## DIVISION OF COMMUNITY CORRECTION

### MESSAGE FROM THE DIRECTOR

The Division of Community Correction (ACC) respectfully submits its Annual Report for Fiscal Year 2022. ACC employees stand strong in serving the citizens of Arkansas through their commitment to public safety and fiscal responsibility.

ACC employees meet the highest standards of effectiveness, efficiency, and integrity through their hard work and dedication. I believe this report will reflect that.

ACC provides programs responsive to the needs of the people of the State of Arkansas and adult offenders in our custody or under supervision. These evidence-based programs include life skills, chemical-free living, anger management, vocational, and other job skills training.

In December 2021, the Arkansas Legislative Council approved new salary grids for grades GS 1 to GS 5 and GS 6 to GS 10 positions working Security, Deputy Wardens, Food Service, Treatment and Parole/Probation Supervision. The approval allowed the Division to increase starting salaries for Parole/Probation Officers to \$39,695. We hope higher salaries will help ACC attract and retain personnel.

In April 2022, we finalized the purchase of the former White River Juvenile Detention Center in Batesville. The facility will become the seventh community correction center. The White River Correctional Center will have a bed capacity of 173. This will allow the Department of Corrections to reduce county jail backup by holding approximately 700 offenders annually. These offenders would have been housed in county jails for 90-day terms with most being short-term parole revocations.

In the coming year, we will continue to focus our efforts on reducing recidivism, holding offenders accountable, containing correction costs, and enhancing public safety.

Sincerely,

A handwritten signature in black ink that reads "Jerry Bradshaw". The signature is written in a cursive, flowing style.

Jerry Bradshaw, Director  
Division of Community Correction

## DIVISION OF COMMUNITY CORRECTION

# MISSION STATEMENT AND CORE VALUES

### MISSION STATEMENT

To enhance public safety by enforcing state laws and court mandates through community partnerships and evidence-based programs that are cost efficient and hold offenders accountable while engaging them in opportunities to become law-abiding, productive citizens.

### VISION STATEMENT

Public safety is paramount in our supervision, sanctions and services that facilitate positive change in offenders.

### MOTTO

Serving Justice

### PHILOSOPHY

We place priority on public safety while providing opportunities for positive change.

### CORE VALUES

#### ***Accountability***

We accept responsibility and consequences for our actions.

#### ***Integrity***

We exhibit professional conduct with the highest ethical standards.

#### ***Honor***

We serve the public in a manner that exhibits good qualities and character.

#### ***Justice***

We employ equitable processes ensuring fair outcomes that promote public safety.

#### ***Loyalty***

We support and show allegiance to the ACC mission, goals, and objectives.

#### ***Duty***

We fulfill the responsibilities of our jobs in accordance with laws, policies, and procedures.

