Mission

To provide public safety by carrying out the mandates of the courts; provide a safe humane environment for staff and inmates; strengthen the work ethic through teaching of good habits; and provide opportunities for staff and inmates to improve spiritually, mentally and physically.

Vision

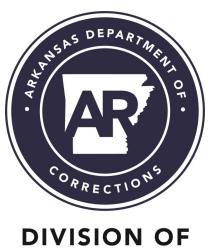

To be an honorable and professional organization through ethical and innovative leadership at all levels, providing cost efficient, superior correctional services that return productive people to the community.

Core Values

- Honor
- Integrity
- **Public Service**
- Accountability

Goals

- To maintain cost-efficient care and custody of all inmates.
- To provide appropriate facilities for inmates sentenced by the courts.
- To provide constructive correctional opportunities that will help inmates successfully return to their communities.
- To optimize inmate assignments in work programs.
- To attract and retain quality staff.
- Transparency.

Message From The Director

DIVISION OF CORRECTION

As Director, it is with sincere pride that I present you with the Arkansas Division of Correction (ADC) Fiscal Year 2019 Annual Report, as required by Ark. Code Ann. 12-27-107. I hope that this report will highlight our many successes and partnerships, and serve as a source of information about the various aspects of our agency.

Our department is charged with the difficult task of providing secure confinement and rehabilitative services to more than 17,000 incarcerated inmates in Arkansas. At the core of this difficult task is the more than 4,000 dedicated correctional professionals who diligently work towards the Department's mission and I could not be prouder of our Division of Correction employees who insure Arkansas prisons operate 24 hours a day, every day.

Throughout this report, you will find information, data and trends that basically cover nearly every facet of our agency - ranging from facility operations, personnel, fiscal matters, programs, services, activities, accomplishments and so much more. None of this happens without the hard work of all of our devoted employees in our agency. While I am absolutely proud of the work we have done together, I am also more excited about the continuous efforts underway across our department.

At some point, approximately 92% of all inmates in the Arkansas Division of Correction will return to the community, therefore, our effort has been on preparing them to become productive citizens. The pages that follow in this annual report detail our progress in keeping with our mission to provide a safe, humane environment for staff and inmates, provide programs to strengthen the work ethic, provide opportunities for spiritual, mental and physical growth.

On behalf of this agency, I extend a collective thank you for the support the Arkansas Division of Correction continues to receive from Governor Hutchinson, the General Assembly and the Board of Corrections.

Respectfully Submitted,

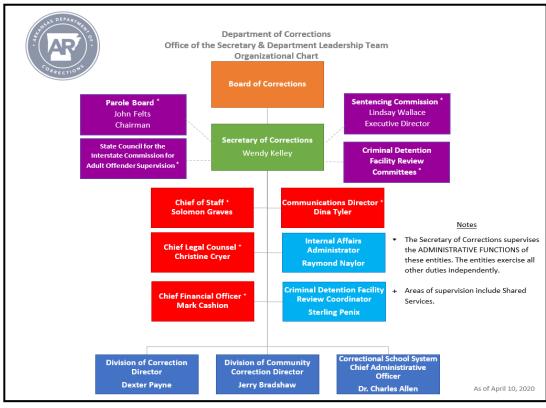

Dexler Payne

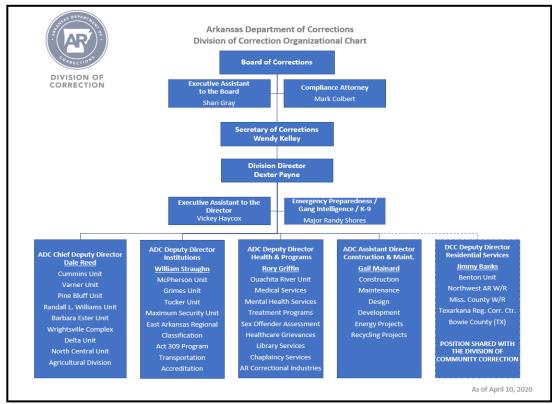

Dexter Payne
Director,
Arkansas Division of Correction

Organization

Board of Corrections

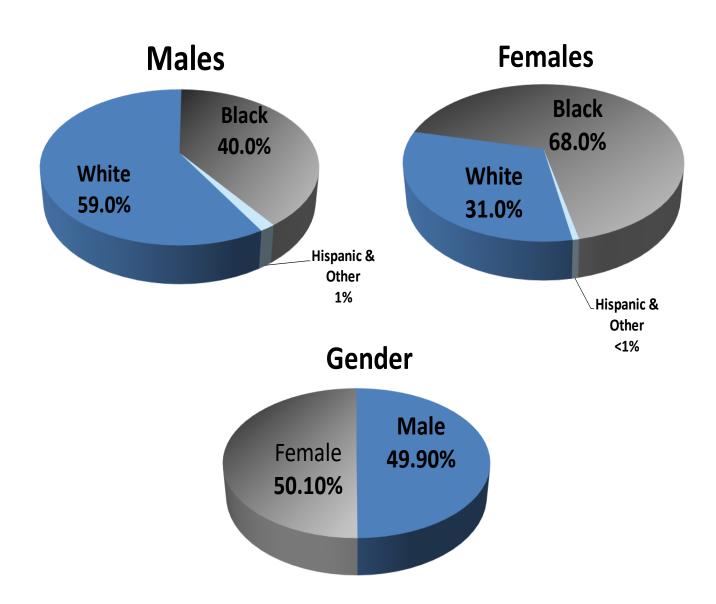

The Board of Corrections has seven members that are appointed by the Governor for seven year staggered terms. The Board of Corrections consists of five citizen members; the Chairperson of the Parole Board and a Criminal Justice faculty member employed by any four-year university in Arkansas for a total of seven voting members. Current Board of Corrections members are: Benny Magness, Chairman, Reverend Tyrone Broomfield, Dr. William "Dubs" Byers, John Felts, Senator Bobby Glover, Vice-Chairman, Whitney M. Gass and Lee Watson.

