## DIVISION OF CORRECTION

### MESSAGE FROM THE DIRECTOR

As Director of the Arkansas Division of Correction (ADC), I am pleased to share the ADC Fiscal Year 2022 (July 1, 2021 – June 30, 2022) Annual Report, as required by A.C.A. §12-7-107. The information and statistics contained in this report provide a clear picture of the mission, vision, accomplishments, and operations of this ever-changing division.

As an essential public safety agency, the ADC operates 24 hours a day, 7 days a week, and is responsible for keeping the state's prisons up and running. This means that there are no "breaks" or "days off."

On any given day, there are over 15,000 inmates in our facilities in which we are charged with providing secure confinement and rehabilitative services. This is a monumental task and one we can accomplish only because of our dedicated staff who work diligently to meet and exceed the ADC mission.

Because we understand the value of our staff, we were pleased that the Arkansas Legislative Council approved a new salary grid for grades GS 01 to GS 05, and GS 06 to GS 10 positions working Security, Deputy Wardens, Food Service, Treatment and Parole/Probation Supervision. We hope higher salaries will help the ADC attract and retain personnel.

In FY 2022, the pandemic dictated that we continue adapting to new challenges. There is no denying the past year has been one of the most trying times in the history of the ADC.

On February 28, we tragically lost one of our own, Sgt. Joshua Caudell of the Tucker K-9 Unit who was fatally wounded while assisting the Pulaski County Sheriff's Office in Maumelle. Sgt. Caudell was a true hero in every sense of the word. We continue to do all we can as an agency to support his family and corrections staff who were impacted that day. While we were shaken to our core, we have found a way to band together and I can confidently say we are stronger than ever as a corrections family.

Any progress that we have made begins at the various levels of operation within the ADC. During this fiscal year, we celebrated many positive milestones and accomplishments.

Two of our units celebrated 30th and 35th anniversaries this year. In 1992, the first 200 beds were made available at the East Arkansas Regional Unit in Brickeys, and in 1987, the Varner Unit in Grady opened with 300 beds.

In December, we marked the 10th anniversary of the Arkansas Paws in Prison program. Over the decade, more than 1,800 dogs were rescued, trained, and adopted by loving forever families.

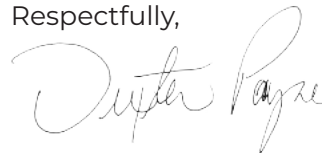

In May, leaders of the DOC and the Grimes and McPherson units helped Wellpath celebrate the opening of a new chemotherapy clinic at the Grimes Unit in Newport.

ADC's Agriculture Division also oversaw the installation of 10 wells at three of our units. Six were installed at the Cummins Unit, and two each were installed at the Tucker and East Arkansas Regional Units.

I hope this information will be helpful in providing an inside look at the ADC. Some information provided in this report includes: an analysis of population-related data; a description of a typical sentenced inmate; a snapshot of programs and services; a description of each of the Adult Correctional Facility and other ADC trends. This report is a testament to our mission of providing a safe and secure environment for staff and inmates in our custody, to provide programming and opportunities for spiritual, mental, and physical growth.

On behalf of the ADC, I extend a collective thank you for the support we continue to receive from Governor Asa Hutchinson, the General Assembly, the Board of Corrections and Secretary Solomon Graves.

Respectfully,

Dexter Payne, Director  
Arkansas Division of Correction

# ARKANSAS BOARD OF CORRECTIONS

## MEMBERS

The Board of Corrections is the governing body of the Department of Corrections. The purpose of the Board of Corrections is to manage correctional resources in the state such that offenders are held accountable for their actions, victims' needs are addressed in a positive manner, and the safety of society is enhanced. The specific powers and duties of the Board were established by Amendment 33 to the Arkansas Constitution and are codified in A.C.A. § 12-27-105 and § 25-43-401. The seven members of the Board of Corrections are appointed by the Governor to serve a term of seven years.