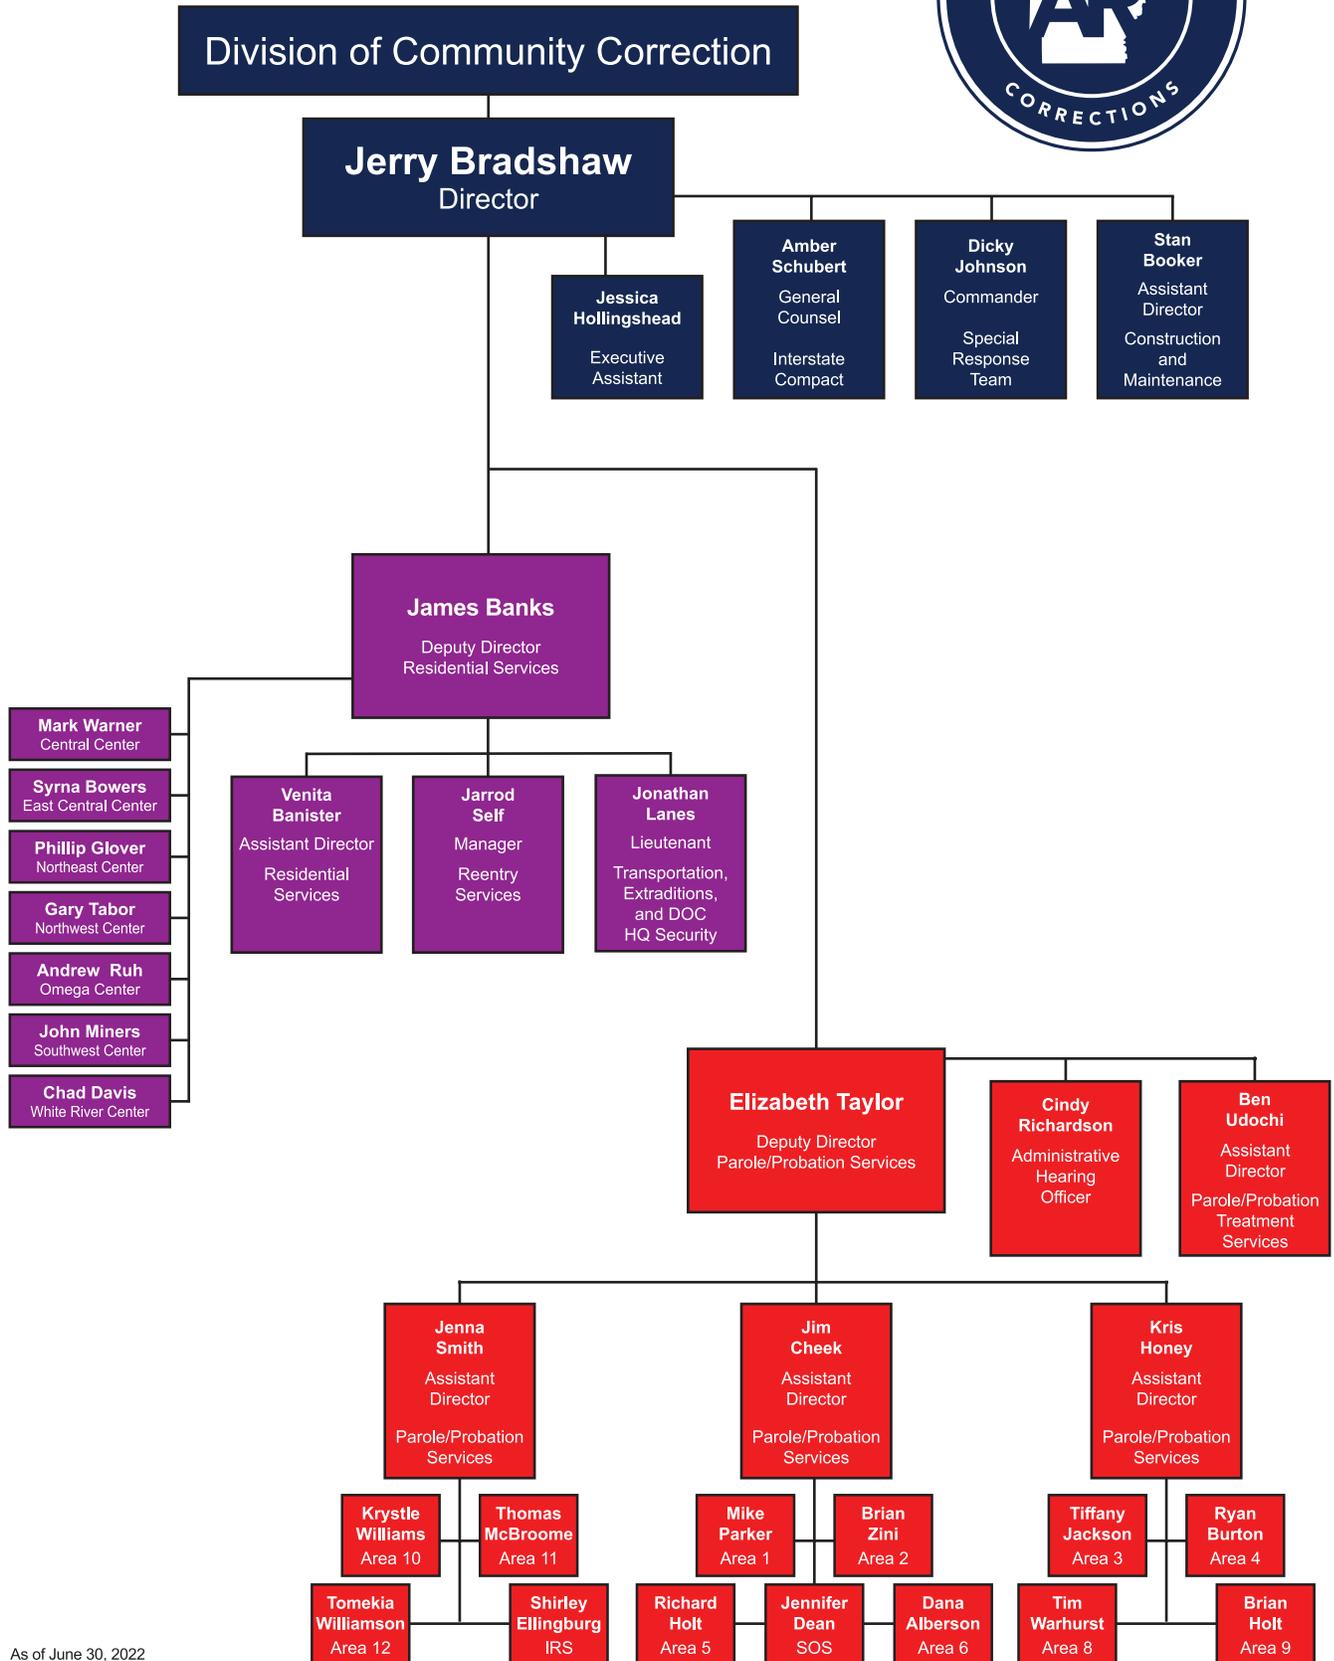

#### ***Teamwork***

We work together as “one team” for the success of the agency.

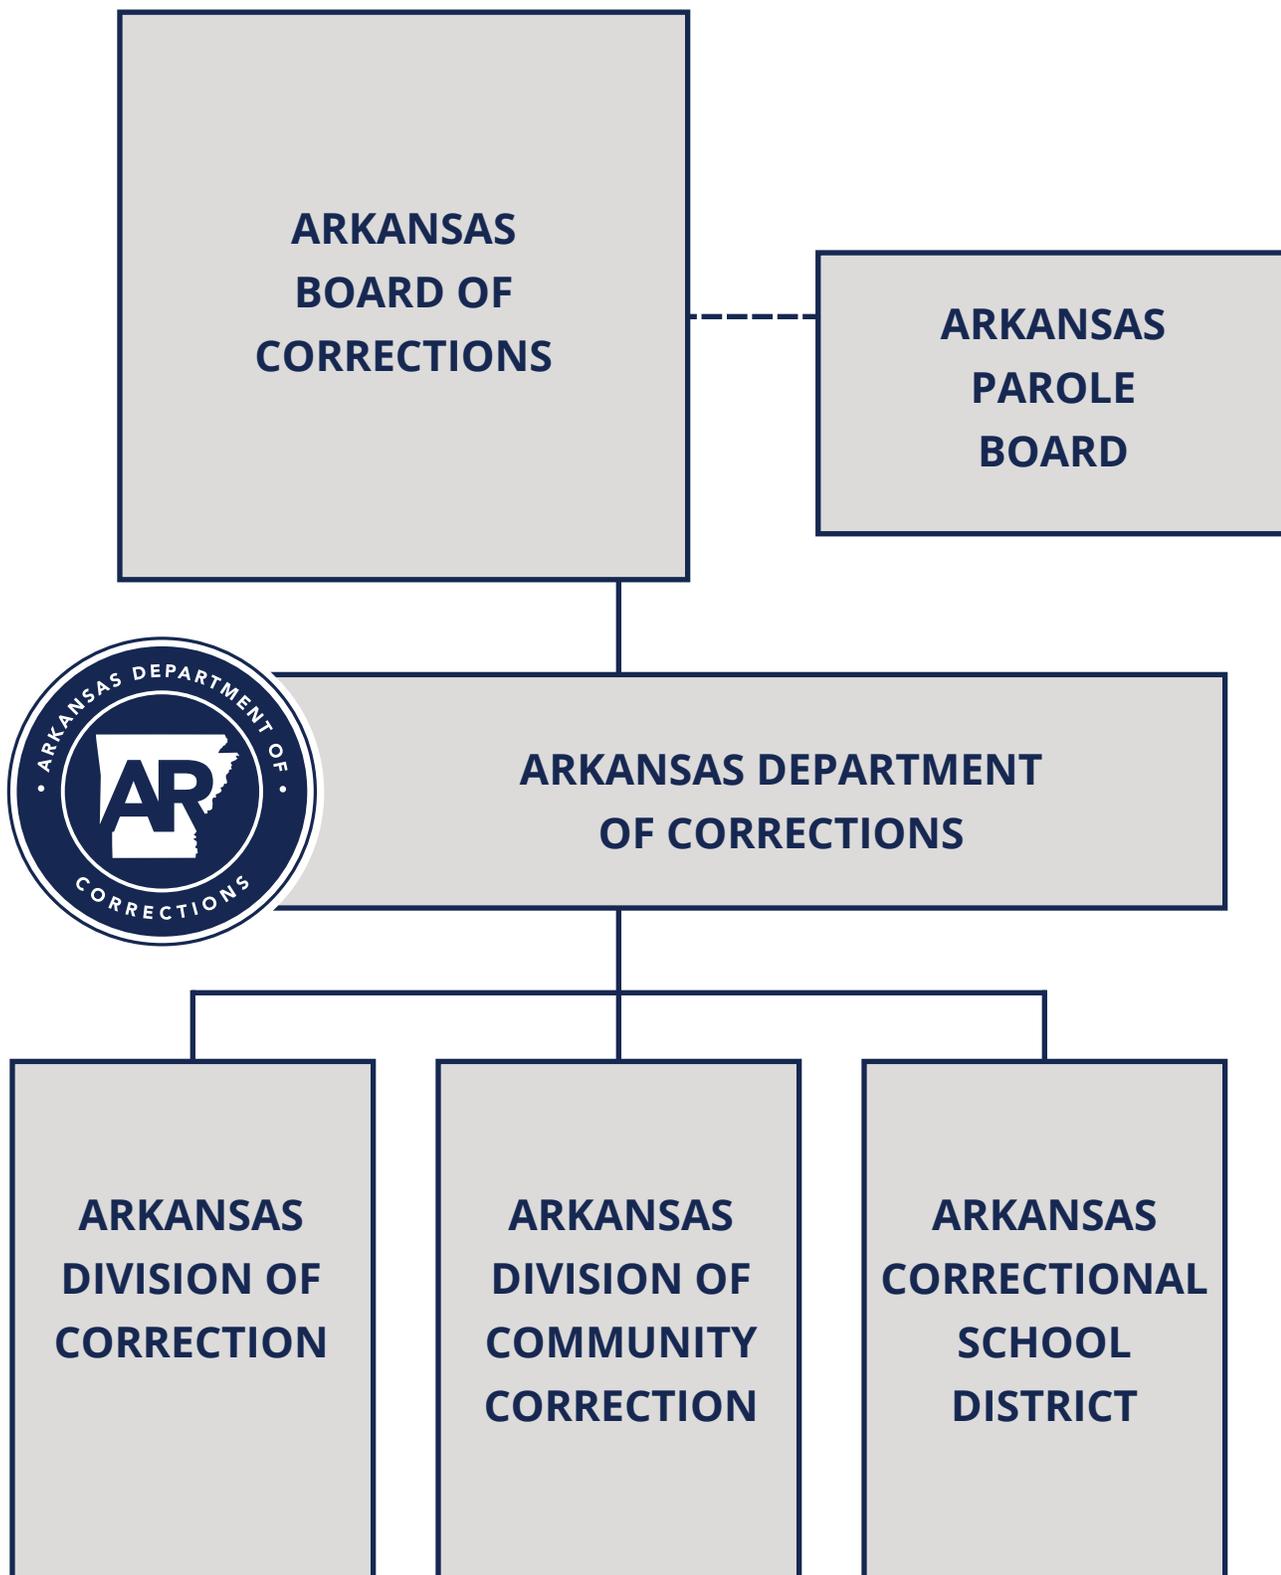

### GOALS

- To provide appropriate and effective supervision of offenders in the community.
- To provide for the confinement, care, control and treatment of offenders sentenced to or confined in community correction centers in an adequate, safe and secure environment.
- To develop and implement sanctions, programs and services needed to function within the scope of the mission.
- To improve staff recruiting, retention and training efforts.