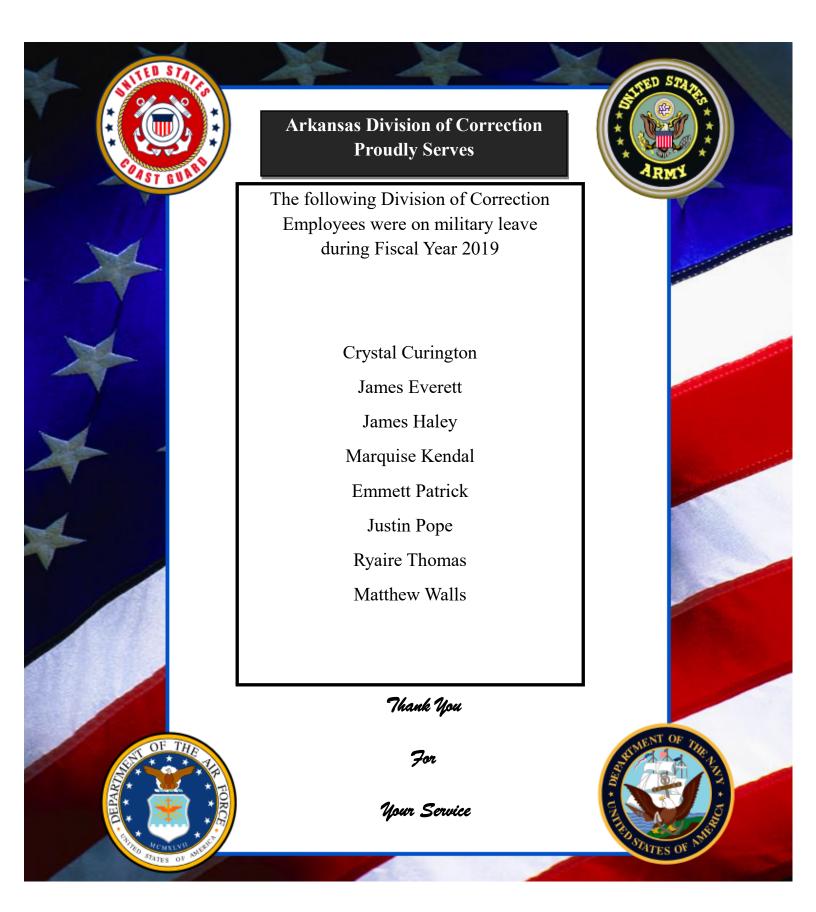

Workforce Profile

- ♦ At the end of FY2019, the Arkansas Division of Correction had a total of 4,619 assigned positions. Of the 4,619 assigned positions, 3,502 (75.81%) are security personnel who provide around-the-clock supervision.
- The ADC has 1,117 non-security staff who provide a variety of critical support functions for the agency. Although some of these employees work behind the scenes, others work directly with all inmates as program specialists, counselors and mental health professionals, as their roles are an integral part of the overall operation of the ADC.
- The beginning salary for a CO-I is \$29,045.95 \$32,404.94.
- Turnover Rate: Security 35.9%; Non-Security 14.2%.
- Ratio of Assigned CO's to Inmate: 1:06.4.

Staff Military Service

Legislation Protecting Correctional Employees Signed into Law

On Wednesday, April 3, 2019, Governor Asa Hutchinson signed Act 582 of 2019 into law with an Emergency

Clause making it effective immediately. Under this Act, if Battery in the First Degree is committed against an employee of a correctional facility (defined as a person who is employed by or working under a professional services contract with the Department of Correction or Community Correction), it is a Class Y Felony.

This legislation demonstrates that protecting correctional employees from violence in the workplace is a priority of the state.

Gratitude goes to Senator Missy Irvin and Representative Reginald Murdock for sponsoring this legislation.

It was also indeed a great honor for former Cpl. James Duke from the Maximum Security Unit and his wife (pictured below with Governor Hutchinson) to be present at this bill signing!

"Wrightsville 21" Memorial Dedicated

A memorial dedication ceremony recognizing the "Wrightsville 21" was held on the grounds of the Wrightsville Unit on April 25, 2019. The Unit sits on the site of the former "Arkansas Negro Boys Industrial" where, in 1959, 21 African-American boys were killed in a dormitory fire. The Inmate Council at the unit originally came up with the idea for a memorial and they, along with the Wrightsville Employee Corporation, donated most of the funds spent to construct the permanent marker.

The inscription on the monument reads, "But Jesus Said..." Let The Little Children Come To Me, Do Not Hinder Them For Such Belongs The Kingdom of Heaven," and includes the names of the 21 who lost their lives.

Grimes Unit Supporting Students in Area School Districts

The Arkansas Department of Correction's Grimes Unit showed support to the community by helping area students kick off the 2018-2019 school year on the right foot. The service project got underway on July 28, 2018 when the Grimes Unit Greyhounds softball team hosted a co-ed softball tournament. The softball event raised more than \$1,000, which was used to purchase school supplies and equipment for Jackson County students.

Before the new school year started, representatives of the Grimes team visited Newport High School and met with Principal Terri Kane and the school staff to donate supplies for their computer lab, as well as backpacks and school supplies for students in need. Additionally, team members paid a visit to Tuckerman High School and met with principal Michael Holland to donate school supplies there as well. The unit's involvement isn't ending with donations of school supplies. Plans are underway for staff members to regularly meet with troubled youth in the Jackson County School District throughout the year to implement "Breaking the Cycle," a program designed to help get them back on the right track.

A big thank you goes to the Grimes Unit softball team for raising the funds to get the ball rolling on such a worthwhile cause!

Grimes Unit Employees Take Part in "Donuts for Dads" Event

Several employees from the Grimes Unit took part in a "Donuts for Dads" breakfast event held for male students of the Newport School District in grades 7-12 on November 1, 2018. Since some fathers were unable to participate, the Grimes Unit representatives, as well as Officers from the Arkansas State Police and the Newport Police Department, stepped in to fill the void. The event fostered a time of encouraging fellowship among the students and members of law enforcement. Perhaps the interaction even sparked an interest in some of the students to one day pursue a career in corrections!

Maximum Security Unit Hosts Inmate Town Hall Meeting

Warden Culclager conducted a Town Meeting with inmates housed in the Maximum Security Unit's Barracks one (1) on November 6, 2018 and Barracks nine (9) and eleven (11) on November 8th. The purpose of the event was to discuss issues of concern within the inmate population, including the use of K2, unit jobs and visitation. The inmates were also invited to share suggestions that they felt

could help the unit. Plans were also discussed to hold

future Town Hall Meetings with other representatives of the unit population in a desire to build unit morale and

trust, as well as address problem solving and the fostering of mentors to work with inmates who struggle with addictions. The events were held in the unit's gym and refreshments provided by the unit's kitchen, were served to all participants.

East Arkansas Regional Unit Inmate Council Sponsors Veterans Day Program

On November 8, 2018, the East Arkansas Regional Unit (EARU) Inmate Council sponsored a Veteran's Day program honoring inmates at the unit who formerly served in the military.

Chaplain Arlene Parham, who is also in the military reserve of the United States Armed Forces, served as the master of ceremonies for the event, which was held in the unit

chapel.

EARU Lieutenant Tyrone Allison, who is also a Sergeant in the Army Reserve, served as the program's guest speaker. William Brewer, an Inmate Council member and veteran, also spoke. The event concluded with the inmates being served lunch as they viewed the movie, *Hacksaw Ridge*.

ORCU Softball Team Competes in 'Relay for Life' Tournament

Congratulations to the Ouachita River Correctional Unit (ORCU) Softball Team for finishing in the number one spot in the Hot Springs County Relay for Life co-ed Softball Tournament! Proceeds from the tournament, held on Saturday, May 4, 2019, went towards the local efforts of the American Cancer Society.

