this case, inmates who meet the criteria set out in the statute may have their transfer eligibility date moved up by no more than three months. Second, the Board may declare an emergency whenever the number of inmates on the county jail backlog exceeds 500 inmates. In this case, inmates who have been incarcerated for a nonviolent offense and have served a minimum of six months

in an ADC facility may have their transfer eligibility date moved up one year. Criteria for release eligibility may be found at A.C.A. § 12-28-604.

- Parole Alternative for Terminally Ill or Permanently Incapacitated Inmates: Act 570 of 2011 modified A.C.A. § 16-93-708, Parole alternative – Home detention. This provision allows terminally ill or permanently incapacitated inmates to be considered for transfer to parole supervision.
- Parole Alternatives for Electronic Monitoring of Parolees (120 days): A.C.A. § 16-93-711 allows certain inmates to be released on electronic monitoring after serving 120 days in an ADC facility. The Board of Corrections is responsible for promulgating rules that will establish policy and procedures for implementation of the electronic monitoring program.

9. MANDATORY FINE FOR OFFENSES COMMITTED AGAINST A CHILD OR IN THE PRESENCE OF A CHILD

A.C.A. § 5-4-703 requires the court to assess, in addition to any other sentence, an additional fine if the finder of fact determines that certain offenses were committed against a child or in the presence of a child. See A.C.A. § 5-4-703 for more information.

10. DNA DETECTION

A.C.A. § 12-12-1006 requires that a DNA Sample be collected from a person arrested for any felony offense.

11. SEALING OF RECORDS

Act 1460 of 2013 established The Comprehensive Criminal Record Sealing Act. The purpose of Act 1460 is to amend, consolidate, clarify, and simplify the process for sealing a person's criminal record under certain circumstances. See A.C.A. §§ 16-90-1401 – 1419. The effective date of the new law was January 1, 2014.

The practical effect of this Act is that it has repealed many of the current Arkansas Code provisions that deal with Sealing or Expungement and either moved them to the new code provision or deleted them altogether. Other code provisions were amended to either refer to this new Act or eliminate the word "expungement." All records are now referred to as being "Sealed."

The law does not apply to the following:

- The Arkansas Drug Court Act A.C.A. §§ 16-98-301, et seq.,
- Extended juvenile jurisdiction records under A.C.A. § 9-27-508 unless the records are considered adult criminal records, or
- The sealing of juvenile records.

The Arkansas Supreme Court, in *Bolin v. Arkansas*, 2015 Ark. 149, ruled that the Act is retroactive as to the sealing of misdemeanors but is prospective only as to the sealing of felonies.

The Community Punishment Act, Act 531, and the First Offender Act, Act 346, were not substantially changed by this law except for deleting references to the word "expungement." Act 531 is codified at A.C.A. §§ 16-93-1201, et seq. Act 346 is codified at A.C.A. §§ 16-93-301, et seq.

All forms relating to the sealing of criminal records are available on the Arkansas Crime Information Center's (ACIC) website: <https://www.dps.arkansas.gov/crime-info-support/arkansas-crime-information-center/>. For specific questions concerning the sealing of criminal records, please contact ACIC at (501) 682-2222 or visit their website.

12. VICTIMS' RIGHTS

The Arkansas Victim Information and Notification Everyday Program (VINE) is administered by the ACIC. VINE was created to allow agencies to notify victims reliably and efficiently with vital information on offenders and inmate custody status changes 24 hours a day, 365 days a year. To register for notification, a victim may call (800) 510-0415 or visit the website at <https://vinelink.vineapps.com/state/AR>.

The Crime Victims Reparation Program is a Division of the Arkansas Department of Public Safety, housed at Arkansas State Police Headquarters. Victims can receive help with medical bills, rehabilitation costs, dental expenses and other expenses they may incur as a result of a crime. For more information contact the Arkansas Crime Victims Reparations Program at (501) 682-1020 or (800) 448-3014, or email Crimevictims@Arkansas.gov.