## MEMBERS

The Board of Corrections is the governing body of the Department of Corrections. The purpose of the Board of Corrections is to manage correctional resources in the state such that offenders are held accountable for their actions, victims' needs are addressed in a positive manner, and the safety of society is enhanced. The specific powers and duties of the Board were established by Amendment 33 to the Arkansas Constitution and are codified in A.C.A. § 12-27-105 and § 25-43-401. The seven members of the Board of Corrections are appointed by the Governor to serve a term of seven years.

### THE YEAR IN REVIEW

#### Changing Lives

On April 19, Secretary Solomon Graves visited Batesville to close on the purchase of the former White River Juvenile Detention Center from Independence County. With the final approval of the Board of Corrections, the capacity of the center, which will be renamed the White River Correctional Center, will be expanded to 173 beds and will allow the Division of Community Correction to provide a minimum of 600 parole violators per year with additional services and other interventions.

The Franklin County Drug Court program in Area 5 took the classroom outside and created a beautiful garden in September 2021. The garden is located on the side and back parking lot of the Ozark office. Drug Court participants work in the garden daily by planting seeds, watering, weeding, and picking ripe vegetables. Friday is the day most of the participants gather to harvest and eat together on the picnic table. A sense of community, acceptance, love and belonging can be felt.

Chaplain Dr. Patrick Mead baptized 30 residents at the Central Arkansas Community Correction Center in Little Rock during December 2021.

In June 2022, donations were given to the East Arkansas Community Correction Center by 15th Street Church of God in Christ in West Memphis.

### THE YEAR IN REVIEW

#### Serving Community

In October 2021, **Parole and Probation 4-21 Academy** cadets helped complete a community service project in memory of longtime ACC SRT Agent Arzo Johnson, who died unexpectedly a couple of months before. The project benefited foster children, a cause close to Johnson's heart. The group collected items such as backpacks, school supplies and sporting equipment, as well as more than 20 large plastic totes to hold the children's personal belongings.

**Area 1 Parole and Probation** staff are pictured in 2021, ready to hit the streets to ensure compliance with laws that prevent sex offenders from participation in Halloween events.

Community service workers in **Area 5** stepped up to help when on February 10, a fire swept across a large portion of the Fort Smith National Cemetery. More than 1,600 headstones were affected by the fire. The marble headstones

had to be scrubbed with a special solution and soft brushes as to not damage the lettering on the stones. With buckets and scrub brushes in hand, Area 5 Fort Smith community service workers answered the call to help with the cleaning.

While out conducting home visits on March 16, **Area 11** Agents Dustin Parker and Brooke Williams stopped at a local store. While talking with a grandmother, she asked if her grandchildren could meet them, because both of the boys want to be police officers when they grow up. The kids then asked to have a photo taken with their heroes and the officers obliged.

### THE YEAR IN REVIEW

On April 27, **Area 4** Parole and Probation Agents Bryan Hook and Ashley Stuart and SOS PPO/ Aftercare Coordinator Michelle Earnhart participated in the awards ceremony at the Special Olympics games held at Valley View High School in Jonesboro. The agents, along with Craighead County Sheriff Marty Boyd, Jonesboro Police Department Chief Rick Elliot, and various other local law enforcement officers from Craighead County had the pleasure of presenting the athletes with their event medals. It was an exciting day for both the athletes and the law enforcement representatives

Also in April, **Fort Smith Parole and Probation** Officer II Chase Ridenour and his partner spent 45 minutes changing a shredded tire for a lady everyone else passed by in a dangerous spot on I-540 near the Van Buren bridge.

### Reentry Week

From April 25-29, Reentry events were held in all areas of the state. The week's schedule included events such as community breakfasts (Area 8 event pictured below), legal day, mental and physical health resource day, employment and education and community outreach celebrations recognizing service providers for their hard work as well as sharing success stories and how creating change in Arkansas Reentry can continue.

On April 25, **Area 4** hosted a breakfast meeting to kick off Reentry Week. More than 50 people were in attendance and listened to several speakers including Tony Thomas from the Jonesboro Mayor's office, Jennifer Tarwater from In His Wings, Kim Chas from the HUB, and Megan Brown from Hope Found. After the presentations, a roundtable discussion was held regarding the housing obstacles that offenders face.

#### Reentry Week, *continued*

**Area 2** focused on assisting numerous offenders with contacting housing managers, legal resources, mental health professionals, community resources, employment professionals and hiring officials from area employers.

The El Dorado Parole and Probation Office in **Area 11** hosted Outreach Day. Representatives from Arkansas Planning and Development and Arkansas Rehabilitation Services were both present and provided information to help local probationers and parolees.

**Central Arkansas Community Correction Center** Warden Mark Warner welcomed Secretary Solomon Graves and the Shorter College recruitment team, Tim Baker and Admissions Manager Carolyn Cates, during their visit to CACCC during Reentry Week.

Secretary Graves took the opportunity to address the residents and explain the importance of reentry efforts and how being successful is up to each individual.

#### Drug Take Back

On April 30, officers and managers from **Area 2** participated in local drug take back events throughout the area.

Pictured top right are Assistant Area Manager Eva Frame, along with Baxter County Sheriff's deputies and an investigator from the Arkansas State Police Crimes Against Children Unit.

Pictured below right are Area Manager Brian Zini, an Opioid Intervention Specialist, Stone County Chief Deputy Damon McGilton, SOAP Assistant Area Manager Kenneth Kendrick and Mountain View Patrolmen Kenneth Francis and Andy Ray.

### THE YEAR IN REVIEW

In **Area 6**, Officer Heike McKinney assisted with the National Drug Take Back Day in Mayflower on April 30. More than 50 pounds of prescription medication was collected to be taken to Little Rock to be destroyed by the Drug Enforcement Administration.

### Training and Staff Development

On June 16, Capt. John Bean with the Jefferson County Sheriff's Department conducted a training on active shooters at **Area 11's Pine Bluff Office**. All staff were able to attend, and discussions were held on how both law enforcement, and non-law enforcement staff should handle an active shooter in the office or out in public.

The DOC Headquarters houses the ACC Training Academy, which includes multiple classrooms, 16 dorm rooms for housing 32 students and instructors, a gymnasium and computer lab.

The **Parole and Probation Officer Training Academy** is certified through the Commission on Law Enforcement Standards (CLEST).

There were four Basic Parole and Probation Training Academies held during FY2022, with 76 officers graduating.

Awards are presented at each Academy graduation for physical fitness, firearms and academics.