### THE YEAR IN REVIEW

The following ADC facilities were reaccredited at the American Correctional Association's 151st Congress of Correction, held August 11-15, 2021 in Nashville, Tennessee:

- Cummins Unit
- East Arkansas Regional Unit
- Grimes Unit
- Maximum Security Unit
- McPherson Unit
- Mississippi County Work Release Center
- North Central Unit
- Ouachita River Correctional Unit
- Willis H. Sargent Training Academy

Keeping it in the family, Jhayla McFarley had the honor of being pinned as a Correctional Officer II by her mother, Sgt. Laquista Swopes, at the Varner Unit's Basic Correctional Officer Training graduation held on September 3, 2021.

In September 2021, Paws in Prison graduate Zoey was featured on KARK Channel 4 for how she served as an emotional support dog at a Hot Springs elementary school. Zoey provided comfort to students and teachers during the stressful COVID-19 pandemic.

On October 2021, a regional maintenance crew from the Tucker Unit completed a critical project to remove overgrown vegetation from Mound A at Toltec Mounds Archeological State Park. This partnership between the Arkansas Department of Corrections and the Arkansas Department of Parks, Heritage and Tourism helped preserve the important site, a National Historic Landmark since 1978. Corrections Secretary Solomon Graves said, "The use of our regional maintenance crews saves tax dollars and builds goodwill in communities across Arkansas."

## DIVISION OF CORRECTION THE YEAR IN REVIEW

Arkansas Paws in Prison pups hit the jackpot in October 2021 with an generous donation from Riceland Foods. The Arkansas-based company donated 6,000 pounds of rice-based dog treats to the program.

In December 2021, Ardella Bearden, Program Coordinator II, hosted an appreciation luncheon for program specialists in Pine Bluff. Staff heard from guest speakers, accomplishments were recognized and plans for the future were discussed. Those receiving awards included:

- Severron Miller and Jamey Cowgill – Outstanding New Hires
- Cozette Fuller – Outstanding Facility Program Specialist
- Miranda Collins – Outstanding Program Specialist

In December 2021, the McPherson Unit held a holiday food drive that yielded an abundance of food for distribution to those in need.

## DIVISION OF CORRECTION

### THE YEAR IN REVIEW

December 2021 marked the 10th anniversary of the Arkansas Paws in Prison program. During the decade, more than 1,800 dogs were rescued, trained, and adopted by loving forever families. The partnerships between Paws in Prison and local animal shelters and rescues helps reduce the number of dogs in shelters and the number of dogs euthanized each year in Arkansas.

As 2022 began, the Arkansas Department of Corrections expanded modified in-person visitation to allow visits from those younger than 18 and adults who are not immediate family members.

In January 2022, Agency ACA Manager Shelly Lawrence, Secretary Solomon Graves, Deputy Director William Straughn and ADC Director Dexter Payne attended the American Correctional Association Winter 2022 Conference in Phoenix, where the Varner Unit formally received ACA reaccreditation.

On January 20, 2022, staff of the East Arkansas Regional Unit observed the 10th anniversary of the death of Cpl. Barbara Ester with a memorial table honoring her legacy. Cpl. Ester, a 12-year veteran of the ADC, was killed at the hands of an inmate. Her service, dedication and memory live on.

In February 2022, the Board of Corrections approved plans to expand the North Central Unit by 498 beds.

On February 20, 2022, Eddie Powell began serving as ADC's Industry Administrator for Arkansas Correctional Industries. Mr. Powell began his career with the DOC in 2009 as an Accounting Manager for ADC.

### THE YEAR IN REVIEW

Despite the frigid weather on March 12, 2022, buyers came from far and wide to attend the 11th Annual ADC Horse Auction.

As always, the ADC Agricultural Division did a great job organizing the sale, held at the Saline County Fairgrounds in Benton.

Twenty-five retired horses were sold.

The ADC's horse program uses department staff and inmate trainers to breed and train horses for use by officers supervising field utility squads, regional maintenance squads, and manhunts.

The goal of the auction is to find "Good Homes for Good Horses," allowing hard-working horses to retire with dignity after years of faithful service to the state.