ADC Participates in Pop Tab Pandemonium 2019

The Arkansas Division of Correction competed in the 11th Annual Pop Tab Pandemonium contest benefiting Ronald McDonald House Charities® of Arkansas (RMHCA). For several months, a number of schools, business and civic groups from across the state competed to collect the most pop tabs to be recycled by the charity. All proceeds from recycling the tabs goes directly to the RMHCA to help sponsor the costs of giving families who have children in the hospital a safe, comfortable and free place to stay. The weigh-in for Pop Tab Pandemonium 2019 was held at the Little Rock Zoo, Friday May 10, 2019. More than 6,000 pounds of pop tabs were collected (which equals more than six-million pop tabs)! The ADC contributed a total of 220 pounds to the cause, with the top three units that participated collecting 123.01 pounds our total amount collected. Those units were:

- *1st Place* Grimes Unit 55.2 lbs.
- 2nd Place Wrightsville Unit 42.65 lbs.
- 3rd Place Cummins Unit 25.16 lbs.

Thank you to all of our ADC employees who took the time to pop a tab for such a worthwhile cause!

National Park Service Purchases ADC Horses

The National Park Service purchased two quarter horses, Nacho and Cinco, from the ADC to revitalize Buffalo National River's mounted patrol program in the Steel Creek area. Nacho and Cinco, have undergone several years of routine training and active service at the North Central Unit. They worked specifically on Squads and Regional Maintenance at the Calico Rock facility. Tom Green, the Horse Program Manager, transported the new horses to Steel Creek and facilitated a three-day training on equine care, barn management and horsemanship for Buffalo National River personnel.

Christian Motorcyclists Association Hold Rodeo Event at Pine Bluff Complex

Members of the Christian Motorcyclists Association visited the Randall L. Williams and Pine Bluff Units on March 22 and 23, 2019 for a "Rodeo" event. The group brought in a couple of motorcycles to the recreation yards at each unit and visited with inmates, as well as held revival services in the unit chapels. A total of 151 inmates took part in the event!

EARU Staff Observe Lupus Awareness Month

In observance of Lupus Awareness Month in May, staff from the East Arkansas Regional Unit (EARU) wore **PURPLE** on May 24, 2019 to show of support to their fellow co-workers who live with the disease!

ADC Participates in 2019 Special Olympics Law Enforcement Torch Run

Members of the Emergency Response Teams from our Pine Bluff Complex, Delta Regional Unit, Cummins Unit and Wrightsville Complex participated in the Law Enforcement Torch Run to benefit the Special Olympics Arkansas in Pine Bluff on May 22, 2019.

Eid Feast Held at the Maximum Security Unit

Leaders from Madina Institute in Little Rock visited the Maximum Security Unit at Tucker on June 6, 2019 to facilitate an Eid Feast to mark the end of Ramadan.

J. Aaron Hawkins Sr. Center Open First-of-Its-Kind Lactation Room

What used to be office space inside of the Arkansas Division of Correction J. Aaron Hawkins, Sr. Center, has been transformed into the Lactation Room. The space is the only known lactation room of its kind in Arkansas that allows incarcerated women to pump breast milk and have it shipped out to their infants while they remain in prison.

The female inmates are allowed to leave their barracks for the privacy of the lactation room whenever they need to pump breast milk. The milk is then logged, labeled and stored in a refrigerator. The caregiver of the baby or volunteers retrieves the bottles of milk from the unit and transport the milk to the baby.

Usually, there are about 7-8 female inmates at any given time pregnant in the Hawkins Unit. Within 24-48 hours after giving birth, an incarcerated female in Arkansas must say goodbye to her newborn and go back to prison. Despite the separation of prison, allowing an incarcerated woman a chance to provide nutrition for her baby, is a way to help mom and baby bond.

Accreditation

The American Correctional Association (ACA), Reaccreditation, Audits, conducted by external corrections professionals are a formal observation and evaluation of facility programs, operations, physical conditions and practices to determine a level of compliance with recognized American Correctional Association standards for reaccreditation purposes. Although Arkansas conducts internal audits annually, ACA audits are conducted at each facility once every three years. Corrections departments nationwide participate in (ACA) accreditation to standardize industry best practices. FY19 was a busy year for ACA accreditation audits in Arkansas. Five facilities were audited through the American Correctional Association in FY19 and were recommended for reaccreditation at the 149th Congress of Correction in August.

The efficient	ACA	AC	ACA Score			
Facility	Audit Date	Mandatory	Non-Mandatory			
Varner/Varner Supermax	October 9-11, 2018	100%	99.5%			
Pine Bluff Complex	March 5-7, 2019	100%	99.3%			
Northwest Arkansas Work Release Center	April 2-3, 2019	100%	100%			
Correctional Industry	April 9-10, 2019	100%	100%			
Texarkana Regional Correctional Center	April 16-17, 2019	100%	100%			

Fiscal Summary

The Division of Correction operational budget for FY2019 totaled \$354,107,530 excluding Correctional Industries, Farm & Work Release which operate under separate funds. The single largest expenditure continues to be personnel costs, accounting for 64.7% of the fiscal year's budget. The Department's personnel cost increased by \$11,738,566 during FY19, primarily due to performance/merit increases, an increase in CO salaries and more filled positions in security staff. In addition to personnel costs, other significant expenditures during FY2019 included inmate health care costs (accounting for 17.4% or \$61,675,748), utilities and communications (accounting for 3.8% or \$13,321,727) and food and supplies for inmates (accounting for 5.7% or \$20,178,015).

Cost Per Day

The Division of Correction are prison institutions where all aspects of life are conducted and administered, as they must provide everything deemed necessary for those who are confined there. There are a number of factors that must be considered when averaging the cost per day. A common measure used by states to understand this cost is the average cost per day, calculated by taking the total state spending on prisons and dividing it by the average daily prison population. The Division of Correction cost per day includes direct as well as indirect costs. It is important to note that the department must at all times provide: adequate levels of security, suitable program and administrative staff to run facilities including both supervising and providing services for incarcerated persons, provide food and programming for the inmates under their care and custody, including acceptable recreational and educational opportunities, maintenance and upkeep, including utilities and other operational costs, and increasingly, higher levels of specialized health care for a growing population with significant levels of physical and mental health concerns.

FY19 Inmate Care and Custody is \$354,107,530.00. The current cost per day is \$63.18 per day, per inmate or \$23,062.00 per day, per inmate.