**PPO 3-21:** 17 participants graduated on September 3, 2021.

#### Promotions

##### **Jenna Smith**

##### **Assistant Director - Parole and Probation Services**

Jenna Smith was promoted to Assistant Director on October 17, 2021. She has a BA in Criminology from Arkansas State University (2003) and a MS in Clinical Mental Health Counseling from Henderson State University (2015). Smith began working as a probation/parole officer for the Division of Community Correction in 2007. Prior to ACC, Jenna worked as a Probation Officer with District Court in Craighead County. She was promoted to an Assistant Area Manager in Area 10 in 2013 and an Area Manager in 2015. She has been heavily involved with ACA and helped start the Mental Health Coalition in Hot Spring County. She is a member of the leadership team for the Drug Endangered Children (DEC) Program and was an initial member of the DEC pilot program.

##### **Chad Davis**

##### **Deputy Warden - White River Correctional Facility**

Chad Davis has been promoted to Deputy Warden of the new White River Correctional Facility (WRCF) in Batesville. Davis was hired in 2001 by the Arkansas Department of Corrections at the Grimes Unit as a Correctional Officer. He promoted through the ranks to Corporal, Sergeant, and Disciplinary Officer. In 2015, Davis promoted to Lieutenant with ACC at the Northwest Arkansas Community Correction Center. He transferred back to ADC as a Program Specialist at the McPherson Unit. Davis was promoted to the position of Parole and Probation Officer

with ACC in 2016. He was promoted to an Assistant Area Manager for Area 4 - Osceola in 2020. Davis will oversee the development and construction of the White River Correctional Facility in Batesville. The WRCF will be expanded to a 173-bed facility that will hold 90-day parole revocation male offenders.

##### **Richard Holt**

##### **Area Manager - Area 5 Parole and Probation**

Richard Holt was promoted to Area Manager for Area 5 Parole and Probation on September 26, 2021. Following his graduation from Arkansas State University in Jonesboro in 1997 with a Bachelor of Arts degree in History, he began his career working for Youth Bridge in Fayetteville. From there, Holt went on to become a Juvenile Probation Officer in Washington County Juvenile Court. Holt was employed with the Boston Mountain Education Center in Fayetteville as the Dean of Students before beginning his career with ACC in June 2012. On March 30, 2018, Holt was promoted to Assistant Area Manager in Area 1, where he was an outstanding leader.

## DIVISION OF COMMUNITY CORRECTION

### THE YEAR IN REVIEW

**John "Kevin" Miners**  
**Warden - Southwest Arkansas Community Correction Center**

John "Kevin" Miners was promoted to Warden of the Southwest Arkansas Community Correction Center on December 5, 2021. Miners has a bachelor's degree from Webber University and is a certified Law Enforcement Officer. He began his correctional career in Florida where he served for 21 years before retiring to Arkansas. Once in Arkansas, he continued his correctional/law enforcement career as a Deputy for the Searcy County Sheriff's Office for a couple of years. In 2017, Miners joined the ACC family

as Parole and Probation Officer in the Harrison Office. In 2019, he promoted and transferred to the role of Deputy Warden at the Southwest Arkansas Community Correction Center, where he has demonstrated his dedication to public safety and the mission of providing opportunities for positive change.

**Jarrold Self**  
**Area Manager - Reentry Program**

Jarrold Self was promoted to Area Manager over the Reentry Program for the Division of Community Correction on May 29, 2022. ACC Director Jerry Bradshaw stated, "Jarrod was the clear choice for this job. He has been and will continue to be a valued member of the ACC/DOC family." Self began his career with the DOC at the Tucker Unit in 2005 as a CO and then worked his way through the ranks of Corporal, Field Sergeant, Field Lieutenant and Field Major. In 2016, he transferred to ACC to work with the Reentry Team as the Assistant Area Manager. Self has seen the reentry barriers offenders face after release and has made efforts within our communities to bridge the gaps. He assisted in the implementation of and continues as the review authority for the "FindGood" release process, which ensures timely response from housing vendors and discourages discrimination.

**Krystle Williams**  
**Area Manager - Area 10 Parole and Probation**

Krystle Williams was promoted to Area Manager of Area 10 Parole and Probation on November 8, 2021. With a bachelor's degree in Human Services and a master's degree in Clinical Mental Health Counseling from Henderson State University, she began working as a parole and probation officer for the Division of Community Correction in January 2008. She was promoted to Assistant Area Manager of Area 10 in 2016. Williams was part of the Drug Endangered Children pilot program and expansion in Area 10. She also assisted with the startup of the Alternative

Sentencing Program and WAGE (Workforce Alliance for Growth in the Economy) being implemented with ACC when she worked in Clark County.

### In Memory

The Department of Corrections family withstood a painful blow on June 30, 2022 when Deputy Director of Residential Services James T. "Jimmy" Banks III tragically passed. Mr. Banks was looking forward to a well-deserved retirement and was working to pass the torch and prepare Syrna Bowers to transition into the Deputy Director role. It was heartbreaking that he passed away on the day he was scheduled to retire

His legacy will live on through those who will continue the mission he started, transforming our agency into one that not only holds individuals accountable, but also works to instill character and work ethic in the offenders we serve.

## DIVISION OF COMMUNITY CORRECTION

# PAROLE AND PROBATION

### MISSION STATEMENT

To provide community supervision that promotes public safety, provides restitution to victims and rehabilitates the offenders into productive members of the community.

### GOALS AND FUNCTIONS

To improve the quality of supervision, staff and public safety. To develop alternative sanctions to traditional prison for sentencing and releasing authorities, through a continuum of sanctions, programs and preventive services needed to effectively address behavior problems, risks and needs of offenders.

**Elizabeth Taylor**  
Deputy Director

### PAROLE

Parole is early release from state prison to community supervision. The parolee must follow strict conditions of release, which are set by the Parole Board to include reporting to a Parole and Probation Officer. Parole and Probation Officers assess the risk and needs of a parolee and work with them to develop a supervision plan that includes treatment, employment and education. Graduated sanctions are given for violations of parole conditions. A Parole Board Revocation Hearing Judge determines if a parolee violates conditions of supervision and if re-incarceration in prison or a community correction center is appropriate.

### PROBATION

Probation is a court-ordered alternative to prison where the probationer remains in the community and is subject to conditions of supervision set by the judge. The probationer must report regularly to the Parole and Probation Officer. Parole and Probation Officers assess the risk and needs of a probationer and work with them to develop a supervision plan that includes treatment, employment and education. Graduated sanctions are given for violations of probation conditions. The sentencing judge determines when a probationer has violated conditions of probation and whether prison, a community correction center or other sentence should be imposed.

### PROGRAMS

#### ***Specialty Courts***

Specialty Courts are run by the Administrative Office of the Courts and staffed with ACC Parole/Probation Officers, treatment and other staff. Specialty Courts include Drug Court, H.O.P.E. Court, Swift Court, Veterans Court, Mental Health Court and Alternative Sentencing Courts. ACC follows National Drug Court Best Practice Standards to include intense and tailored supervision, monitoring and treatment. Individuals in specialty courts receive outpatient and/or inpatient treatment and counseling. They are subject to frequent drug testing and court appearances. Sanctions and violations are determined by the sentencing judge.

## DIVISION OF COMMUNITY CORRECTION

### PAROLE AND PROBATION

#### ***Special Response Team (SRT)***

SRT is a team of dedicated officers who work with local, state, and federal law enforcement agencies to apprehend high-risk offenders who have absconded supervision, committed a violent offense or otherwise violated the conditions of their supervision.

#### ***Institutional Release Services (IRS)***

IRS is responsible for identifying when an inmate is eligible for parole consideration, scheduling the inmate for a parole hearing when eligible, working with inmates to develop an acceptable plan for housing post-incarceration and releasing those inmates approved by the Arkansas Parole Board.

#### ***Treatment Services***

Treatment Services consists of Substance Abuse Program Leaders and Advisors who provide counseling services for substance abuse disorders for parolees and probationers who are under ACC supervision and make referrals to outside providers for inpatient and mental health treatment. Medication-Assisted Treatment (MAT) and telehealth services are provided for residents released from community correction centers with opioid addictions.