Lt. Vennie Clark rode her horse, Chloe, one last time during the 2022 auction. Lt. Clark worked with Chloe for four years at the McPherson Unit.

### THE YEAR IN REVIEW

On April 25, 2022, ADC hosted a Reentry Summit at New Life Church in downtown Little Rock to kick off Reentry Week. The theme for the event was “Rewriting the Story to Reentry.” Featuring speakers from ADC, counseling centers and treatment facilities, the summit was an excellent opportunity for networking and discussing strategies to reduce recidivism.

A talented inmate from the Ouachita River Correctional Unit found a creative way to celebrate the Arkansas Razorbacks victory over the Texas Longhorns. Head Football Coach Sam Pittman sent a personal thank you for the special gift in April 2022.

The Inaugural Fallen Officer Memorial Service was held May 2, 2022, at the Cummins Unit Pavilion. Family members of Sgt. Joshua D. Caudell, Cpl. Barbara A. Dukes Ester, Sgt. Scott A. Grimes and Lt. Ronald O. McPherson gathered with members of DOC staff and the Board of Corrections to reflect upon the brave and heroic lives of the dearly-missed officers.

Speakers at the event included ADC Director Dexter Payne, Board of Corrections Secretary Dr. William “Dubs” Byers, DOC Secretary Solomon Graves, former ADC Director Larry Norris, ADC Deputy Director William Straughn, Board of Corrections member Rev. Tyrone Broomfield, and former ADC Deputy Director Marvin Evans.

In May 2022, the Arkansas Department of Corrections received an international award's highest honor for its social media outreach and recruitment campaign – AR DOC Family. The DOC's social media campaign was recognized with the Award of Excellence in the Government Content & Marketing category at the 2022 Communicator Awards. The campaign has featured many ADC employees and helped foster a sense of unity and camaraderie within the DOC.

### THE YEAR IN REVIEW

ADC Deputy Director Rory Griffin retired from the Department on June 30, 2022. During the preceding week, Board of Corrections Chairman Benny Magness and other members of the Board presented Mr. Griffin with a lapel pin as a token of their appreciation for his years of dedicated service.

Board of Corrections Secretary Dr. William "Dubs" Byers, Arkansas Correctional School Superintendent Dr. Bill Glover, CTE Manager Jeff Fowler and ACS Deputy Superintendent Tracy Dowell received training on newly installed heavy equipment simulators at the Varner Unit in June 2022.

In June 2022, THV 11's Craig O'Neill featured Harrisburg Elementary School art teacher Blaze Cantrell as Arkansan of the Day. The feature highlighted an art project collaboration between the school and the Paws in Prison program at the McPherson Unit.

### STAFF TRAINING

The ADC Training Academy, located in England, Arkansas, provides state-of-the-art training to departmental employees, volunteers and contractors. The Training Academy ensures compliance with all applicable laws, American Correctional Association (ACA) Standards, State of Arkansas Rules, ADC policies and post orders.

The curriculum was designed to enhance knowledge and increase awareness for employees who work with the inmate population. The Training Academy philosophy of placing high emphasis and priority on the training and development of the employees prepares a workforce that supports the mission of the division. The table below summarizes the number of training classes held and the number of participants during FY2022.

### FISCAL SUMMARY

#### Cost Per Day

The ADC cost per day includes direct and indirect costs. FY2022 Inmate Care and Custody (amount expended) is \$375,058,996. The current cost per day is \$66.37 per day, per inmate or \$24,225 per year, per inmate.

#### Food Cost Per Day

The ADC relies on its farm program to reduce the cost of incarceration, provide benefits without direct state funding and provide benefits without competing with private business. The inmate consumption (food produced on the farm) helped feed approximately 14,775 inmates per day during FY2022, which has resulted in millions of dollars in savings. The approximate food cost per inmate, per day for FY2022 was \$1.94, an 11.5% increase within the last five years.

