The Jefferson County Drug Court attended Suicide Prevention Day at the UAPB STEM Building on March 27. Focus was on grief, suicide, co-occurring disorders, and mental health issues in drug court groups.

An Agent with the Pine Bluff Parole and Probation

office participated in Dr. Suess week at a local elementary school. She read to Mrs. Tyson's 2nd grade class.

SEX OFFENDER SERVICES

Mandated Reporter Training is a must have for law enforcement, especially Sex Offender Officers. This training was approved for distribution by Assistant Director Jim Cheek. It was distributed to sex offender officers on March 13.

PAROLE/PROBATION HOME VISITS:

In Area 3, Officers were investigating a transfer request when conducting a home visit which resulted in a new felony arrest for Possession of Drugs and Firearms and Felon in Possession of Firearms; Newport PD assisted. Items seized included 7 pounds of marijuana, firearm, and \$1000 in cash.

Area 8 ISP Agents conducted a home visit at the reported address of a parolee. Upon arrival officers made contact with a probationer and the parolee was not present. In plain sight throughout the apartment were numerous needles, aluminum foil scraps, and on the dining table officers located methamphetamine, a glass pipe, and a digital scale. The scene was turned over to the Little Rock Police Department Narcotics Unit. The parolee was contacted via telephone and later turned himself in to the police department.

Area 8 ISP Agents received credible information on a parole absconder's location. A home visit was conducted and as officers approached the door, the

HOME VISITS, continued:

absconder attempted to close the door to prevent entry. A second male, later identified as another parolee, attempted to flee out of the back door, but was apprehended. A search of the residence was conducted. Officers located methamphetamine, marijuana, a shotgun, and a revolver. The scene was turned over to the Little Rock Police Department Narcotic Unit. Both offenders were transported to the Detective Division.

Area 8, ISP Agents received information that an offender was in possession of an AR style firearm. Contact was made with him at his place of employment, and he was transported to his residence to conduct a search of the apartment. A .40cal magazine and 5.56 ammunition were located in addition to a key to his blue Chevrolet pickup truck. The vehicle was searched, and an AR style rifle was located, loaded with a round in the chamber. It was later found to be stolen. All evidence was turned over to the Little Rock Police Department.

Area 10 ISP Agents, Saline County Deputies, and Bryant PD conducted a home visit of an "absconded probationer" who was apprehended and taken back to his residence due to concerns of him owning a firearm. One firearm was found on the bar in the kitchen (hunting rifle), one firearm was found above the cabinets in the laundry room (Sawed off shotgun), and the last firearm was found in McCollum's bedroom (22). A large baggie of suspected Methamphetamines', smaller baggies of suspected Methamphetamines', and smoking devices suspected of smoking methamphetamines were found.

On March 28, an Area 11 offender failed a drug screening during his routine office visit. The offender tested positive for amphetamines and methamphetamines resulting in the search of his home residence conducted by ISP Agents. Upon searching the residence, a .12-gauge shotgun, ammunition, and a glass pipe with residue were collected. The evidence and the offender were transported to Cleveland County Sheriffs Office for questioning and charges.

This page and the next contain statewide caseload information for ACC. Caseloads are presented separately for regular parole and probation, specialty court, and specialized caseloads. This version is specifically designed for quarterly legislative reporting and differs from the daily caseloads/workloads report.

Beyond the exclusion of workloads calculation, it is important to note that direct supervision in these tables includes regular parole and probation and specialty court (including regular parole and probation offenders carried by specialty court officers) offenders with active (direct), electronic monitoring, or incarceration supervision status, as well as absconders assigned to SRT officers. Offenders on annual supervision are counted as indirect.

Caseloads are presented in distinct officer groupings:

Regular: These are officers carrying normal Probation and Parole caseloads.

Specialty Court: These officers supervise offenders in specialty courts. Note that these officers may also carry regular P/P offenders, and these offenders are reflected in the specialty court caseload/workload figures; however, separate caseload/workload ratios are calculated for the regular and specialty court portions of a specialty court officer's caseload, in addition to a combined, or mixed, ratio.

Specialized: These officers supervise strategically specialized caseloads consisting of offenders requiring heightened supervision protocols (intensive supervision) and parolees who have absconded supervision (Special Response Team).

Indirect: These are offenders for whom their sentence, circumstance, or current status is associated with a reduced supervision obligation for the officers they are assigned to. Generally, these include offenders in non-reporting status, those on suspended sentences (SIS), and interstate compact offenders. Offenders on annual supervision are also included in this group.