#### ***Intensive Supervision Program (ISP)***

The ISP consists of officers who work closely with law enforcement to intensely supervise high-risk offenders. In FY2022, the program expanded from Area 8 (North Little Rock) to include Area 3 – Lonoke, Area 6 – Conway, Area 10 – Benton, and Area 11 – Pine Bluff.

## DRUG TESTING

Drug testing for ACC offenders in FY2022 showed the significant drugs of abuse were THC/marijuana, methamphetamine, amphetamine, benzodiazepines and buprenorphine.

Regular Probation/Parole drug tests typically show THC/marijuana and methamphetamine as the top two drugs of abuse.

Drug Court drug tests usually have the most positives for buprenorphine, however, from October 2021 to February 2022, there were more positive tests for THC and methamphetamine.

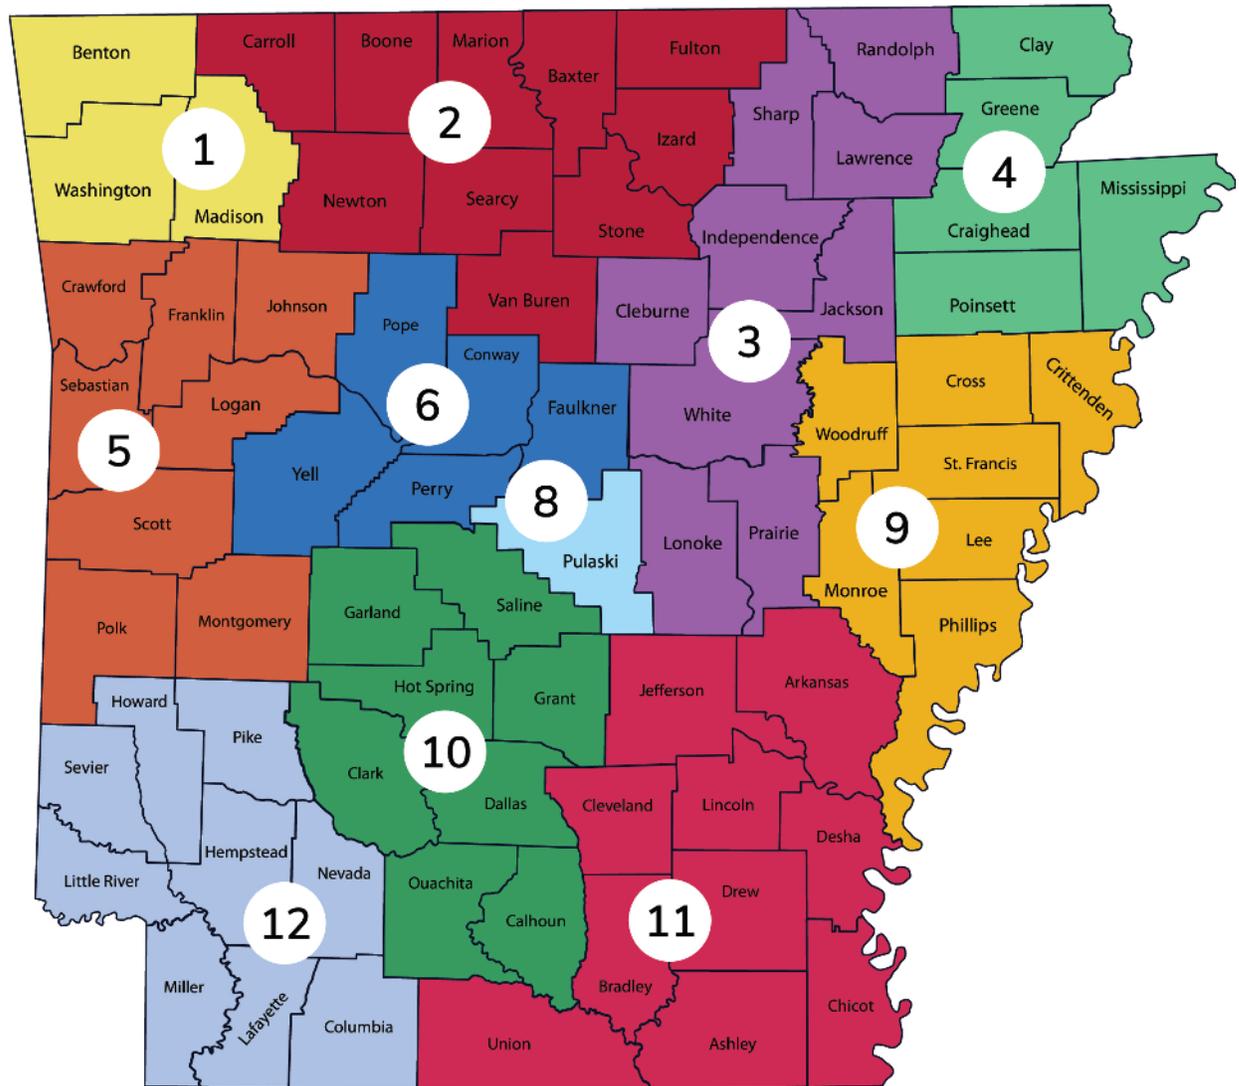

Specialty Courts were consistent with THC/marijuana being the first drug of abuse every month for FY2022. Each month saw an offender positivity rate ranging from 20-24%.

In May-June 2022, offenders started having drug tests positive for Kratom, which is a herbal substance that can produce opioid- and stimulant-like effects. The use of Kratom appears to be on the rise and is currently being monitored.

## PAROLE AND PROBATION

### Special Response Team

The Division of Community Correction Special Response Team (SRT) is comprised of 19 officers across the state. They may work alone or with local, state, or federal law enforcement agencies aggressively searching for those fugitives/absconders who pose a danger to public safety. Once located and arrested, parolees/fugitives are transported to a jail facility in the state.

The SRT has 19 officers for conducting undercover field operations and one officer who is assigned to the Arkansas State Fusion Center under the Arkansas State Police as an Intelligence Analyst. In addition to being full certified police officers with the state of Arkansas, many of these officers have been trained and certified as Federal Officers under Title 18 USC with the Federal Bureau of Investigation (FBI), United States Marshal Service (USMS) and/or the Drug Enforcement Administration (DEA).

The SRT works with these federal agencies to conduct investigations and secure federal indictments on active parolees, probationers, absconders, and others as the situation dictates. Additionally, any seizures that end up in the Federal Asset Forfeiture Account is shared with ACC- amounting to more than \$176,000 since the team was created.

The SRT has a formal memorandum with nine local police departments across the state in addition to the federal agencies that provide personnel on a daily basis in ACC's efforts to locate and make arrests.

#### Sex Offender Services

ACC's Sex Offender Services (SOS) implements and/or oversees sex offender compliance operations as scheduled or requested throughout the state. SOS also oversees the Sex Offender Aftercare Program (SOAP), which is comprised of six aftercare coordinators, five polygraph examiners, one computer voice stress analyst (CVSA), an assistant area manager and an area manager. Aftercare coordinators and examiners work in tandem with sex offender officers in each area of the state. There are currently 56 specialized sex offender supervision parole and probation officers statewide.

Act 913 (2019) authorized a statewide, collaborative, multi-agency alliance to form and implement the Arkansas Child Abduction Response Team (CART). Pursuant to Act 913, ACC has an active and well-trained presence on CART teams statewide. The Missing and Exploited Children (MEC) Training and Technical Assistance Program provided CART team training and each CART team member must complete a minimum of 4 hours of continuing education annually pertaining to CART and/or training otherwise approved.

ACC is a member of Arkansas Internet Crimes Against Children (ICAC). Relationships with various ICAC team members are fostered throughout the state and are essential in holding sex offenders accountable with the use of technological devices.

Halloween is an event of utmost importance to those involved in sex offender management as festivities are largely catered to minors. In 2021, sex offender involvement in Halloween events continued to be strictly prohibited.