Year	Per Day	Per Year	Care & Custody
2010	\$60.03	\$21,910.95	\$288,888,121.00
2011	\$59.70	\$21,790.50	\$303,606,007.00
2012	\$61.83	\$22,567.95	\$320,877,549.00
2013	\$62.93	\$22,969.45	\$320,227,065.00
2014	\$63.26	\$23,089.00	\$324,189,396.00
2015	\$62.90	\$22,959.00	\$336,640,020.00
2016	\$60.51	\$22,086.00	\$338,440,793.00
2017	\$60.56	\$22,104.00	\$346,548,778.00
2018	\$61.25	\$22,356.00	\$351,612,958.00
2019	\$63.18	\$23,062.00	\$354,107,530.00

During FY19, the Division of Correction feed approximately 15,594 inmates per day, three times per day. The Division of Correction depends on it's farm program to reduce the cost of incarceration, provide benefits without direct state funding and provide benefits without competing with private business. The Department does not pay a market value for all food produced by the farm for inmate consumption; it pays one-half the market value for all

items over the initial loan provided each year. The food provided has resulted in millions of dollars in savings for taxpayers of our state. The facilities continue to provide fresh produce to facilities through the farming program.

Furthermore, even with the increasing price of food, the approximate food cost per inmate per day for FY19 was \$1.74, a 4.4% decrease within the last five years.

Admissions

The number of Inmates admitted to the Division of Correction decreased from 8,504 (5.9%) FY18 to 8,000 during FY19

♦ Admissions by Gender: Males - 6,807 or 85%; Females 1,193 or 15%

Despite the decline since the 90's, research shows that violent crime has steadily increased since 2016 (USDOJ, 2019). The Arkansas Legislatures reclassified Residential Burglary in 2015 making it a violent offense. Residential Burglary is one of the most prevalent crimes in the United States and 6.9% of the ADC current population are serving a sentence for Residential Burglary. FY19 data reflects that 56.2% of the Division of Correction inmates are serving time for a violent offense while 43.8% are serving time for a non-violent offense.

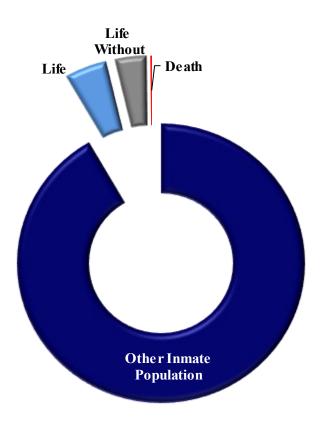

Inmate Characteristics

Lifers

- At the end of FY19 there were 1,277 inmates who had a life sentence or 8.0% of the inmate population (727 are life with parole & 550 life without parole).
- ♦ Age range: 18-89.
- ♦ Average Age: 51.
- ♦ 52.7% are Black; 45% are White; 1.8% are Hispanic & 0.5% are Other.
- 95% of the Lifers are Males & 5% are Females.
- ♦ Top Offenses includes: Capital Murder, Murder-1st Degree & Rape.
- ♦ 18 inmates were sentenced to Life with Parole & 6 Life Without Parole in FY19.

Death Row

- ◆ At the end of FY19 there were 29 Inmates on Death Row or 0.1% of the Inmate Population.
- ♦ Age Range: 23-64.
- ♦ Average Age: 48.
- ♦ 52% are Black & 48% are White.
- All were sentenced to death for Capital Murder.
- Average Length of Stay on Death Row is 14 Years, 5 Months, 12 Days.
- During FY19 one Inmate was sentenced to Death for Capital Murder from Faulkner County.
- During FY19 one inmate's death sentence was vacated from Benton County per Mandate signed by the Judge to Reverse and Remand for a New Trial.
- No inmates were executed during FY19.

Inmate Characteristics

70% Before Parole Eligibility

- At the end of FY19 there were 3,218 inmates who must serve at least 70% of their sentence before parole eligibility, which is 20.5% of the inmate population.
- ♦ Age range: 16-85.
- ♦ Average Age: 39.
- 52.5% are Black, 42.8% are White, 4% are Hispanic & 0.7% are Other.
- ♦ 95.4% are Males & 4.6% are Females.
- Top offenses include: Rape, Aggravated Robbery & Murder-1st Degree.
- 191 inmates were sentenced to serve 70% of their sentence in FY19.

50+ Years

- ♦ At the end of FY19 there were 970 inmates that were serving a 50+ Year Sentence or 6.2% of the inmate population.
- ♦ Age range: 19-83.
- ♦ Average Age: 45.
- Of the 970 inmates that have been sentenced to 50+ Years, 56% are Black, 40% are White, 3.3% are Hispanic & 1.7% are Other.
- 97.4% are Males & 2.6% are Females.
- Top Offenses include: Murder-1st Degree, Rape & Aggravated Robbery.
- ♦ 67 inmates were sentenced to serve 50+ Years during FY19.

100+ Years

- At the end of FY19 there were 161 Inmates who were serving a 100+ Year Sentence or 1.0% of the inmate population.
- ♦ Age range: 20-83.
- ♦ Average Age: 50.
- ◆ Of the 161 inmates that have been sentenced to 100+ Years, 59% are Black, 36% are White, 3.1% are Hispanic & 1.9% are Other.
- ♦ 97.5% are Males & 2.5% are Females.
- Top Offenses include: Manu/Deliver Controlled Substance, Rape & Aggravated Robbery.
- ♦ 7 inmates were sentenced to serve 100+ Years during FY19.

These characteristics are based on total sentence length and may be the result of cumulative sentences. Please also note that Inmates sentenced to 100 or more years are a subset of inmates sentenced to 50 or more years.

Elderly Population

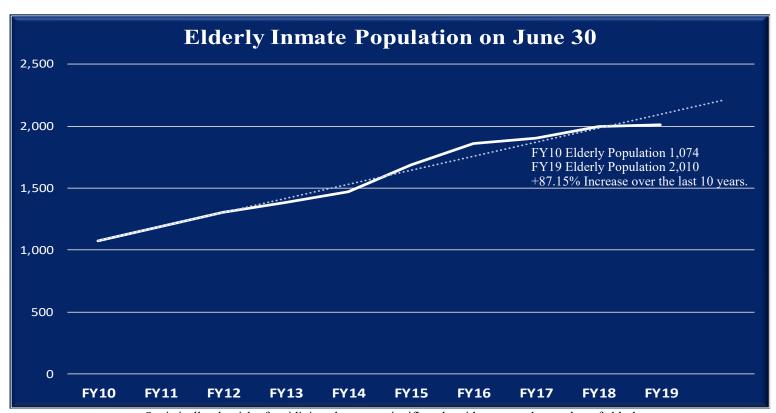

Elderly inmates are defined by the Arkansas Division of Correction as inmates who are 55 and older. Harsh prison sentences over the past 40 years have led to an increase in the number of older incarcerated individuals (Synder, van Wormer, Chadha, & Jaggers, 2009). In fact, older inmates, those who are 55 years of age and older, are the fastest-growing age cohort in U.S. prison facilities (Psick, Simon, Brown, & Ahalt, 2017).