14. MORE SENTENCING INFORMATION

Arkansas Sentencing Commission Training

The Commission is required to conduct annual training regarding the sentencing guidelines, pursuant to A.C.A. § 16-90-802(d)(10). Additional trainings cover a variety of topics, including but not limited to, how to complete court forms, the sealing of records, legal ethics for criminal attorneys, and segments relating to the Division of Community Correction, the Division of Correction, and the Arkansas Parole Board. Notification of training schedules will be published as they become available.

Arkansas Sentencing Commission Annual Reports

Act 570 of 2011 required the Commission to produce annual reports regarding compliance with sentencing guidelines, including the application of voluntary presumptive standards, and departures from the standards. The report must include data collected from each county, and a county-by-county and statewide accounting of sentences to ADC and ACC, the average sentence length for sentences by offense type and severity level, and the percentage of sentences that are an upward departure from the sentencing guidelines. For sentences that are an upward departure from the sentencing guidelines, the report must include the average number of months above the recommended sentence. See A.C.A. § 16-90-802(d)(9).

Criminal History Supplement: If an offender has more than five (5) prior convictions in any category, list additional convictions on an additional Criminal History Worksheet.

Multiple Offenses: Circle the number of the prior conviction which represents the most serious offense among multiple offenses for a single course of conduct. For example, if a defendant is charged with residential burglary, breaking and entering, and theft of property, circle residential burglary because it is the most serious offense. For departure purposes, multiple offenses for a single course of conduct may be listed and identified as such on the Criminal History Worksheet.

Adult Felonies - Levels 6-10: List the name of the offense for each prior conviction. There are no restrictions on the date of an offense or conviction date at these levels.

Level: Indicate the seriousness level for listed charges. Refer to the Seriousness Reference Table in the *Arkansas Sentencing Commission Sentencing Standards Grid, Offense Seriousness Rankings and Related Material* manual. Out-of-state, redefined, and unranked offenses shall be ranked at the level of the most comparable offense in this State. Refer to the Addendum to the Seriousness Reference Table in the standards manual.

Disposition Date: Enter the date of disposition for listed charges.

Points: One (1) point is given for each prior conviction on Levels 6-10. There are no time limitations on counting prior convictions at this level.

Points: One-half (.5) of a point is given for each conviction for offenses on Levels 1-5. Prior felony offenses at these levels will not be counted if a period of fifteen (15) years has elapsed since the date of discharge from or the expiration of the sentence, to the date of the current offense.

Adult Class A Misdemeanors: List prior convictions of Class A misdemeanors where the offender was charged as an Adult. Prior offenses must have occurred within ten (10) years of the current offense.

Level: Adult Class A Misdemeanors do not have seriousness levels. This field is not applicable for these offenses.

Offense Date: Indicate the offense date of the listed Adult Class A Misdemeanor convictions.

Points: One-fourth (.25) of a point is given on each conviction of an Adult Class A misdemeanor. No more than one (1) point may be accrued from Class A misdemeanor convictions.

Juvenile Adjudications: List prior juvenile adjudications. Weight is assigned only to judicial adjudications of delinquency for offenses for which a juvenile could have been tried as an adult and which the trial court deemed relevant to sentencing in the current proceeding.

Level: Compute the seriousness level as if the offense was committed by an adult. See above.

Offense date: See above.

Points: One-fourth of a point (.25) is given for adjudications where the juvenile could have been tried for a felony offense as an adult. However, one (1) point is given for the following more serious offenses: capital murder, murder in the first degree, murder in the second degree, kidnaping in the first degree, aggravated robbery, rape or battery in the first degree. If one of the prior adjudications is one of these more serious offenses, up to two (2) points may be accrued. If not, no more than one (1) point may be accrued. The juvenile offense(s) must have occurred within ten (10) years of the current offense.

Total Criminal History Points: Enter total points accrued, including a custody status point, if applicable. Round down to the nearest whole number.

Current Offense: Indicate the statute number of the current charge.

Seriousness Level: Indicate the seriousness level of the current offense. See Arkansas Sentencing Commission Seriousness Reference Table.