Historically, Sex Offender Lock-ins where sex offenders report to a Division of Community Correction (ACC) Office to be supervised during peak trick-or-treat times have been a preferred method of monitoring sex offender movement.

## DIVISION OF COMMUNITY CORRECTION

### PAROLE AND PROBATION

However, due to continued COVID-19 pandemic safety precautions which limit large gatherings, Sex Offender Lock-ins were not utilized for Halloween 2021.

All sex offenders with an active sex offense on probation/parole were subject to home detention and home visits.

Sex offenders subject to home detention were prohibited from distributing candy and were directed to have all lights out with no Halloween decor outside their residence. Certain sex offenders must display a "No Trick or Treaters" sign on their residence door.

Participation in Halloween-related events by a Community Notification Level 3 or 4 sex offender is a Class D felony. Level 3 and 4 sex offenders on community supervision for any offense and other offenders identified by their officers are strictly prohibited from participating in Halloween activities.

ACC actively supervises 629 Community Notification Level 3 and 4 Sex Offenders. These offenders were placed on home detention with random home visits completed. Every CNL 4 Sexually Dangerous Person on active supervision was subject to a home visit on Halloween. A total of 1,224 home visits were conducted between October 30-31, 2021.

Of the 1,224 home visits completed on Halloween night, 113 offenders were in violation which equates to a 92% compliance rate.

### *SOS, continued*

ACC has adopted a collaborative approach to sex offender management. A collaborative approach requires that all involved agencies with a stakeholder interest in sex offender management operate interdependently, working collectively to minimize the ability of sex offenders to circumvent the goals of community supervision and maximize victim and community safety and support.

### Intensive Supervision Program

For most of FY2022, the Division of Community Correction Intensive Supervision Program (ISP) was comprised of four officers in Area 8. Working alone or with local, state, or federal law enforcement agencies, the team supervised high-risk offenders with a history of violence or gang affiliation. All members of the team are specialized law enforcement officers and are taser certified. Members also have Law Enforcement Officers Flying Armed (LEOFA) certification and frequently fly out of state to extradite parolees back to Arkansas. The main priority for the ISP team is to maintain community safety by intensely supervising high risk offenders and working with outside agencies. Area 8's ISP FY2022 activity is noted in the chart below.

In June 2022, ACC was authorized 14 dedicated ISP positions. Two officers cover Area 3 – Lonoke, two in Area 6 – Conway, six in Area 8 – North Little Rock, two in Area 10 – Benton, and two in Area 11 – Pine Bluff.

#### Interstate Compact

Developed in 1937 and revised in 2002, The Interstate Commission for Adult Offender Supervision (ICAOS) is designed to regulate the movement of probationers and parolees across state lines. ICAOS is enacted in all 50 states and the District of Columbia, U.S. Virgin Islands, and Puerto Rico.

The Interstate Compact provides the states the authority, accountability, and resources to track the supervision of offenders who move across state lines, enhancing public safety and offender accountability. Offenders are not permitted to relocate to another state without going through the Compact during their term of supervision.

Arkansas is a member of the Interstate Compact with a Commissioner and a State Council housed within the Department of Corrections – Division of Community Correction.

Per Ark. Code Ann. 12-51-104 the Interstate Commission for Adult Offender Supervision State Council “shall exercise oversight and advocacy concerning its participation in interstate commission activities and other duties as may be determined by the council, including development of policy concerning operations and procedures of the compact within this state.”

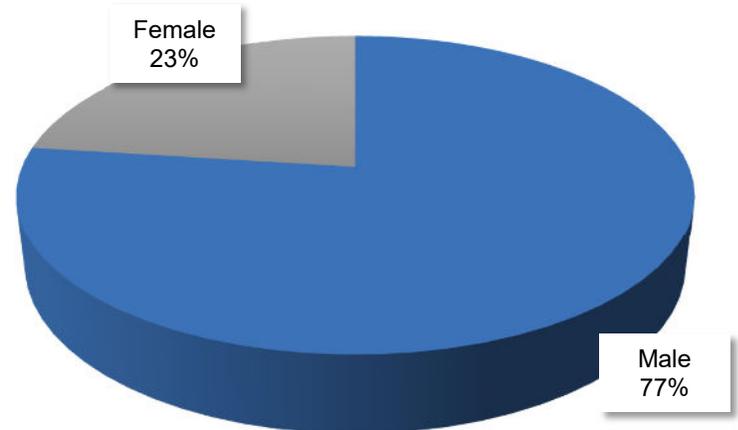

A current initiative of the Council is to educate criminal justice partners on recently implemented rule changes regarding issuance of compact compliant warrants for compact offenders.

# RESIDENTIAL SERVICES

### MISSION STATEMENT

To return residents to the community and the workplace as productive, accountable and employable individuals, by providing tools to help offenders develop alternative lifestyles to crime, through training in life skills, chemical-free living, vocational and other job skills training.

### GOALS

To provide effective and intensive residential community-based sanction in a therapeutic environment as an alternative to traditional prison. To improve the quality of security, employee safety, treatment of offenders and community protection.

**James Banks**  
Deputy Director

### FUNCTIONS

The Residential Services staff manage and operate regional community-based residential correctional programs designed to address issues surrounding the behavior which resulted in confinement or incarceration. These multipurpose, minimum-security facilities encompass community service, discipline, behavior modification and various other self-improvement services.

### WHAT IS A CENTER?

ACC operates six community-based, minimum security correctional facilities, with one solely for sanctioning technical violators (multiple security levels) as an alternative to traditional prison. All residential facilities are American Correctional Association (ACA) accredited. ACA accreditation is intended to improve facility operations through adherence to clear standards relevant to all areas/operations of the facility, including safety, security, order, inmate care, programs, justice, and administration.

While in a Center, offenders are referred to as residents as a distinction between jail or prison inmates.

The structure of these residential centers encompasses evidence-based programs, accountability, and behavior modification.

Residents are sentenced or placed there by the courts or the Parole Board. The normal length of stay is 6 months to 2 years.

Each Center operates within a Modified Therapeutic Community (MTC) modality which has three basic phases that are progress-driven.

MTC features programs and services that are designed to allow an offender to reintegrate into the community with a goal of maintaining a crime-free lifestyle. The community consists of residents and staff where values, norms, traditions and rules are established. As residents advance through treatment phases, they are

assigned appropriate therapeutic jobs and progress through positions that will help them develop skills useful in resolving personal problems and making lifestyle changes. Throughout the process, emphasis is placed on discovering and resolving personal problems and being responsible and accountable for ones' behaviors.

Residents receive intense programming aimed at reducing future criminal activity. The highly-structured programs include such services as drug/alcohol treatment, mental health treatment, educational and vocational programs, employment/life skills, community service, counseling, socialization, anger management, and community work transition.

To achieve behavioral changes, residents are taught new concepts, values, and socialization skills.

The Centers also are licensed as substance abuse treatment facilities by the Arkansas Department of Human Services Division of Behavioral Health Services' Office of Alcohol and Drug Abuse Prevention (ADAP). Treatment staff are fully credentialed as Certified Clinical Supervisors, Licensed Alcohol and Drug Abuse Counselors, Advanced Alcohol Drug Abuse Counselors, Certified Alcohol Drug Abuse Counselors, Certified Anger Management Specialists, Certified Co-Occurring Disorder Professionals, Certified Prevention Specialists, Certified Compulsive Gambling Counselors, and Certified Tobacco Treatment Specialists.

The goal of this long-term program is to create a positive peer culture and facilitate overall lifestyle changes. These lifestyle changes are demonstrated by residents remaining drug-free and having the ability to interact in society without further criminal activity, while taking responsibility for ongoing recovery and contributing to their communities. These changes are achieved through the structured environment of the therapeutic community which has explicit rules: using positive peer pressure, confrontation, sanctions, cognitive intervention (a process of identifying and correcting errors in thinking to change behavior) and the 12-step approach.