## Emergency Powers Act

The Emergency Powers Act (EPA) permits the Board of Corrections the ability to effect policy whereby measures can be taken if the prison population exceeds 98% of capacity or if the county jail backlog exceeds 500 inmates. EPA releases are capacity driven and linked to an inmate's transfer/parole eligibility date or discharge date, decreasing their length of stay by up to one year. The below chart depicts the number of inmates released under the modified EPA from July 2021 to June 2022.

## DIVISION OF CORRECTION

### COUNTY JAIL BACKUP

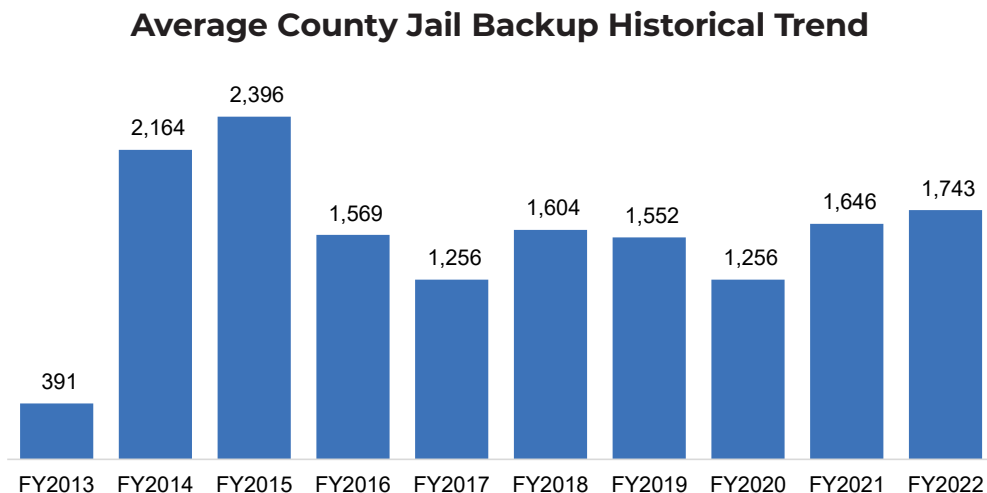

The ADC is sensitive to the challenges the counties face in housing offenders, and we continue to advocate for additional capacity within the prison system.

The Department of Corrections continues efforts systemwide to increase capacity by utilizing existing space, increasing access to reentry centers, and evaluating intermediate sanction programs for technical violators to prioritize our prison beds for individuals who are committing crimes.

The county jail backup has risen after dropping to lows in May and June 2020 amid the spread of COVID-19. The backup has remained over 1,000 since July 2021, peaking in January 2022. By the end of FY22, the backup number followed a downward trend. The chart below shows the average number of inmates being held in the county jails each month from July 2021 to June 2022.

The county jail backup numbers at the end of each fiscal year have fluctuated over the past decade. The chart below shows the average number of inmates being held in county jails at the end of each fiscal year. Data reflects that the number of inmates being held in the county jails from FY2021 to FY2022 increased by 5.9%.

# INSTITUTIONAL CAPACITIES

At the end of FY2022 there were 17,129 inmates under the jurisdiction of the ADC. The jurisdictional count includes all inmates under the jurisdiction of the ADC including those housed in state prison facilities only, individuals housed at contract facilities, on County Jail Back-up and Interstate Compact. At the end of FY2022, the total number of inmates in the custody (housed in state prisons only) of the ADC was 15,216.

The chart below illustrates the monthly population average of inmates housed under the jurisdiction of the ADC during FY2022 (excluding county jails back-up, for the purpose of this chart) compared to the operational capacity.

Between July 2021 to February 2022, the number of inmates housed in an ADC facility remained relatively consistent, and below 15,000. In March 2022, the number of inmates housed in an ADC facility surpassed 15,000 and climbed through July 2022. This trend is demonstrated below.