Elderly Inmates in the Division of Correction on June 30, 2019

- ◆ At the end of FY19 there were 2,010 elderly inmates serving time in the Division of Correction or 12% of the inmate population.
- ♦ Age range: 55-94.
- ♦ Average age: 62.
- 94.5% of the elderly inmates in prison were male; 5.5% were female.
- 64% are White, 33% are Black, 2% are Hispanic & 1% are Other.
- ◆ Top Offenses include Rape, Murder-1st Degree & Sexual Assault.

Elderly Inmates admitted to the Division of Correction from July 1, 2018 to June 30, 2019

- 295 inmates who were age 55 or older were admitted to the Division of Correction during FY19. They accounted for 3.68% of the admissions.
- ◆ The majority were admitted for -Poss Drug Paraphernalia Meth Cocaine, Poss Cont Sub Sched I,II Meth Cocaine<2g & Failure To Register Child/Sex Off.
- The oldest male inmate admitted was 85.
- The oldest female admitted was 69.

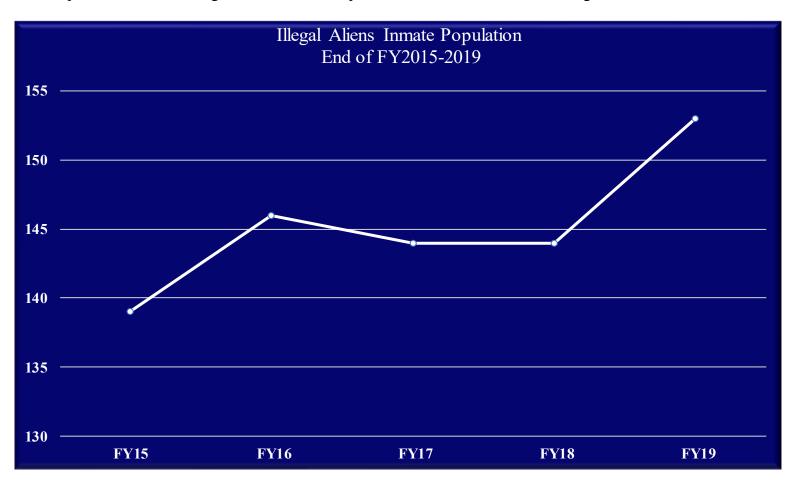

Statistically, the risk of recidivism decreases significantly with age, yet the number of elderly prisoners (age 55+) continues to be the fastest growing age group. They represent 12% of the Division of Correction Population and have a growth rate of 87.15% over the last 10 years.

Foreign National Inmate Population

Foreign National inmates are those who are born outside of the United States. The Arkansas Division of Correction defines foreign nationals as inmates who are *Naturalized* (not born in the United States but are here legally), *Resident Alien* (not born in the United States but are here on a Visa), *Illegal Alien* (not born in the United States and are here illegally) or Unknown/Other. According to data, over the past five fiscal years, the Arkansas Division of Correction foreign national population has remained consistent

As of June 30, 2019

- 1.8% of the Division of Correction jurisdictional count were Foreign Nationals.
- 95% Males; 5% Females
- 69% Hispanic, 13% White, 10% Asian, 4% Black, 3% Native Hawaiian or Pacific Island, 1% Other.
- Age range: 18-72
- Top three birth countries: 47% Mexico, 6% Guatemala, 5.6% El Salvador, All Others 41.4% *Self-Reported Inmate Birth Country Statistics
- 153 or < 1% of the Division of Correction jurisdictional count were Illegal Aliens with an additional 32 possessing an undetermined status.
- 103 were Naturalized Citizens
- 37 were Resident Aliens
- 64.7% of the Illegal Aliens have active ICE Detainers.
- Top 3 offenses of the Illegal Aliens include Rape, Sexual Assault & Murder-1st Degree

Inmates are encouraged to conduct themselves in a manner that promotes the good order of the institution and discourages non-compliance with institutional rules. When an inmates behavior requires discipline because of their non-compliance with institutional rules and regulations, appropriate disciplinary action is taken. According to the agency electronic Offender Management Information System (eOMIS), the above table illustrates data reflecting 12 months of charged and guilty findings. The above reference table delineates that 94,924 disciplinary rule violations were charged during FY19, which is a 12.64% increase from FY18. Of that 94,924 major disciplinary rule violations charged, 70,825 were found guilty. Average conviction rate 74.61%

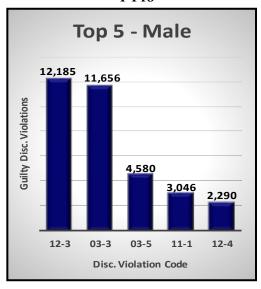

Inmate Disciplinary Data Continued FY18 vs. FY19

FY18

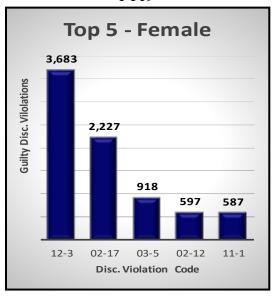

These two tables show that both male and female inmates' top five major disciplinary issues are similar during FY18 such as Failure to Obey Order of Staff which accounted for 22.87% of the inmates who were found guilty of this rule violation during FY18.

FY18

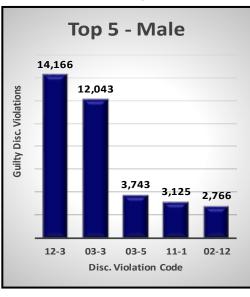

FY19

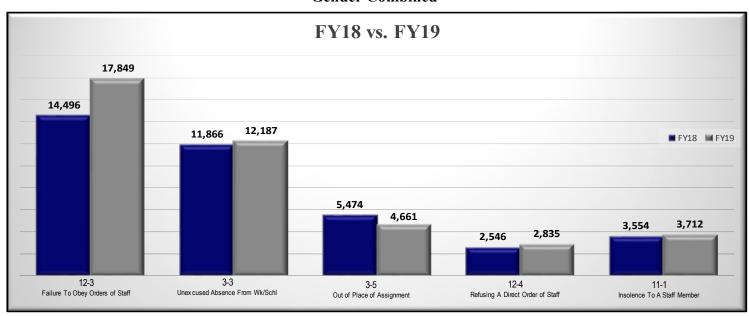

Although the type of disciplinary issues remain relatively the same between male & female inmates from FY18 to FY19, the FY19 table shows that the number of Unexcused Absence from Work/School (3-3) for males continue to rise by 3.3% since FY18. (In response, the Department began sending

Gender Combined

Assault & Battery on Staff

Correctional Officers are responsible for maintaining safety and order in our institutions. However, due to the nature of their occupation, correctional officers commonly experience some form of work-related victimization (Ellison & Gainey, 2019). In fact, the Bureau of Labor Statistics ranked correctional officers among the highest occupations for injuries. As such, the management and operations of prisons is difficult work. It requires an equal measure of patience, discipline, training, fairness, firmness, consistence and creativity. During FY19 Governor Asa Hutchinson signed Act 582 of 2019 into law an Emergency Clause making it effective immediately. Under this Act, if Battery in the First Degree is committed against an employee of a correctional facility (defined as a person who is employed by or working under a professional services contract with the Department of Correction or Community Correction), it is a Class Y Felony.