As soon as the resident enters the program, an extensive assessment is completed and the resident is placed in the phase system.

Drug Court judges can place a Drug Court offender in an ACC Community Correction Center for a 30 to 90-day intensive residential treatment program provided by skilled, experienced and certified treatment specialists.

Treatment in the Short Term Drug Court program includes individual and group therapy: 12-Step, Alcoholics Anonymous and Narcotics Anonymous, process/static group, pre-release, life skills group, cognitive intervention, parenting, peer support, mental health referrals, relapse prevention and anger management.

Residents participate in 20 hours of treatment per week. Staff work closely with each resident to make sure the resident has a viable plan to address individual needs, which strengthens the recovery process.

The Special Needs Program (SNP) is for residents who have co-occurring disorders. These offenders have histories of substance abuse and mental health and/or medical issues. The programs operate within modified therapeutic communities at the Southwest Arkansas Community Correction Center in Texarkana (male unit – 60 beds) and the East Central Arkansas Community Correction Center in West Memphis (female unit – 70 beds). The program is designed for long-term treatment, with an average completion of six to 12 months.

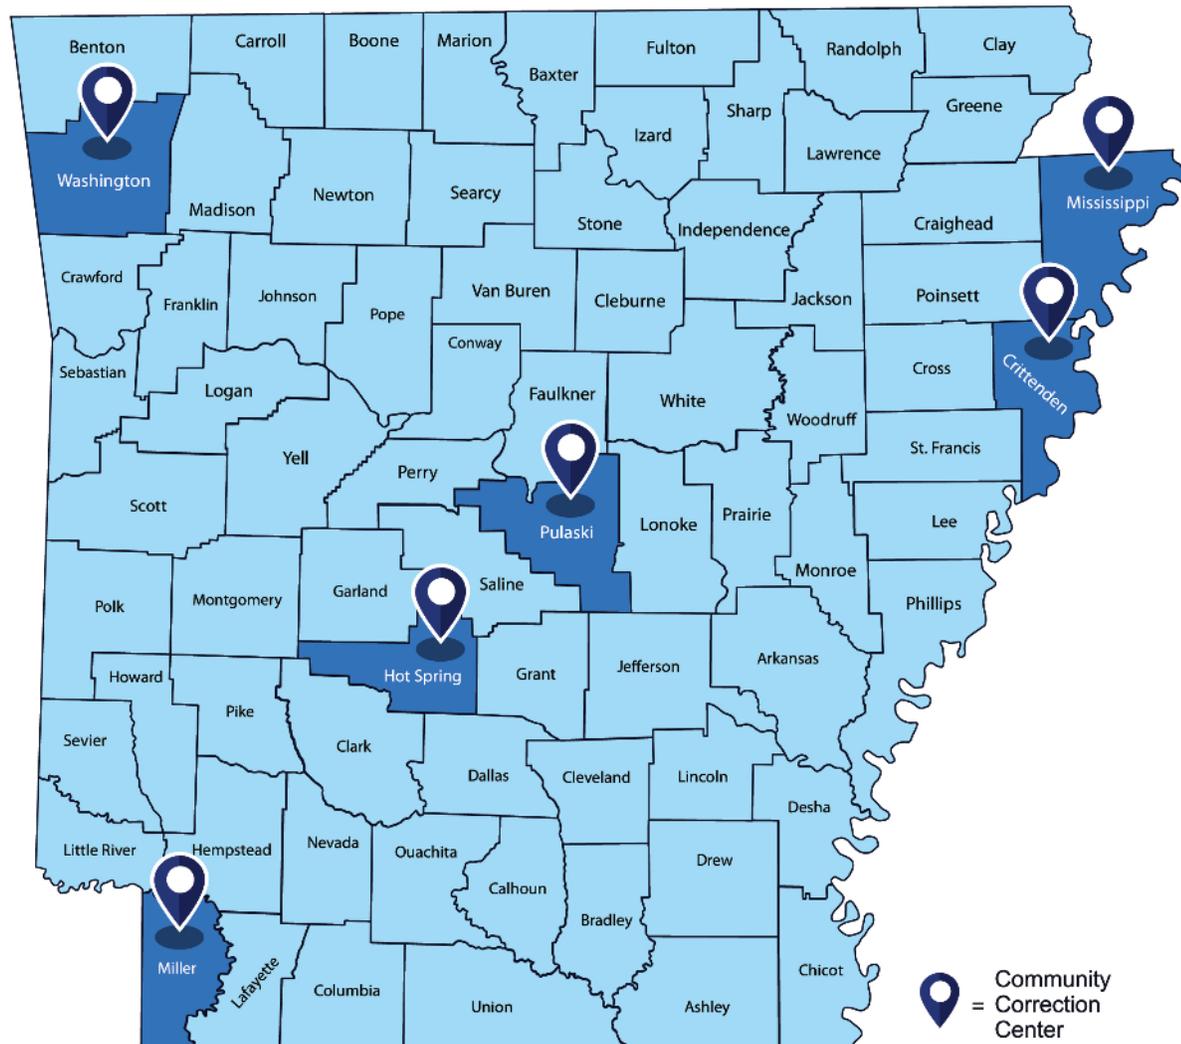

Staff is required to complete 160 hours of basic training and security 40 hours refresher training annually.

### OMEGA SUPERVISION SANCTION PROGRAM

The Omega Supervision Sanction Center provides an alternative treatment program for male offenders who commit technical violations, decreasing the number of parolees who are sent to ADC or held in county jails for technical violations. In February 2022, Omega began holding ADC 90-day parole revocations.

#### How is that different from prison or a jail?

Omega residents are held only 60-to-180 days as a sanction for violating supervision conditions – not as a sentence from a criminal court.

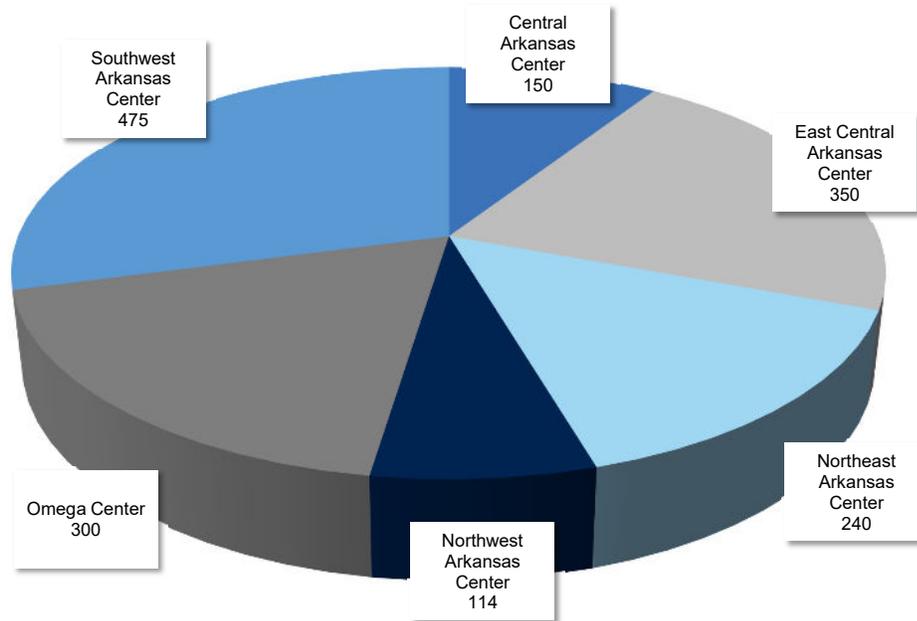

Each resident is assigned a counselor who works with them to identify their particular problems that hinder them from successfully completing community supervision.

Residents attend classes with various programming, such as Anger Management, Relationships, Substance Abuse, Relapse Prevention, Job Readiness and Reentry.