**FY2022 Monthly Population Averages**

During FY2022, the ADC had a total of 421 available contract beds for individuals to be assigned. Those supplemental beds were at Arkansas Law Enforcement Training Academy (ALET), Arkansas State Police and Act 309. ### Meritorious Good Time Class

### Custody Level

The meritorious good time classification system places inmates in Class I, II, III or IV status. If eligible, Class I earns 30 days good time credit per month. Class II earns 20 days credit per month; Class III earns 10 days credit per month; and Class IV does not earn any good time. All inmates are placed in Class II status when they arrive at ADC. Thereafter, through good behavior and a positive work ethic an inmate may achieve a promotion in class as determined by the Unit Classification Committee. Disciplinary Court decides when class should be reduced due to behavioral problems or disciplinary convictions. The custody level of each inmate to use as a guide in determining suitability for assignment to specific units.

### ASSAULT AND BATTERY ON STAFF

Working in a correctional institution can not only be stressful but also dangerous. In fact, the Bureau of Labor Statistics ranked correctional officers among the highest occupations for injuries and illnesses of all occupations, often resulting from confrontations with inmates. Although perpetrators may be subject to criminal prosecution if found guilty of harming an employee of a correctional facility, violence targeting correctional officers is a persistent problem.

The chart below depicts the number of assault and battery against staff during FY2022. Data reflects assault and battery on ADC staff as well as non-ADC staff, for example contract employees, volunteers, etc. The data demonstrates that assault and battery against staff increased by 1.7% between FY2021 and FY2022.

### INMATE-ON-INMATE ALTERCATIONS

One of the goals of the ADC is to provide safe and secure facilities. However, physical altercations between inmates are one of the most common forms of violence within prisons. Inmate misconduct can create issues for other inmates as well as correctional staff. Both institutional and individual level factors can influence inmate on inmate violence (Davis, 2017). Some potential factors for increased risk of violence among inmates can include gang affiliation, history of violence, length of sentence, age, level of custody, racial composition of inmates and staff, mental health and lack of appropriate coping skills (Davis, 2017; Steiner, 2009). Another common source of inmate altercations can stem from the presence and protection of contraband. Therefore, the following objectives are in place to ensure all facilities will be safe and secure:

- Continue to enhance contraband interdiction efforts at all facilities.
- Mass searches at a facility with ERT and field staff.
- Continue drills with all staff responding to inmate/staff emergencies.
- Continue monthly unit vulnerability assessment program to detect vulnerable areas before incidents occur with copies to the Warden, Deputy Director and Emergency Preparedness Coordinator.
- Improved use of software to detect patterns in incident occurrences to ensure good security practices are being administered throughout ADC facilities.
- Continue to identify and track high-risk inmates and potential victims.

The data reflect that the number of inmate-on-inmate altercations decreased by 11.3% from FY2021 to FY2022.

## DIVISION OF CORRECTION

**COMBATING CONTRABAND IN PRISON****Contraband Cell Phones**

One of the goals of the ADC is to decrease the amount of contraband that enters our facilities. Contraband includes weapons, money, illicit drugs, tobacco, alcohol and cell phones. This is problematic because cell phones can be used to facilitate nefarious behavior among incarcerated individuals. To combat the number of cell phones in our facilities, we rely on walk-through metal detectors, cell phone detection equipment and surveillance cameras. Data reflects that the number of cell phones found and confiscated rose slightly in FY2022.

The chart below depicts the number of cell phones confiscated over the last five fiscal years. In many cases, more than one cell phone is found at a time. For example, 20 to 50 cell phones may be put into a bag and dropped under a tree or stuffed in a ball or other objects. From FY2021 to FY2022, the number of cellphones confiscated in an ADC facility increased by 3.9%.