The below chart show the daily incident counts during FY19 of employees employed by or who are working under a professional service contract with the Arkansas Division of Correction who are some of the most vulnerable of all state employees.

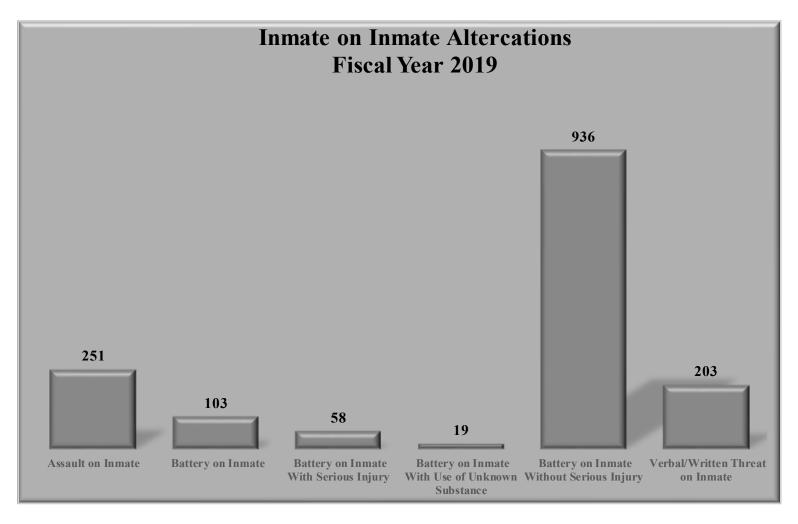

Inmate on Inmate Altercations

One of the goals of Arkansas Division of Correction is to provide safe and secure facilities. However, physical altercations between inmates are one of the most common forms of violence within prisons. Inmate misconduct can create issues for other inmates as well as correctional staff. Both institutional and individual level factors can influence inmate on inmate violence (Davis, 2017). Some potential factors for increased risk of violence among inmates can include gang affiliation, history of violence, length of sentence, age, level of custody, racial composition of inmates and staff, mental health and lack of appropriate coping skills (Davis, 2017; Steiner, 2009). Another common source of inmate altercations can stem from the presence and protection of contraband. Therefore, the following objectives are in place to ensure all facilities will be safe and secure:

- Continue to enhance contraband interdiction efforts at all facilities.
- Mass searches at a facility with ERT and field staff.
- Continue drills with all staff responding to inmate/staff emergencies.
- Continue monthly unit vulnerability assessment program to detect vulnerable areas before incidents occur with copies to the Warden, Deputy Director and Department of Emergency Preparedness Coordinator.
- Improved use of software to detect patterns in incident occurrences to ensure good security practices are being administered throughout ADC facilities.
- Continue to identify and track high-risk inmates and potential victims.

The below charts depicts the number of inmate-on-inmate altercations during FY19.

Emergency Response Team

Emergency Preparedness ensures the Department has viable emergency operations plans (EOP) and continuity of operations plans (COOP) in place for each correctional complex as well as for each ADC office building. The Department recognizes the vital role it has in providing for the safety of the citizens it serves as well as its employees and the incarcerated individuals reprimanded to its care. The purpose of these plans is to enhance our ability to mitigate losses, respond quickly, and resume normal business when a disruption occurs, whether technological, natural or human-caused. Annual exercises tests the Agency's emergency response capabilities and ensure all staff are proficient in procedures and practices.

They train hard, expand their tactical knowledge and they are prepared for the day-to-day operations of our agency.

The Emergency Response Team train to respond to incidents, riots, mass searches, disturbances, escapes, as well as other situations in our facilities. They often handle uncooperative and violent inmates but they specialize in containment and resolution of prison emergencies.

Emergency Philosophy

Save lives and prevent injuries.

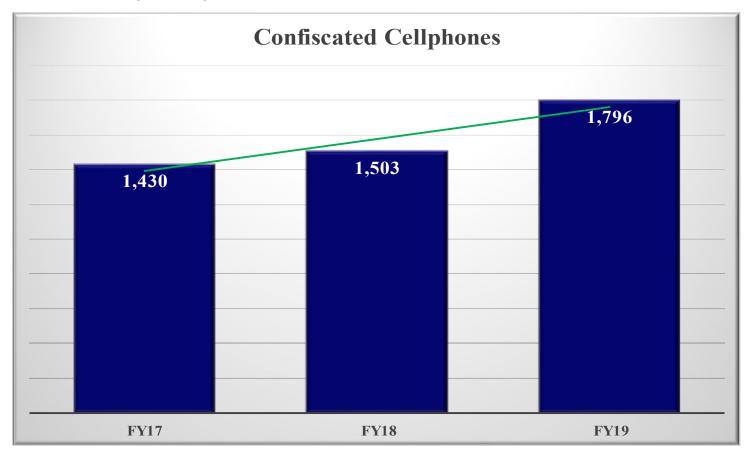

Combating Contraband in Prison

The Arkansas Division of Correction has over 4,600 employees and one of our agency goals is to provide appropriate facilities for inmates sentenced by the courts by continuing to enhance contraband interdiction efforts at all facilities. Contraband can take the form of weapons, money, drugs, tobacco, alcohol and cellphones. Although cellphones are considered contraband, yet thousands are smuggled in each year (Christie, 2010). Cellular phone use is a prevalent and growing issue in correctional facilities across the U.S. (Fitzgerald, 2010). It has been noted that some incarcerated individuals use cellular phones to connect with friends and family, while others use cell phones to conduct criminal activities (Christie, 2010; Fitzgerald, 2010). Contraband cell phones in our facilities can impede our ability to maintain a safe and secure environment. In FY18 we confiscated 1,503 cellphones, while in FY19 we confiscated 1,796 cellphones. This is a 19.5% increase from FY18.

Smartphones, cellphones and other mobile devices are a dangerous tool in prison, yet it is a constant challenge in finding ways to keep such contraband items out. The number of cellphones confiscated has increased over the last fiscal year. This is due in part to our use of different technologies designed to detect and disable contraband wireless devices and detect contraband. We have walk-through metal detectors, cellphone detection equipment and surveillance cameras. We have body scanners at several facilities as well as the continued implementation of our mail policy, has reduced the average number of K2 related incidents of 883 from FY18 to 737 for FY19. This is a 16.5% decrease from FY18.

The Office of Emergency Preparedness, K-9 Units and Unit Staff conduct unannounced drug interdiction operations by searching employees, visitors, inmates, vehicles and areas on the Division of Correction properties. It is also important to know that the Inmate Disciplinary manual states in part that if found guilty of possessing a cellphone an inmate may lose all good time and lose telephone system privileges for 1 year. It is equally important to know that Arkansas State Statute 5-54-119 prohibits the furnishing, possessing or using prohibited articles such as a cellphone.

