

# DIVISION OF COMMUNITY CORRECTION BOARD REPORT

September 2023

Jerry Bradshaw  
Director

## FROM THE DIRECTOR: COMMUNITY EFFORTS

On her way to work, Agent Tiffany Iwundu saw a 7-year-old boy running down Main Street in North Little Rock. She stopped to check on the child and was able to calm and help him. She, with the assistance of Agent Tremaine Iwundu, got him reunited with his family, who was asleep at home and unaware that the child had left. He had travelled alone down busy streets for more than a half mile without anyone else stopping to help him. They learned that the child has some intellectual disabilities, and they have remained in contact with the family to help them find treatment options for the child that are accessible and within their means. The Agents also learned the child is the cousin of the 15-year-old autistic boy who was the victim of a recent hit-and-run in North Little Rock, which made the family even more grateful for the assistance.

## COMMUNITY SUPERVISION AREA HIGHLIGHTS:

### AREA 3

Searcy police identified two parolees and their family members while conducting a traffic stop August 1. White County DTF and Community Supervision Officers responded to the location where a vehicle search turned up meth and marijuana. One parolee also had \$3,600.00 in cash on him at the scene. All suspects were detained, and a home visit was conducted. Additional illegal drugs and two pistols were found. One person was taken into custody and transported to the White County Detention Center. The other person was identified as a fentanyl dealer

linked to the overdose death of a Kensett man; she was charged with Aggravated Death by Delivery and Delivery of Fentanyl.

On August 23, a parolee was suspected of transporting fentanyl from his home to the Walmart in Cabot. 17th District Drug Task Force, Arkansas State Police, Lonoke County Deputies, Cabot Police Department, and Community Supervision officers conducted a traffic stop in the Walmart parking lot in Cabot. A search of the vehicle uncovered 200-400 fentanyl pills. The person was transported to his home, and a search of the residence was conducted. Officers found approximately 1,500 fentanyl pills in his room. All evidence was collected by DTF. The offender was taken into custody transported to the Lonoke County Detention Center for Trafficking a Controlled Substance and Possession of a Schedule I/II Substance that is not Meth or Cocaine with the Purpose to Deliver.

“Public safety personnel spend a disproportionate amount of time dealing with anger and the chaos it creates. Unmanaged, it is a destructive force of nature that gets people hurt, has destroyed the careers & personal lives of many good people, and has exposed organizations to intense public scrutiny & liability. This presentation will help the participants understand the importance of anger management and increase their awareness about needs to be done to help keep unmanaged anger from destroying the very things they work so hard to achieve.”

<sup>1</sup> Specialty Court Caseloads/Workloads include offenders who are assigned to officers in Specialty Court positions who have Active (Direct), Electronic Monitoring, or Incarcerated supervision statuses.  
<sup>2</sup> Offenders on Indirect or Annual Supervision are not included in caseload counts or ratios. Annual supervision counts include both regular P&P and Specialty Court officers assigned to Specialty Court officers.  
<sup>3</sup> Offenders in risk level columns above are regular P&P offenders who are supervised by officers in Specialty Court positions.

This page and the next contain statewide caseload information for ACC. Caseloads are presented separately for regular parole and probation, specialty court, and specialized caseloads. This version is specifically designed for quarterly legislative reporting and differs from the daily caseloads/workloads report.

Beyond the exclusion of workloads calculation, it is important to note that direct supervision in these tables includes regular parole and probation and specialty court (including regular parole and probation offenders carried by specialty court officers) offenders with active (direct), electronic monitoring, or incarceration supervision status, as well as absconders assigned to SRT officers. Offenders on annual supervision are counted as indirect.

**Caseloads are presented in distinct officer groupings:**

**Regular:** These are officers carrying normal Probation and Parole caseloads.

**Specialty Court:** These officers supervise offenders in specialty courts. Note that these officers September also carry regular P/P offenders, and these offenders are reflected in the specialty court caseload/workload figures; however, separate caseload/workload ratios are calculated for the regular and specialty court portions of a specialty court officer's caseload, in addition to a combined, or mixed, ratio.

**Specialized:** These officers supervise strategically specialized caseloads consisting of offenders requiring heightened supervision protocols (intensive supervision) and parolees who have absconded supervision (Special Response Team).

**Indirect:** These are offenders for whom their sentence, circumstance, or current status is associated with a reduced supervision obligation for the officers they are assigned to. Generally, these include offenders in non-reporting status, those on suspended sentences (SIS), and interstate compact offenders. Offenders on annual supervision are also included in this group.