**Confiscated Cell Phones**

## DIVISION OF CORRECTION

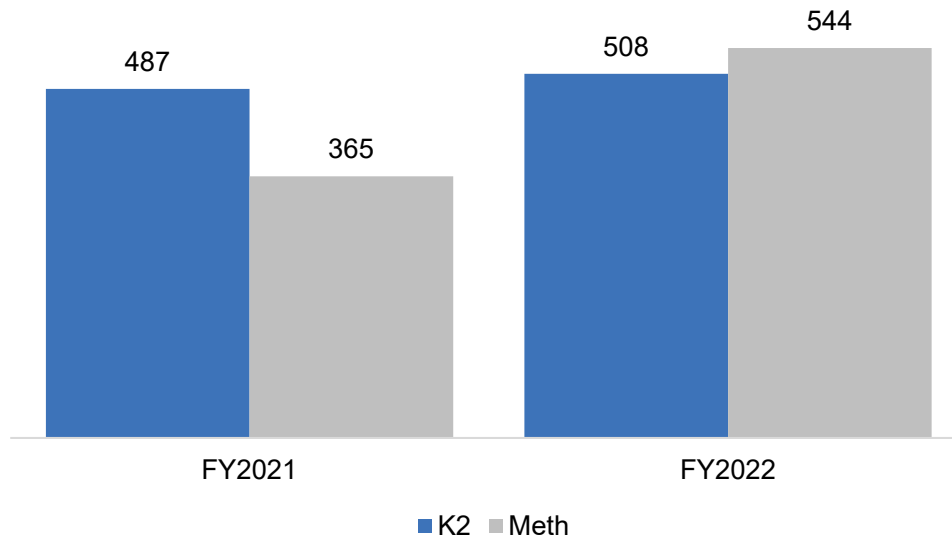

**COMBATING CONTRABAND IN PRISON****Contraband Drugs**

The ADC strives to reduce violence and illegal actions related to the trafficking in, and the chemical effects of alcohol or other drugs, to provide for the safety and order of the institution, to involve inmates in a drug-free lifestyle, to support treatment programs, and to reduce recidivism related to alcohol and drug use.

The Emergency Preparedness staff, K-9 Units and ADC facility staff conduct unannounced drug interdiction operations by searching employees, visitors, inmates, vehicles and ADC properties. Illicit drugs such as Synthetic Marijuana/K-2 and Methamphetamine (meth) in our facilities can impede our ability to maintain a safe and secure environment.

K2, Meth and other related synthetic drugs are highly dangerous and can cause seizures, vomiting, hallucinations, aggression, paranoia, anxiety and panic attacks among users. To combat drug use, we utilize new and evolving technologies such as body scanners and unified approach to distributing mail to our population.

Use and trafficking in drugs will result in progressive punishments and referral for mandatory treatment. In FY2022, there were 508 K2 and 544 Meth related incidents in our facilities. This is a 4.3% increase in K2 and a 49% increase in Meth between FY2021 and FY2022 as illustrated in the chart below.

The Division has a dedicated STTG Coordinator who continually monitors growth, participation, expansion, and documentation of all persons found to be joined or affiliated with any known STTG. The STTG Coordinator also monitors conception, development, branch, set or subset of new or existing STTG's.

The STTG Coordinator also oversees and monitors the Unit STTG efforts within our institutions. During FY2022, 1,538 inmates were received into the ADC with an STTG affiliation. This is a 4.5% increase from FY2021.

## DIVISION OF CORRECTION ACCREDITATION

### AMERICAN CORRECTIONAL ASSOCIATION AUDITS

The American Correctional Association (ACA) audits, conducted by external corrections professionals, are a formal observation and evaluation of facility programs, operations, physical conditions and practices to determine a level of compliance with recognized ACA standards for reaccreditation purposes.

Although the ADC conducts internal audits annually, ACA audits are conducted at each facility every three years. Corrections departments nationwide participate in the ACA accreditation process to standardize industry best practices. The ADC had four facilities that were audited through the ACA in FY2022 and recommended for reaccreditation.

### WORK PROGRAM SNAPSHOT

Research has found that work programs are positive for inmates and the community. The Vision of the ADC is to be an honorable and professional organization through ethical and innovative leadership at all levels, providing cost-efficient, superior correctional services that return productive people to the community.

The unit classification committee makes all work assignments and all inmates sentenced to the ADC are assigned a job if they are medically able to work. Disciplinary are written if an inmate refuses a work assignment.

Most job assignments are based on the inmate's medical class status and the ADC does not pay wages to inmates. Some inmates may have two assignments due to a half-day program or school and a half-day job assignment.