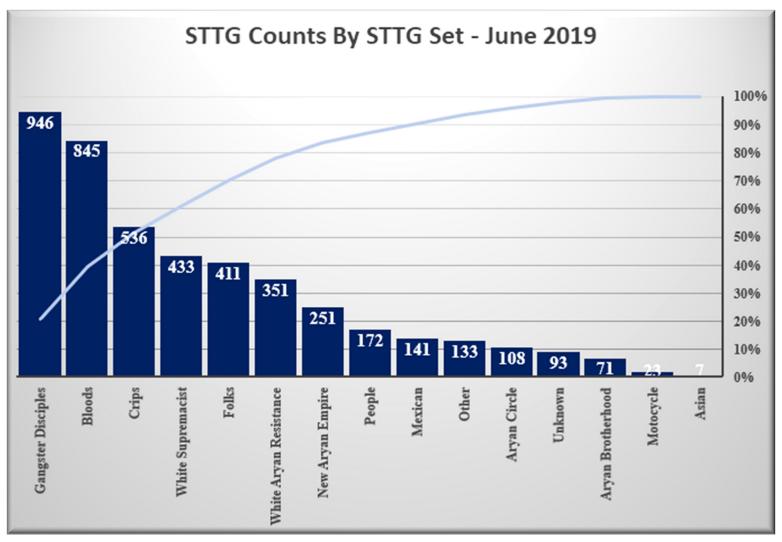

The chart below depicts the number of cellphones confiscated over the last three fiscal years. Please note that these totals are the number of cellphones found as well as confiscated. In many cases, drops can be found where as many as 20-50 cell phones are stuffed in duffel bags, trash bags, balls, under trees, etc.

Security Terrorist/Threat Group (STTG)

It is the policy of the Division of Correction to establish procedures for the purpose of identification, confirmation and review of inmates affiliation with Security/Terrorist Threat Groups and to set forth guidelines regarding their maintenance of inmate security/terrorist threat group files. As such the Division has a dedicated Agency Security Terrorist/Threat Group (STTG) Coordinator who continually monitors growth, participation, expansion and documentation of all persons found to be joined or affiliated with any known STTG. The Agency STTG Coordinator also monitors conception, development, branch, set or subset of new or from existing STTG's. The Agency STTG Coordinator also oversees and monitors the Unit STTG efforts within our institutions. Throughout the year, STTG Members are sentenced to the Division of Correction custody from Arkansas's 75 counties. ORCU Intake brought in 1,729 new STTG members during FY19, which is a 5.4% decrease from FY18. As of June 2019, 4,521 of the Department's 15,674 (28.9%) inmates were identified as STTG. The below chart depicts STTG Counts by STTG Set as of end of FY19. As shown, the Gangster Disciples are the largest FOLK Nation group in the Division of Correction.

*Data consists of June 2019 snapshot

Safety and Security

The prevention of escapes is the highest priority of the Arkansas Division of Correction. To ensure public safety and to prevent escapes from inside of prisons, the Division of Correction utilizes a number of factors to prevent escapes such as comprehensive, constructive and non-adversarial security audits, searches, announced as well as unannounced shakedowns, just to name a few.

There were no escapes from the secure perimeter of a major institution in FY2019.

- There were 4 walkaways (escapes occurred while on work detail outside of secure perimeter or while in the community working on work release). All were recaptured.
- There were 4 attempted (and thwarted) escapes in FY19.

	ESCAPE	ATTEMPTED ESCAPE	WALKAWAYS
FY2015	1	4	2
FY2016	0	2	4
FY2017	0	7	4
FY2018	0	7	1
FY2019	0	4	4

Health & Correctional Programs

The Division of Correction Health & Correctional Programs offer inmates with a wide range of programs and services to assist them while they are incarcerated as well as provide them with the necessary education and tools to improve their lives after release. Specific treatment and specialized programs provide the Division of Correction inmates with meaningful opportunities for positive behavioral change, skill development and motivation to become self-sufficient, productive members of society upon release. As correctional resources are limited and incarceration is costly, it is important to focus resources on inmates with the highest level of need and to ensure completion of correctional programs prior to the inmate's earliest release date. The Division of Correction offers a variety of programs and classes to each inmate while balancing the need for personal accountability with opportunities for inmates to improve their self-worth and become law-abiding citizens.

Warden Earl & Major Maurice Culclager assess an inmate as he presents his public speaking assignment given by Warden Earl. Warden Earl takes an active part in the Think Legacy Program.

Words From A Think Legacy Program Participate

"The Think Legacy Program has played a very significant role in my life. After I decided to change I needed something to help me along the way. The Program not only provided the much needed help, it also allowed me to be around like minded individuals, that is a challenge in this setting. I specifically like the fact that the program raised my awareness to my thinking errors. I thought it was cool to use drugs and alcohol. I thought it was normal to act out violently if someone said or did something I didn't agree with. I didn't see the impact of selling drugs and the damage it does to the community. Also I didn't realize I was making victims out of so many people other than myself. The Program encouraged me to repair the relationships that I damaged while living a criminal lifestyle. The Program inspired me to strengthen my relationship with my loved ones and friends. If I had to do it all over again, I would not change a thing about my life. I would not trade the partial man that I was for the mentally wholesome man that I am today for nothing in the world. I have God and the Think Legacy Program to thank for that." Inmate D. Mack

Religious Services

It is the policy of the Division of Correction to allow inmates access to the opportunity and means to learn religions and to practice a religion of choice, without undue restriction. All religious activities-worship services, meetings, counseling, visiting-must comply with institution schedules and guidelines. At reporting time, 80.7% of the inmate population subscribes to one of 42 religious affiliations. The Division of Correction currently has approximately 24 full-time Chaplains plus an Administrator of Chaplaincy Services and numerous volunteers who provide direct services to inmates pursing individual religious beliefs and practices as is consistent with safety of inmates and staff. The goal of the Religious Services of the Division of Correction is to provide spiritual and moral guidance to every inmate who desires assistance, and to the staff who desire or require assistance.

Education at a Glance

Education for inmates is provided through the Arkansas Correctional School System. The accredited district provides non-graded programs that enables students to progress individually. Academic testing during intake orientation determines placement. Students are retested at three month intervals and may be promoted to higher levels, with the potential of earning a high school equivalency (GED) diploma. Inmates have also earned associates and bachelor degrees with several schools and universities offering on-site classes. The Board of Corrections has made education mandatory for all capable inmates who lack their GED or High School Diploma. Since this mandate in 1973, the Arkansas Correctional School has successfully graduated approximately **24,671** graduates.

