Arkansas VINE is an automated service that allows you to track an offender's custody status, parolee status, or the status of a court case over the phone or Internet. You can register to be notified by phone and/or email if an offender is released, transferred, or escapes; or register to be notified by phone and/or email about changes in the status of a court case.

Call **1-800-510-0415** or visit **www.vinelink.com** and follow the instructions to information about an offender's custody status or the status of a court case.

Registration

You can register to receive notifications related to custody status, parolee status, or court event information. You must register separately for each type of notification.

If registering a phone number, you will be asked to create a four-digit personal identification number (PIN) that will be used to confirm that the call was received. Make sure your PIN is easy to remember.

To register your email address, either call the Arkansas VINE service and press zero to speak with an operator or visit www.vinelink.com. Email notifications do not require a PIN.

Custody Status

You will be notified about the following events:

- If you feel you are in danger, call 911 immediately.
- VINE is confidential. The offender will not know you are registered with this service.
- The Arkansas VINE service only provides information on offenders in custody in Arkansas.
- Since VINE calls automatically when an offender's custody status changes, you may get a call from VINE in the middle of the night.
- Write down your PIN and keep it in a safe place. For safety reasons, do not share this information with others.
- If you do not answer a notification call, VINE will leave a message and will continue calling back until you enter your PIN or until up to 48 hours have passed.
- Do not register a phone number that rings to a switchboard.
- You can register multiple phone numbers and email addresses for notifications.
- If you forget your PIN, call the toll-free number and press zero. You will be transferred to an operator who can help you reset your PIN or cancel notification.
- Operators are available 24 hours a day, seven days a week to assist you.