#### Rehabilitative and Educational Programs

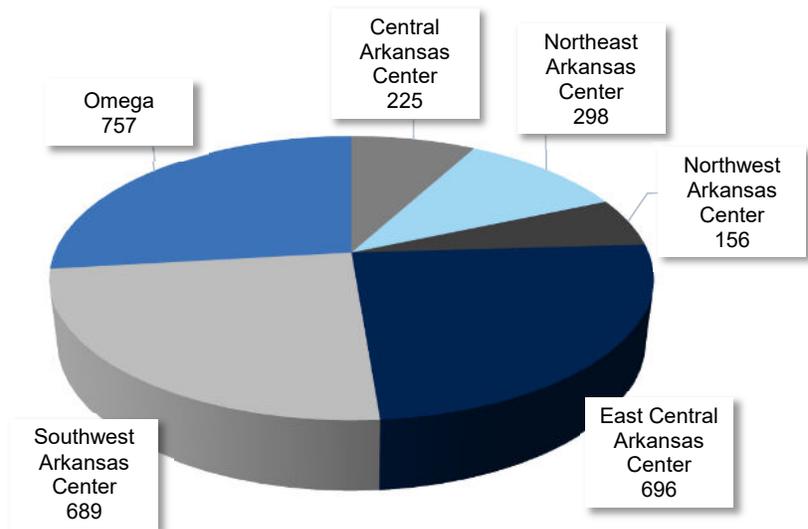

##### Eaton Agency/Affordable

**Healthcare:** A Licensed Healthcare Representative meets monthly with residents who are scheduled to be released soon, so they may apply for health insurance.

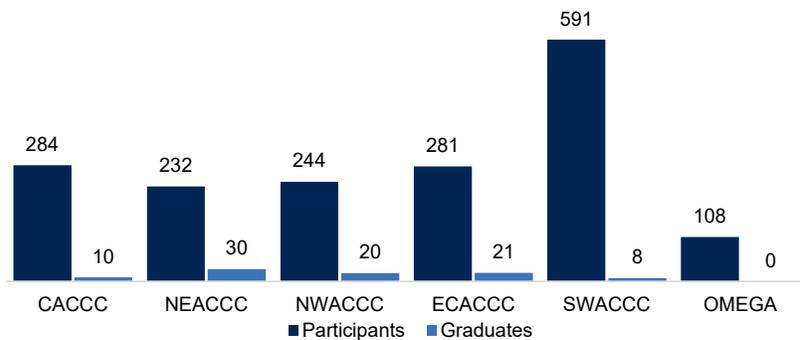

**GED:** General Education Development tests are grouped into four subject tests which, when passed, provide certification to the residents' high school-level academic skills. It is an alternative to a high school diploma. The program helps residents of Central Arkansas Community Corrections to learn, study, and test to get their high school equivalency while they are incarcerated.

**ServSafe:** ServSafe is a national manager's level certification issued by the National Restaurant Association. The residents go through an intensive three-week study program that teaches the residents everything that is needed to complete the program. The residents must pass an exam; if passed, the certification is good for five years and is registered with the National Restaurant Association in Chicago. The residents can use this certification to secure jobs in the food service industry, warehousing of food products, or even as part of a truck driving qualification for delivery of goods.

**Shorter College:** Shorter College is a private, faith based, two-year liberal arts college located in North Little Rock, which also has instructors located throughout the state offering class instruction at all Community Correction Centers.

Shorter College's open enrollment policy makes obtaining an associate level degree possible for any resident having earned a high school diploma or GED completion from an accredited agency. Small, intimate classroom settings and an outstanding faculty create an enjoyable and supportive atmosphere for learning that empowers students to excel toward the pursuit of academic excellence.

**Shorter College Enrollment - FY2022**

**WAGE:** The WAGE Program is a work readiness program designed to ensure that unemployed and underemployed residents, having completed high school or a GED program, have the skills needed to be successful in the workplace. Community Correction residents can improve their basic academic skills, as well as learn job skills that prepare them for entry-level

jobs through the WAGE program. Upon successful completion, a resident receives a certificate of achievement and a Mavis Beacon Teaches Typing certificate showing their typing speed.

### Reentry

Reentry is a process that begins when an individual is initially incarcerated and ends when they are successfully reintegrated into the community as law-abiding citizens.

ACC's Reentry program provides resources and services to aid offenders to overcome barriers and to succeed after they are released from prison. Through use of reentry centers, transitional houses, mentors, the Good Grid web portal, community partnerships, and evidence-based programming offenders have a better chance of remaining out of prison.

The Special Projects Manager, Employment Specialist and Volunteer/Mentoring Coordinator work together to ensure that the participants succeed in obtaining driver's licenses and other forms of identification, GEDs, programming, treatment, training and mentorship needed to reintegrate as a productive member of the community.

Reentry officers work with individuals who are paroled, on probation, and incarcerated. Officers provide services throughout the state to assist with removing the barriers that interfere with an offender's successful transition from prison to the community. Reentry officers work closely with partner agencies to ensure offenders are engaged and supported in services such as alcohol/drug treatment, mental health counseling, employment, housing, mentoring, and other wide-ranging services.

### Reentry Program

The Reentry program has six licensed Reentry facilities statewide with the capacity to house 219 offenders.

During FY 2022, 451 participants went through the Reentry Program with 353, or 78%, graduating with full time jobs and tools to be successful.

### Transitional Housing

Transitional Housing consists of community-based housing, education, and treatment environments aimed at assisting paroled individuals with the tools, employment and housing needed for a successful transition back into the community. There are 22 licensed facilities with a funded capacity to house 569 parolees at a given time. Length of stay ranges from 30-90 days.

### Good Grid

Since 2016, ACC has offered Good Grid to offenders returning to the community from incarceration, to help prepare them for reentry and provide access to services to help them along the way. Good Grid aims to bridge the gap between the offender and provider by offering an integrative community where offenders can access multiple services. There are four features that are used regularly by ACC offenders, which include the Search Directory, ResumeBuilder, LearningNook, and Transitional Housing Application.

In 2018, Good Grid and ACC launched the online Transitional Housing Application. This new program streamlined the Transitional Housing application for offenders and moved the entire process to an online platform, eliminating the dependence on paper applications and long wait times. Transitional Housing received 8,751 applications completed by inmates in fiscal year 2022 with a 95% acceptance rate. The Good Grid portal has considerably improved ACC's ability to assist offenders.

#### ACC Prison-Based Medication-Assisted Treatment and Vivitrol Reentry Program

This program offers pre-release treatment/recovery services, Medication-Assisted Treatment Program (MAT), and the option to participate in an injectable naloxone (Vivitrol) program component, with induction just prior to discharge from incarceration and options to continue during community reentry.

##### As of June 30, 2022:

- 654 offenders have initiated the MAT program. In July 2021, 523 offenders had initiated to the program. This is an increase over the reporting period of 131 people.
- 506 offenders were educated on the MAT program, overdose and the use of naloxone.
- There are 103 participants active in the MAT program out on parole/probation.
- There are 81 participants active in the MAT program in the ACC centers.
- 94 participants have successfully completed the MAT program since its inception in July 2018.

The program has experienced a gradual and steady increase in the number of offenders that are initiating the program in large part due to increased education efforts by MAT staff. The program has had an increase in the number of residents that are releasing from incarceration while participating in the MAT/Vivitrol program.

No participants have overdosed on an opioid while participating in the MAT program.

The program has added 10 additional community providers as partners in the program, for a total of 75 providers across the state that provide MAT/Vivitrol to participants.

All participants of the program receive two doses of naloxone when released to supervision.

The ACC MAT/Vivitrol Reentry Program staff provide annual training to both center and field staff about the MAT program and the use of medication-assisted treatment as part of a comprehensive substance use disorder treatment program.

Every participant is connected to a Peer Recovery Support Specialist during the exit interview/reentry process.