We continue to provide opportunities so that our inmates may return to society with skills and a chance to contribute to their communities in meaningful ways as responsible citizens. Giving inmates a second chance through education, the Division of Correction has partnered with Arkansas State University Newport (ASUN), Central Arkansas Baptist Bible Institute (CABBI), Likewise College and Shorter College in which inmates have enrolled in college programs. Under the U.S. Department of Education Second Chance Pell Pilot Program, incarcerated students can receive federal Pell Grant funding for postsecondary education.

Riverside Vo-Tech

Vocational Education is provided by the Riverside Vocational Technical School. Its mission is to provide vocational, technical and educational opportunities to all qualified persons incarcerated in the Department of Correction and the Department of Community Correction, thus enabling them to enter the world of work with basic skills necessary to succeed in their chosen professions. Courses are individually paced ranging from 9 to 12 months to complete, with some that allow the inmate to receive an occupational license.

Arkansas Correctional Industries (ACI)

The Mission of the Arkansas Correctional Industries (ACI) is to train and educate inmates in marketable skills through various programs, thus enabling them to produce quality goods, products and services. ACI accomplishes this by providing a work setting which replicates private industry. Participating inmates allow ACI to support the efforts of governmental entities and non-profit organizations by offering these groups quality goods and services at competitive prices. Revenues derived from these efforts permit ACI to expand its ability to train inmates in high-demand fields and offer additional products and services to its customers. ACI programs support the Department's reentry efforts by providing inmates a worthwhile programming option while incarcerated to develop marketable

hard and soft skills, thereby positioning themselves for employment upon release. Fiscal Year 2019 was a very productive year for Arkansas Correctional Industries. From 2018 to 2019, we advanced our revenues which enabled us to make many improvements and strides in our rehabilitation process. During FY19, we saw an 8% increase in our overall gross profit. This allowed us to make many improvements in our plants as well as increase our capabilities to ensure that we are training

our inmates on up to date equipment that could decrease their chances at recidivating. During FY19, we invested money back into our programs. For example we put a new roof on our warehouse and purchased new trucks for the delivery and installation teams at our warehouse. This was done to better serve our customers and increase our delivery options and speed. We also bought a new laser printer for our Graphic Arts Division and added new innovative products to our offerings to increase our

printer for our Graphic Arts Division and added new innovative products to our offerings to increase our market base. We increased our capabilities within the Bus Factory Division by purchasing a promotional products machine. This allowed us to merge into a market that we have never been involved in and allowed us to better promote ACI. We saw improvements in our online e-commerce site and an increase in traffic as well. Our online purchases went from a little under \$3,000 a year ago to over \$70,000 in FY19. This website also features many

Agriculture Division

The Arkansas Division of Correction Agriculture Division is designed to be a self-supporting program which provides cost efficient food for inmates. The Division's primary goals are to: provide useful and meaningful work for inmates, cost-effectively produce sufficient food for inmate consumption, and maximize revenues from production and the sale of marketable field crops and livestock. The Division also supports the security efforts of the Department's facilities by providing horses through the equine program and by maintaining "buffers" of land between many of our

facilities and surrounding communities. Approximately 18% or 3,000 average number of inmates are assigned to the Agriculture Division through the Department's classification system, to job assignments in support of the Agriculture Division. This number includes both those assigned to "specialized jobs" as well as various Field Utility Crews. The ADC depends on the Farm Program to reduce the cost of incarceration, provide benefits without direct state funding and provide benefits without competing with private business. The food provided has resulted in millions of dollars in savings for the taxpayers of our state.

Regional Maintenance

The Arkansas Division of
Correction operates a
Regional Maintenance
Program which is in line with
the Department's Mission
Statement, "To strengthen the
work ethic through teaching
of good habits". Our Inmate
Work Crews provide services
such as inmate labor,
maintenance, construction,
assist after storms to cleanup

the damage in communities, filling sandbags, clean ditches, highways, parks, demolition of buildings, schools and organizations. The Regional Maintenance Crews provided valuable help to the State of Arkansas with a total of 494,036 hours of giving back to the communities during the year.

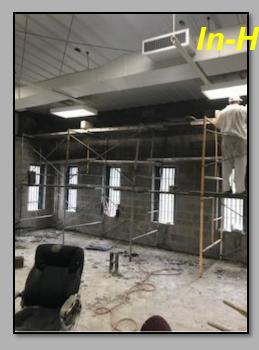

The below chart depicts the number of hours per facility worked during Fiscal Year 2019.

Construction and Maintenance

The Arkansas Division of Correction regularly looks for and implements, efficiencies. Construction and Maintenance builds and maintains facilities required for departmental operations. Many construction projects are completed using inmate labor, which provides work and training for inmates and reduces departmental overall construction costs.

Pine Bluff Unit Renovation (9 Barracks)

In-House Construction

Job/Work Program

Research has found that jobs/programs are positive for inmates and the community. It has also been noted that meaningful work provides a skill and helps to cultivate self-esteem. The Vision of the Arkansas Department of Correction is to be an honorable and professional organization through ethical and innovative leadership at all levels, providing cost efficient, superior correctional services that return productive people to the community. The Unit Classification Committee makes all work assignments. All inmates assigned to the Arkansas Department of Correction are assigned a job if they are medically able to work and disciplinaries will be written if an inmate refuses a work assignment. Most job assignments are based on the inmate's medical class status and the ADC does not pay wages to inmates.

• End of FY19 Number of Employees: 154

The Ester Unit is an all male facility located west of Pine Bluff, in Jefferson County. Original construction of this facility began in 1978 with inmate labor bused from Cummins Unit. The Diagnostic Unit began operating as a reception center for the ADC in 1981 when the first inmates were delivered from the county jails. The initial construction had not been completed when it was expanded to a capacity of 486 inmates. In 1993, modifications to accommodate inmates with special needs reduced the capacity to 467 and then in 1995, beds were added back. In January 2012 this facility was closed, moving all operations to the Ouachita River Correction Unit in Malvern. In 2015, the remodeling of this unit began with the inmate living area first. July 2015, the first 184 inmates moved in followed by 196 in December 2015. The opening of the last barracks and the Medical Department occurred in 2017. Special Operations and Programs include the Veteran's Program, Think Legacy, Substance Abuse, Vo-Tech Computer Program, GED Program, Shorter College, Workforce Alliance for Growth in the Economy (WAGE) Program, Advanced Principals and Application for Life (A.P.A.L.).

FY19 Average Daily Population: 53End of FY19 Number of Employees: 16

The Division of Correction recognizes that the majority of inmates incarcerated will be released into the community. Therefore, we strive to give inmates the needed skills and work ethics to succeed once they are released. The ADC is honored to be in partnership with community employers in providing the Re-Entry inmates a chance to become productive citizens. While in the program, inmates are required to pay dependent care for their minor children, fines if applicable and to save money to be utilized upon their release. The Pine Bluff Re-Entry Center has approximately 19 Contracts/Employers in the Pine Bluff Area providing jobs to male inmates at a salary range of \$10.00 - \$17.50 per hour.