### ARKANSAS CORRECTIONAL INDUSTRIES

The Mission of the Arkansas Correctional Industries (ACI) is to train and educate inmates in marketable skills through various programs, thus enabling them to produce quality goods, products and services. ACI accomplishes this by providing a work setting which replicates private industry.

Participating inmates allow ACI to support the efforts of governmental entities and non-profit organizations by offering these groups quality goods and services at competitive prices. Revenues derived from these efforts permit ACI to expand its ability to train inmates in high-demand fields and offer additional products and services to its customers.

ACI programs support the division's reentry efforts by providing inmates a worthwhile programming option while incarcerated to develop marketable hard and soft skills, thereby positioning themselves for employment upon release.

During FY22, ACI experienced more than \$8 million in sales, which allowed ACI to invest back into the programs, expand products to customers while continuing to develop new training for inmates. ACI continues to provide a quality product at a reasonable price, while training and educating inmates for post release opportunities.

### CONSTRUCTION AND MAINTENANCE

Many ADC construction projects are completed using inmate labor, which provides work and training for inmates and reduces overall departmental construction costs. Projects undertaken in FY2022 included the following.

#### **Northwest Arkansas Work Release (NWAWR)**

A 1,945 square foot building was constructed at NWAWR to house a full laundry and a commissary for utilization by staff and the offender population.

#### **Ouachita River Correctional Unit (ORCU) Dog Kennel**

A 2,880 square foot structure was built to replace the old dog kennel at ORCU, which had been in use since construction of the unit. Consisting of several rooms – including 24 dog pens – the facility has adequate space inside and outside for the housing and training of K9s.

### AGRICULTURE DIVISION

The ADC Agriculture Division is designed to be a self-supporting program which provides cost-efficient food for inmates. The Division's primary goals are to provide work for inmates, cost-effectively produce sufficient food for inmate consumption and maximize revenues from production and the sale of marketable field crops and livestock.

The Agriculture Division provides horses through the equine program and maintains "buffers" of land between many of our facilities and surrounding communities. The ADC depends on the Agriculture Division to reduce the cost of incarceration, provide benefits without direct state funding and provide benefits without competing with private business. The food provided has resulted in savings for Arkansas taxpayers.

### REGIONAL MAINTENANCE

Regional Maintenance crews worked 389,893 hours to assist Arkansas communities in FY2022.

ADC inmate work crews support communities throughout the state with tasks such as filling sandbags when flooding is a threat; cleaning ditches, highways and parks; assisting with debris cleanup following storms; helping in the demolition of buildings, and providing labor for projects requested by schools and organizations, such as sports field maintenance and installation of holiday lighting.

Regional Maintenance crews harvest fresh vegetables grown on ADC farmland that is used for inmate consumption.

#### HEALTH AND CORRECTIONAL PROGRAMS

The Division of Correction Health and Correctional Programs offer inmates a wide range of services and programs to assist them as well as provide them with the necessary education and tools to improve their lives after release. Employees within this area are essential to providing health and behavioral healthcare to an average of 14,775 inmates in our custody during FY2022.

We strive to provide specific treatment and specialized programs to the Division of Correction inmates with opportunities for behavioral change and skill development. As correctional resources are limited and incarceration is costly, it is important to focus resources on inmates with the highest level of need and to ensure completion of correctional programs prior to the inmate's earliest release date.

The Division of Correction offers a variety of programs and classes to inmates while balancing the need for personal accountability with opportunities for inmates to improve their self-worth and become law-abiding citizens.

### RELIGIOUS SERVICES

It is the policy of the Division of Correction to provide incarcerated individuals the greatest amount of freedom and opportunity for pursuing individual religious beliefs and practices as is consistent with the safety of inmates and staff, the good order of the institution and accepted correctional practices.

All religious activities – worship services, meetings, counseling, visiting – must comply with institution schedules and guidelines. At the time of reporting, 83.7% of the inmate population subscribed to one of 38 religious affiliations. The Division of Correction has approximately 25 full-time chaplains plus an administrator of chaplaincy services and numerous volunteers who provide direct services to inmates pursuing individual religious beliefs and practices.
